Imitation and Desire: Reading Milan Kundera with Rene Girard Trevor Cribben Merrill, 2013-03-14 Trevor Cribben Merrill offers a bold reassessment of Milan Kundera's place in the contemporary canon Harold Bloom and others have dismissed the Franco-Czech author as a maker of period pieces that lost currency once the Berlin Wall fell Merrill refutes this

view revealing a previously unexplored dimension of Kundera's fiction Building on theorist Ren Girard's notion of triangular desire he shows that modern classics such as *The Unbearable Lightness of Being* and *The Book of Laughter and Forgetting* display a counterintuitive and bitterly funny understanding of human attraction Most works of fiction and most movies too depict passionate feelings as deeply authentic and spontaneous Kundera's novels and short stories overturn this romantic dogma A pounding heart and sweaty palms could mean that we have found the One at last or they could attest to the influence of a model whose desires we are unconsciously borrowing our amorous predilections may owe less to personal taste or physical chemistry than they do to imitative desire At once a comprehensive survey of Kundera's novels and a witty introduction to Girard's mimetic theory *The Book of Imitation and Desire* challenges our assumptions about human motive and renews our understanding of a major contemporary author

Postmodern Fiction in Europe and the Americas

,2024-09-02 **The Challenge of Keats** ,2016-09-27 Two centuries after his birth in October 1795 John Keats occupies a secure place in the canon of great literature of the western world But for much of the nineteenth century and even during periods of the twentieth century his right to such a position was not so firmly established On the bicentenary of Keats's birth various Italian scholars along with specialists from English speaking countries decided to take advantage of the occasion not only to render homage to a poet whose greatness now seems unchallenged but also to accept his continuing challenge to his readers The contributors to this volume re-examine some of the harshest criticisms of Keats from Byron onwards and some of the unconditional exaltations of the poet in order to discover possible sites between the two for new critical impulses and fertile re-evaluations of his achievement Under five headings Romantic Truth Textual Readings History and Myth Keats and Other Poets and Painting and Music the essays in this book appraise the historical cultural contexts that nurtured Keats's creativity discuss the influences and interrelationships among Keats and other poets and consider Keats's artistry as revealed in the analyses of particular texts *Immortality* Milan Kundera,2020-11-09 The New York Times bestseller by the author of legendary cult classic *The Unbearable Lightness of Being* Like all great writers Kundera leaves indelible marks on his readers' imaginations Salman Rushdie From a playful gesture between an old woman in a swimming pool and a youthful lifeguard springs the heroine of a novel Agn's In the course of her daily life Saturday chores saunas lunch in the hectic Paris streets memories arise of her dead father an unexpected widower Their conversations flood back and Agn's realises that her secret inheritance was his way of granting her freedom As s he mentally revisits her childhood from formative loves to her intense relationship with her sister her past casts light on her present her marriage daughter and eventual death Exploring identity and existence eroticism and modernity with cameos from Goethe Dali Hemingway and beyond *Immortality* illuminates the nature of selfhood with inimitable wit grace and intellectual nimbleness A serial feast a banquet for the brain Observer A joy to read Wise rueful whimsically philosophical Kundera teases the reader with provocations and paradoxes Evening Standard **Milan Kundera's Fiction** Karen von Kunes,2019-05-20 In Milan Kundera's Fiction A Critical

