Lakotas recovering from alcohol and drug addiction This study is the first in depth look at the history and significance of the Lakota sweat lodge Bringing together data culled from historical sources and fieldwork on Pine Ridge Reservation Raymond A Bucko provides a detailed discussion of continuity and changes in the sweat ritual over time He offers convincing explanations for the longevity of the ceremony and its continuing popularity The Philosophy of Spirituality Heather Salazar, Roderick Nicholls, 2018-11-05 The essays in The Philosophy of Spirituality explore a new field in philosophy Until recently most philosophers in the analytic and continental Western traditions treated spirituality as a religious concept Any non religious spirituality tended to be neglected or dismissed as irremediably vague Here from various philosophical and cultural perspectives it is addressed as a subject of independent interest This is a philosophical response to increasing numbers of spiritual but not religious people inhabiting secular societies and the heightened interaction between a multitude of spiritual traditions in a globalized age A provocative array of approaches African Indigenous Indian Stoic and Sufic perspectives as well as Western analytic and continental views offer fresh insights many articulated by emerging voices Contributors are Mariapaola Bergomi Moses Biney Christopher Braddock Drew Chastain Kerem Eksen Nikolay Milkov Roderick Nicholls Jerry Piven Heather Salazar Eric Steinhart Richard White Mark Wynn and Eric Yang Race, Ethnicity, Gender, and Class Joseph F. Healey, 2011-11-04 Joseph F Healey's Race Ethnicity Gender and Class Sixth Edition builds upon the bestselling status of the prior editions praised for the author's writing style and the various effective pedagogical features that ensure students engage with core concepts in a meaningful way With many updates and revisions this edition once again uses sociological theory to tell the story of race and other socially constructed inequalities in the United States with consistency and clarity Chapter ending current debates based on the writings of prominent scholars spark classroom discussion on important issues and first person accounts Narrative Portraits are threaded throughout the text to bring life to a variety of topics *The Beauty of the Primitive* Andrei A. Znamenski, 2007-07-16 For the past forty years shamanism has drawn increasing attention among the general public and academics There is an enormous literature on shamanism but no one has tried to understand why and how Western intellectual and popular culture became so fascinated with the topic Behind fictional and non fictional works on shamanism Andrei A Znamenski uncovers an exciting story that mirrors changing Western attitudes toward the primitive *The Beauty of the Primitive* explores how shamanism an obscure word introduced by the eighteenth century German explorers of Siberia entered Western humanities and social sciences and has now become a powerful idiom used by nature and pagan communities to situate their spiritual quests and anti modernity sentiments The major characters of *The Beauty of the Primitive* are past and present Western scholars writers explorers and spiritual seekers with a variety of views on shamanism Moving from Enlightenment and Romantic writers and Russian exile ethnographers to the anthropology of Franz Boas to Mircea Eliade and Carlos Castaneda Znamenski details how the shamanism idiom was gradually transplanted from Siberia to the Native American scene and beyond He also looks into the circumstances that

prompted scholars and writers at first to marginalize shamanism as a mental disorder and then to recast it as high spiritual wisdom in the 1960s and the 1970s Linking the growing interest in shamanism to the rise of anti modernism in Western culture and intellectual life Znamenski examines the role that anthropology psychology environmentalism and Native Americana have played in the emergence of neo shamanism He discusses the sources that inspire Western neo shamans and seeks to explain why lately many of these spiritual seekers have increasingly moved away from non Western tradition to European folklore A work of intellectual discovery *The Beauty of the Primitive* shows how scholars writers and spiritual seekers shape their writings and experiences to suit contemporary cultural ideological and spiritual needs With its interdisciplinary approach and engaging style it promises to be the definitive account of this neglected strand of intellectual history ***Lame Deer, Seeker of Visions*** Lame Deer, Richard Erdoes, 1972 ***Native Heritage*** Arlene B. Hirschfelder, 1995 Arguably the most eloquent powerful portrayal of Native Americans are written or narrated by Natives themselves In *Native Heritage* authentic accounts of Natives voices are brought together some for the first time for readers who want an informed authentic perspective about Native Americans This work is significant because until recent times the literature has been largely devoid of firsthand perspectives The need for accurate authentic materials on native Americans has never been greater ***Smoothing the Ground*** Brian Swann, 1983 A compilation of essays and translations in which leading scholars in the fields of linguistics folklore ethno poetics and literary criticism discuss the continuing American Indian oral tradition as literature Native Americans invested the spoken word with reverence and power and the oral literature that resulted from the fusing of language and event into vital force is extraordinarily rich and potent Authors such as Dell Hymes Karl Kroeber Dennis Tedlock Jarold Ramsey and John Bierhorst address the many aspects of the study of this literature from the problem of translation and of the role of the literary critic to the interpretation of specific stories ISBN 0 520 04902 0 12 95

Worlds of Difference Eleanor Palo Stoller, Rose Campbell Gibson, 2000 This collection of readings presents a variety of perspectives on ageing from different communities across the United States Native American Puerto Rican African American the elderly homeless white working class gay and Mexican amongst many others The readings cover topics such as life course social and psychological contexts of ageing paid and unpaid activity the American family and health ***Making Nature Sacred*** John Gatta, 2004-10-14 Since colonial times the sense of encountering an unseen transcendental Presence within the natural world has been a characteristic motif in American literature and culture American writers have repeatedly perceived in nature something beyond itself and beyond themselves In this book John Gatta argues that the religious import of American environmental literature has yet to be fully recognized or understood Whatever their theology American writers have perennially construed the nonhuman world to be a source in Rachel Carson's words of something that takes us out of ourselves *Making Nature Sacred* explores how the quest for natural revelation has been pursued through successive phases of American literary and intellectual history And it shows how the imaginative challenge of reading landscapes has been

influenced by biblical hermeneutics Though focused on adaptations of Judeo Christian religious traditions it also samples Native American African American and Buddhist forms of ecospirituality It begins with Colonial New England writers such as Anne Bradstreet and Jonathan Edwards re examines pivotal figures such as Henry Thoreau and John Muir and takes account of writings by Mary Austin Rachel Carson and many others along the way The book concludes with an assessment of the spiritual renaissance underway in current environmental writing as represented by five noteworthy poets and by authors such as Wendell Berry Annie Dillard Marilynne Robinson Peter Matthiessen and Barry Lopez This engaging study should appeal not only to students of literature but also to those interested in ethics and environmental studies religious studies and American cultural history
