Justine The Alexandria Quartet 1 By Lawrence Durrell:

Re-reading The Alexandria Quartet of Lawrence Durrell (Durrell Studies 8) Richard Pine, 2023-08-25 Lawrence Durrell's The Alexandria Quartet is regarded as the central work in his fiction. It has provoked critical commentary ever since the appearance of its individual volumes: Justine (1957), Balthazar (1958), Mountolive (1959), and Clea (1959), and the publication in a one-volume edition in 1962. Scores of Master's and PhD dissertations have been written since the 1960s on this most compelling and provocative novel. Today The Alexandria Quartet stimulates critical discussion in works addressing the city Durrell's representation of Alexandria, the theory of relativity, the role of memory, the recurring feature of the doppelgänger and the presence of the Gothic uncanny, his frequent references to D.H. Lawrence, his treatment of women characters, his interest in Gnosticism, and his own description of the Quartet as a strange mixture of sex and the secret service. This volume of essays addresses all these themes and brings together the mature work of four scholars on this central work of Durrell's fiction together with two essays on its sequels *Tunc Nunquam* (1968-70) and *The Avignon Quintet* (1974-85). Justine Lawrence Durrell, *Lawrence Durrell's Major Novels, Or, The Kingdom of the Imagination* Donald P. Kaczvinsky, 1997 Through his use of Gnostic beliefs Durrell destabilizes our notions of the real and suggests that the civilization to emerge out of the ruins of a devastated Europe will not be Christian but Quincunxial. Durrell's aesthetic and thematic concerns establish him as a significant indeed central voice in twentieth-century British literature. His career, which spans over five decades, links the British High Modernists with the Postmodernists. Justine Lawrence Durrell, 2008 Justine, first published in 1957, is the first volume in Lawrence Durrell's Alexandria Quartet. Justine is one of four interlocking novels which each tell various aspects of a complex story of passion and deception from various points of view. The quartet is set in the Egyptian city of Alexandria of the 1930s and 1940s, and the city itself becomes as much of a complex character as the human protagonists. *Lawrence Durrell and the Greek World* Anna Lillios, 2004-02 Novelist Lawrence Durrell's fondness for his adopted homeland of Greece led him to declare himself a Greek and profoundly influenced his work. Attempting to capture the scope of the Greek world's relationship with Durrell's life and work, Lillios' English University of Central Florida presents 22 papers that approach the topic from a range of perspectives. After a number of reminiscences of Durrell by family and friends, a set of essays are organized by place, examining Durrell's relationship with Corfu, Alexandria, Rhodes, and Cyprus. The remaining essays are grouped according to theme, discussing such issues as the influence of myth and other Greek inspirations on Durrell's novels, poems, and other work. Rony Alfandary explores Durrell's attempt

to recreate a sense of belonging to a homeland which perhaps never existed but can be retraced and reinvented through writing This book studies some issues present in Durrell's work the connection between biographical and fictional elements in the study of literature the influence of early Freudian theoretical themes upon the writer later influences including post modern and hermeneutic theories The life and work of Lawrence Durrell can serve as a prototype of a man's quest for meaning in a world caught in turmoil in the period between and during WW2 The author's psychoanalytic exploration of the work and its relevance to human experience today shows how the themes Durrell dealt with remain relevant Alfandary highlights the ways in which his usage of several author narrative styles exemplifies the divergent and often contradictory nature of Truth emerging rather as multi layered multi voiced and often torn sense of human subjectivity A Psychoanalytic Study of Lawrence Durrell's The Alexandria Quartet Exile and Return demonstrates Durrell's strong influence by psychoanalytic thought and will appeal to both psychoanalytic and literary scholars **The Heraldic World of Lawrence**

Alexandria Michael Haag, 2004-01-01 This book is a literary, social and political portrait of Alexandria at a high point of its history. Drawing on diaries, letters and interviews, Michael Haag recovers the lost life of the city, its cosmopolitan inhabitants and its literary characters. Located on the coast of Africa yet rich in historical associations with Western civilization, Alexandria was home to an exotic variety of people whose cosmopolitan families had long been rooted in the commerce and the culture of the entire Mediterranean world. Alexandria famously excited the imaginations of writers and Haag folds intimate accounts of E. M. Forster, Greek poet Constantine Cavafy and Lawrence Durrell into the story of its inhabitants. He recounts the city's experience of the two world wars and explores the communities that gave Alexandria its unique flavor: the Greek, the Italian and the Jewish. The book deftly harnesses the sexual and emotional charge of cosmopolitan life in this extraordinary city and highlights the social and political changes over the decades that finally led to Nasser's Egypt.

Criticism and Public Rationality Harry W. Smart, 2013-12-19 Criticism is at the heart of any political discussion and criticism of old policies is central to the development of new ones. In its analysis of political decision making, this reissue first published in 1991 examines the principles which control the process of policy criticism. It identifies two fundamental and related obstacles to this process: the privileged status accorded to professional judgement and the conflicting philosophical ideas that shape political argument. Based on the study of Europe's largest local authority, the book presents a theory of decision making that can be applied to institutions at all levels.

"Just a thought..." -e.: Manna for the Mind Ed Cook, 2011-07 This thought-provoking book offers short readings on a wide variety of topics prompted by Dr. Ed Cook's engagement with culture and the Christian faith. In the age of sound bites and instant gratification, we sometimes forget that elements of our life deserve more consideration than can be expressed in tweets, posts and Facebook status updates. The chapters are short; the writing is pithy, and the pages will prompt readers to develop and contemplate their own questions regarding this brave new world in which we find ourselves at the start of the twenty-first century. Just as in life, the joy is often in the journey rather than the destination. The richness of this reading experience may often be found in the questions contemplated rather than in answers discovered. So read, enjoy and think a bit. You may not agree with everything presented, but remember no offense is intended.