Approach to Existential Betrayals Karen von Kunes traces Kundera's literary aspirations to a single episode in Czechoslovakia in the Stalinist era. This moment attracted international attention when a 1950 police report was released in 2008. Reporters rushed to judgment accusing Kundera of denouncing Miroslav Dvořák to the police, resulting in Dvořák's immediate arrest and sentencing to hard labor. von Kunes debunks this shocking charge in a systematic way and argues that Kundera reported a suitcase, not a man. She ties Kundera's dominant themes of sex betrayal and political denouncement to the suitcase, a fatal instrument that can lead to paradoxes and unforeseen and catastrophic coincidences for his characters. **The Conscience of Humankind**, 2021-11-22. The traumatic experiences of persecution and genocide have changed traditional views of literature. The discussion of historical truth versus aesthetic autonomy takes an unexpected turn when confronted with the experiences of the victims of the Holocaust, the Gulag Archipelago, the Cultural Revolution, Apartheid, and other crimes against humanity. The question is whether and if so to what extent literary imagination may depart from historical truth. In general, the first reactions to traumatic historical experiences are autobiographical statements written by witnesses of the events. However, the second and third generations, the sons and daughters of the victims as well as of the victimizers, tend to free themselves from this generic restriction and claim their own way of remembering the history of their parents and grandparents. They explore their own limits of representation and feel free to use a variety of genres; they turn to either realist or postmodernist, ironic or grotesque modes of writing. **Milan Kundera** Harold Bloom, 2009. Presents a collection of critical essays about the work of Milan Kundera. **The King's English Pb** Betsy Burton, 2006-08-09. Betsy Burton, one of the owners of The King's English Bookshop in Salt Lake City, Utah, shares anecdotes from throughout the history of the store, discussing employees, author visits, and the joys and challenges of running an independent bookstore, and including reading lists in a range of subject areas. *Postmodern Studies*, 1988. **The Cambridge Companion to European Novelists** Michael Bell, 2012-06-14. A lively and comprehensive account of the whole tradition of European fiction for students and teachers of comparative literature. This volume covers twenty-five of the most significant and influential novelists in Europe, from Cervantes to Kundera. Each essay examines an author's use of and contributions to the genre and also engages an important aspect of the form, such as its relation to romance or one of its sub-genres, such as the Bildungsroman. Larger theoretical questions are introduced through specific readings of exemplary novels. Taking a broad historical and geographic view, the essays keep in mind the role the novel itself has played in the development of European national identities and in cultural history over the last four centuries. While conveying essential introductory information for new readers, these authoritative essays reflect up-to-date scholarship and also review and sometimes challenge conventional accounts.

Poetics of Critique Andrew W. Hass, 2018-05-08. Title first published in 2003. *Poetics of Critique* breaks new ground in its pursuit of a formal and critical language of interdisciplinarity. The founding disciplines within the humanities— theology, philosophy, and literature—are brought together here in a shared space, but one that reconstitutes the very nature of each and

any discipline Readings alternate between discursive analysis and imaginative revisioning texts alternate between those of the critical thinker Kant Nietzsche Gadamer and those of the novelist the poet and the playwright Bulgakov Goethe Kundera Sophocles In this movement between traditions a fusion at once organic and dynamic takes place theologian philosopher and artist become one and a pure interdisciplinarity begins to emerge into view Andrew Hass draws us into a new critical poetic sensibility by which we may explore the ultimate questions of human existence and divine reality with new vigor and sustain or indeed revitalize our deep passion for the fundamental question of truth

Myth in the Modern Novel

Liisa Steinby, 2023-03-20 Myth in the Modern Novel Imagining the Absolute posits a twofold thesis First although Modernity is regarded as an era dominated by science and rational

thought it has in fact not relinquished the hold of myth a more primitive form of thought which is difficult to reconcile with modern rationality Second some of the most important statements as to the reconcilability of myth and Modernity are found in the work of certain prominent novelists This book offers a close examination of the work of eleven writers from the late eighteenth century to the beginning of the twenty first representing German French American Czech and Swedish literature The analyses of individual novels reveal a variety of intriguing views of myth in Modernity and offer an insight into the modernizing transformations myth has undergone when applied in the modern novel The study shows the presence of the subconscious the mythic layer in modern western culture and how this has been dealt with in novelistic literature **Lyric**

Poetry and Modern Politics Clare Cavanagh, 2009-01-01 This work explores the intersection of poetry national life and national identity in Poland and Russia from 1917 to the present It also provides a comparative study of modern poetry from the perspective of the Eastern and Western sides of the Iron Curtain
