Julian By Gore Vidal:

Julian Gore Vidal, 2003-08-12 The remarkable bestseller about the fourth century Roman emperor who famously tried to halt the spread of Christianity Julian is widely regarded as one of Gore Vidal's finest historical novels Julian the Apostate nephew of Constantine the Great was one of the brightest yet briefest lights in the history of the Roman Empire A military genius on the level of Julius Caesar and Alexander the Great a graceful and persuasive essayist and a philosopher devoted to worshipping the gods of Hellenism he became embroiled in a fierce intellectual war with Christianity that provoked his murder at the age of thirty two only four years into his brilliantly humane and compassionate reign A marvelously imaginative and insightful novel of classical antiquity Julian captures the religious and political ferment of a desperate age and restores with blazing wit and vigor the legacy of an impassioned ruler

Julian Gore Vidal, 2025-10-02 The remarkable bestseller about the fourth century Roman emperor who famously tried to halt the spread of Christianity Julian is widely regarded as one of Gore Vidal's finest historical novels Julian the Apostate nephew of Constantine the Great was one of the brightest yet briefest lights in the history of the Roman Empire A military genius on the level of Julius Caesar and Alexander the Great a graceful and persuasive essayist and a philosopher devoted to worshipping the gods of Hellenism he became embroiled in a fierce intellectual war with Christianity that provoked his murder at the age of thirty two only four years into his brilliantly humane and compassionate reign A marvelously imaginative and insightful novel of classical antiquity Julian captures the religious and political ferment of a desperate age and restores with blazing wit and vigor the legacy of an impassioned ruler Gore Vidal a writer of lustrous and fabulously readable prose was always ahead of his time so it is wonderful to see some of his finest works being republished for an audience who will be ready to re-discover his daring his insight and his wickedly waspish wit

STEPHEN FRY Julian Gore Vidal, 1992 Gore Vidal and Antiquity Quentin Broughall, 2022-08-01 This book examines Gore Vidal's lifelong engagement with the ancient world Incorporating material from his novels essays screenplays and plays it argues that his interaction with antiquity was central to the way in which he viewed himself his writing and his world Divided between the three primary subjects of his writing sex politics and religion this book traces the lengthy dialogue between Vidal and antiquity over the course of his sixty year career Broughall analyses Vidal's portrayals of the ancient past in novels such as *Julian* 1964 *Creation* 1981 and *Live from Golgotha* 1992 He also shows how classical literature inspired Vidal's other fiction such as *The City and the Pillar* 1948 *Myra Breckinridge* 1968 and his *Narratives of Empire* 1967 2000 novels *Beyond his fiction* Broughall examines the ways in which antiquity influenced Vidal's careers as a playwright an essayist and a satirist and evaluates the influence of classical authors and their works upon him Of interest to students and scholars in classical studies reception studies American politics and literature and the work of Gore Vidal this volume presents an original perspective on one of the most provocative writers and intellectuals in post-war American letters It offers new insights into Vidal's attitudes influences and beliefs and throws fresh light upon his patrician

self fashioning and his mercurial output **Ammianus' Julian** Alan James Ross, 2016 Ammianus Marcellinus Res Gestae holds a prominent position in modern studies of the emperor Julian as the fullest extant narrative of the reign of the last pagan emperor Ammianus Julian Narrative and Genre in the Res Gestae offers a major reinterpretation of the work which is one of the main narrative sources for the political history of the later Roman Empire and argues for a re examination of Ammianus agenda and methods in narrating the reign of Julian Building on recent developments in the application of literary approaches and critical theories to historical texts Ammianus presentation of Julian is evaluated by considering the Res Gestae within three interrelated contexts as a work of Latin historiography which consciously sets itself within a classical and classicizing generic tradition in a more immediate literary and political context as the final contribution by a member of an eyewitness generation to a quarter century of intense debate over Julian s legacy by several authors who had lived through his reign and had been in varying degrees of proximity to Julian himself and as a narrative text in which narratorial authority is closely associated with the persona of the narrator both as an external narrating agent and an occasional participant in the events he relates This is complemented by a literary survey and a re analysis of Ammianus depiction of several key moments in Julian s reign such as his appointment as Caesar the battle of Strasbourg in 357 AD his acclamation as Augustus and the disastrous invasion of Persia in 363 AD It suggests that the Res Gestae presents a Latin speaking western audience with an idiosyncratic and Romanized depiction of the philhellene emperor and that consciously exploiting his position as a Greek writing in Latin and as a contemporary of Julian Ammianus wished his work to be considered a culminating and definitive account of the man and his life A Companion to Julian the Apostate , 2020-01-20 Few Roman emperors enjoy such fame as Flavius Claudius Iulianus although he was sole ruler of the Roman Empire for only eighteen months 361 363 Since his early death he has been known as Julian the Apostate the nephew of Constantine the Great who in vain tried to reverse the transformation of the Imperium Romanum into a Christian Empire This companion synthesizes research on Julian conducted in many languages over the last decades and develops new perspectives The authors scrutinize the voluminous and variegated sources for Julian s life and rule and reflect on the perceptions of modern research Since Julian is the subject of scholarly discussion in various fields this companion offers an interdisciplinary dialogue in which experts from many countries participate Contributors are Bruno Bleckmann Scott Bradbury Peter Heather Arnaldo Marcone Neil McLynn Heinz G nther Nesselrath Stefan Rebenich Christoph Riedweg Sebastian Schmidt Hofner Peter van Nuffelen Konrad V ssing Hans Ulrich Wiemer *Julian (Routledge Revivals)* Polymnia Athanassiadi, 2014-04-08 Julian An Intellectual Biography first published in 1981 presents a penetrating and scholarly analysis of Julian s intellectual development against the background of philosophy and religion in the late Roman Empire Professor Polymnia Athanassiadi tells the story of Julian s transformation from a reclusive and scholarly adolescent into a capable general and an audacious social reformer However his character was fraught with a great many contradictions tensions and inconsistencies he could be sensitive and intelligent but also

