Parravano, Roger Sutton, 2012-10-09 Two of the most trusted reviewers in the field join with top authors, illustrators, and critics in a definitive guide to choosing books for children and nurturing their love of reading. *A FAMILY OF READERS* is the definitive resource for parents interested in enriching the reading lives of their children. It is divided into four sections: 1. Reading to Them: Choosing and sharing board books and picture books with babies and very young children. 2. Reading with Them: Launching the new reader with easy readers and chapter books. 3. Reading on Their Own: Exploring what children read and how they read by genre and gender. 4. Leaving Them Alone: Respecting the reading privacy of the young adult. Roger Sutton knows how and why children read. He must, as the editor in chief of *THE HORN BOOK*, which since 1924 has been America's best source for reviews of books for young readers. But for many parents, selecting books for their children can make them feel lost. Now in this essential resource, Roger Sutton and Martha V. Parravano, executive editor at the magazine, offer thoughtful essays that consider how books are read to and then by young people. They invite such leading authors and artists as Maurice Sendak, Katherine Paterson, Margaret Mahy, and Jon Scieszka, as well as a selection of top critics, to add their voices about the genres they know best. The result is an indispensable readers' companion to everything from wordless board books to the most complex and daring young adult novels. The Common Core in Action Deborah J. Jesseman, 2015-06-19 This book addresses Common Core State Standard curriculum resources to assist the school librarian in collaborating with classroom teachers. Librarians are being asked to understand the Common Core State Standards (CCSS) and their implications to programming and instruction as well as to collection development.

planning Using lesson plans originally published in School Library Monthly this title builds upon them adding many additional plans that address CCSS issues The plans will help you implement the standards and can also be used as stepping stones to facilitate planning conversations and collaboration with teachers to co teach lessons correlated with the standards The book begins with an overview of the CCSS what they are how are they different from the content standards and what the implications are for schools where the state has adopted them including what the CCSS mean for collection development It then goes on to explore the opportunities the CCSS present for the school librarian looking at how you can become a leader in employing the process The majority of the book is devoted to reproducible lesson plans organized by curricular area or topic and grade level for ease of use

Twain, Alcott, and the Birth of the Adolescent Reform Novel Roberta S. Trites, 2009-11 Trites argues that Twain and Alcott wrote on similar topics because they were so deeply affected by the Civil War by cataclysmic emotional and financial losses in their families by their cultural immersion in the tenets of Protestant philosophy and by sexual tensions that may have stimulated their interest in writing for adolescents Trites demonstrates how the authors participated in a cultural dynamic that marked the changing nature of adolescence in America provoking a literary sentiment that continues to inform young adult literature Both intuited that the transitory nature of adolescence makes it ripe for

expression about human potential for change and reform
