Serrano, 2019-05-15 This work traces how Gothic imagination from the literature and culture of eighteenth and nineteenth century Europe and twentieth century US and European film has impacted Latin

American literature and film culture Serrano argues that the Gothic has provided Latin American authors with a way to critique a number of issues including colonization authoritarianism feudalism and patriarchy The book includes a literary history of the European Gothic to demonstrate how Latin American authors have incorporated its characteristics but also how they have broken away or inverted some elements such as traditional plot lines to suit their work and address a unique set of issues The book examines both the modernistas of the nineteenth century and the avant garde writers of the twentieth century including Huidobro Bombal Rulfo Roa Bastos and Fuentes Looking at the Gothic in Latin American literature and film this book is a groundbreaking study that brings a fresh perspective to Latin American creative culture *Ortografía y Redacción Para Secretarias* Ana María Maqueo, 1988

**Studies in the Contemporary Spanish-American Short Story** David William Foster,1979 This work deals with selected Latin American writers of short stories and in the case of each author with only one or a limited number of texts No attempt has been made to write a history of the contemporary short story in Latin America or even to deal with a canon of representative authors Each of the texts studied has been chosen because it is indicative of a facet of the short story that parallels the so called Latin American new novel