uncontrollably spontaneous and subject to alternating fits of considerable self pity and self delusion Athanassiadi traces the Emperor Julian's responses to personal and public challenges and dwells on the conflicts that each weighty choice imposed on him This analysis of Julian's character and of all the issues that confronted him as an emperor intellectual and mystic is based largely on contemporary evidence with particular emphasis on the extensive writings of the man himself **Society and the Holy in Late Antiquity** Peter Brown,1989-10-25 With the blend of art and learning that is the hallmark of his work Peter Brown here examines how the sacred impinged upon the profane during the first Christian millennium **Julian** Gore Vidal,2018-08-22 Julian the Apostate was the nephew of Emperor Constantine the Great Julian ascended to the throne in A D 361 at the age of twenty nine and was murdered four years later after an unsuccessful attempt to rebuke Christianity and restore the worship of the old gods Now this historical tapestry is brought to vibrant life by the dazzling talent of Gore Vidal

Julian Augustus Jeremy Swist,Visiting Assistant Professor of Classics Jeremy Swist,2025-09-26 This book argues that Julian's self construction in his writings embraces the identities of a statesman and soldier more than of a philosopher of a Roman more than a Greek and of a mere human rather than a semi divine being **Gore Vidal** Fred Kaplan,2012-11-05 Novelist culture critic essayist historian comic satirist image maker actor homosexual bisexual controversial confrontational finding words to describe Gore Vidal is never difficult And yet an accurate picture of this multifaceted chameleon has eluded us until now This book provides a biography of a literary icon JULIAN. A NOVEL BY GORE VIDAL. Gore Vidal,1965

Gore Vidal S. T. Joshi,2007 This comprehensive bibliography of Gore Vidal charts his career and covers the span of his sixty years of writing from his first novel Williwaw to his 2006 memoir Point to Point Navigation *Gore Vidal* Robert F. Kiernan,1982 A critical survey of Vidal's work treating all of the novels the short stories and plays as well Vidal's greatness says the author lies in his talent for the small scale for the anecdote the scene the sentence all created to the counterpoint of the risque and the elegant A revealing biographical sketch is followed by an analysis of the Vidalian style and then by an overall reassessment of the early successes and the later works *Sexual Harassment, the Abuse of Power and the Crisis of Leadership* James K. Beggan,2019 Within these pages James K Beggan puts forward a novel approach to understanding sexual harassment by high value superstars in the workplace The approach integrates ideas derived from evolutionary theory utility theory sexual scripting theory and research on the regulation of emotion Besides providing a better understanding of the phenomenon the book aims to contribute to the development of better techniques to prevent sexual harassment **Gore Vidal** Susan C. Baker,Curtis S. Gibson,1997-02-25 Baker and Gibson show that while Vidal's novels are tremendously entertaining they are also serious examinations of a recurring theme the decline of the West in general and the decline of the United States in particular *Sosipatra of Pergamum* Heidi Marx-Wolf,2021 The story of Sosipatra of Pergamum 4th century C E as told by her biographer Eunapius of Sardis in his Lives of the Philosophers and Sophists is a remarkable tale It is the story of an elite young girl from the area of Ephesus who was educated by traveling oracles daemons and who grew up

to lead her own philosophy school on the west coast of Asia Minor She was also a prophet of sorts channeling divine messages to her students family and friends and foretelling the future Sosipatra of Pergamum is the first sustained book length attempt to tell the story of this mysterious woman It presents a rich contextualization of the brief and highly fictionalized portrait provided by Eunapius In doing so the book explores the cultural and political landscape of late ancient Asia Minor especially the areas around Ephesus Pergamum Sardis and Smyrna It also discusses moments in Sosipatra s life for what they reveal more generally about women s lives in Late Antiquity in the areas of childhood education family household motherhood widowhood and professional life Her career sheds light on late Roman Platonism its engagement with religion ritual and magic and the role of women in this movement By thoroughly examining the ancient evidence Heidi Marx recovers a hidden yet important figure from the rich intellectual traditions of the Roman Near East Gore Vidal Ray Lewis White,1968 A critical discussion of the author his work and beliefs **LIFE** ,1964-06-12 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use **To the Third Empire** Brian Johnston,1980-05-22 To the Third Empire was first published in 1980 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Critical acclaim greeted Brian Johnston s 1975 book on Ibsen s final phase The Ibsen Cycle Choice called it the single most provocative and critically exciting books of Ibsen criticism in decades Johnston now turns his attention to the early works using the same thematic premise that the plays follow a clear progression influenced by the Hegalian aesthetic that pervaded Europe in the mid nineteenth century The result is an explanation of the early career that demonstrates both its unity and its essential relation to the realistic cycle that followed In advancing his argument Johnston provides close readings of ten plays ranging from Cataline to Emperor and Galilean and including Brand and Peer Gynt Scholars and students of drama comparative literature and Ibsen studies will find To the Third Empire an essential work
