Mara And Dann Mara And Dann 1 By Doris Lessing:

The Novel in Transition: Space, Identity, and the Politics of Transformation Selin Şencan, Barış Ağır, Gözde Pınar Bilginer, Mehmet Kerim Balkan, Sinem Çapar İleri, Yöntem Kılış, Selenay Sıla Saldır, Berivan Ayık, 2025-03-19 In contemporary fiction shifting identities contested spaces and sociopolitical ruptures are central concerns reflecting the broader crises of migration ecological displacement posthumanism and gendered spatial politics The Novel in Transition examines these intersections of space identity and power offering critical insights into how novels engage with the changing landscapes of selfhood and spatiality Building on theoretical approaches in geocriticism feminist theory and postcolonial studies this volume explores how fiction constructs and deconstructs subjectivities within fluid geographies It traces the evolving narratives of transformation that define contemporary literature from nomadic resistance in dystopian landscapes to the contested terrains of diaspora and belonging By engaging with these pressing issues this book positions fiction as both a theoretical framework and a mode of empirical analysis illustrating its role in shaping new imaginaries of identity and space in an era of unprecedented global change *The Story of General Dann and Mara's Daughter, Griot and the Snow Dog* Doris Lessing, 2012-11-01 A fascinating novel of love and ecology from the winner of the Nobel Prize for Literature **Virtue Revisited in the Novels of Doris Lessing** Seda ARIKAN, 2024-09-06 The ethical approaches to literature have come into prominence in the twentieth century calling for a turn to ethics in the studies of humanities in general and literary studies in particular By leading the ethical turn in literature many theorists proposed a moral oriented approach to literature which is still a significant part of literary criticism The ethical turn in literature has changed the spirit of literary criticism in the direction of virtue and value based approaches In this respect this study scrutinises Doris Lessing's novels in light of virtue ethics in general and virtue politics care ethics and Sufi virtue ethics in particular Lessing's connection to virtue ethics which is implicitly or explicitly reflected in her novels is examined by giving the panorama of ethical movements whose common point is virtues This study asserts that Lessing implements an ethical concern in her novels which is based on her own understanding of virtue ethics [Doris Lessing Newsletter](#) ,2000 [Doris Lessing](#) Elizabeth Maslen, 2014 This study covers the full range of Doris Lessing's work and explores in detail both its form and content From *The Grass is Singing* through to *Alfred and Emily* her main concerns are shown to have a remarkable continuity both in her commitment to political and cultural issues and in her explorations of inner space *Doris Lessing* Alice Ridout, Susan Watkins, 2011-10-20 Despite winning the Nobel Prize for Literature Doris Lessing has received relatively little critical attention One of the reasons for this is that Lessing has spent much of her lifetime and her long published writing career crossing both national and ideological borders This essay collection reflects and explores the incredible variety of Lessing's border crossings and positions her writing in its various social and cultural contexts Lessing crosses literal national borders in her life and work but more controversial have been her crossings of genre borders into sci fi and space fiction and her crossing of ideological borders

such as moving into and out of the Communist Party and from a colonial into a post colonial world This timely collection also considers a number of the most interesting recent critical and theoretical approaches to Lessing s writing including work on maternity and abjection in relation to *The Fifth Child* and *The Grass is Singing* eco criticism in Lessing s *Ifraikan* novels and postcolonial re writings of landscape in her *African Stories* **Postcolonial Nostalgias** Dennis Walder,2010-11-17 This book offers an original and informed critique of a widespread yet often misunderstood condition nostalgia a pervasive human emotion connecting people across national and historical as well as personal boundaries Often seen as merely escapist nostalgia also offers solace and self understanding for those displaced by the larger movements of our time Walder analyses the writings of some of those entangled in the aftermath of empire tracing the hidden connections underlying their yearnings for a common identity and a homeland and their struggles to recover their histories Through a series of comparative reflections upon the representation in literary and related cultural forms of memory he shows how admitting the past into the present through nostalgia enables former colonial or diasporic subjects to gain a deeper understanding of the networks of power within which they are caught in the modern world and beyond which it may yet be possible to move Considering authors as varied as V S Naipaul J G Ballard Doris Lessing W G Sebald and Chimamanda Ngozi Adichie as well as versions of Bushman song Walder pursues the often wayward ambiguous paths of nostalgia as it has been represented beyond but also within Europe so as to identify some of those processes of communal and individual experience that constitute the present and by implication the future **David Mitchell** Sarah Dillon,2011 The outcome of the first international conference on David Mitchell s writing this collection of critical essays focuses on his first three novels *Ghostwritten* *number9dream* and *Cloud Atlas* to provide an analysis of Mitchell s complex narrative techniques and the literary political and cultural implications of his work **Dystopias and Utopias on Earth and Beyond** Douglas A. Vakoch,2021-04-29 Caught as we are in a grave climate crisis that seems more irreversible with every passing year our literary portrayals of the future often feature the dystopian collapse of the world as we know it Science fiction explores how we got here while pointing toward a more hopeful path forward From an ecofeminist perspective a core cause of our current ecological catastrophe is the patriarchal domination of nature playing out in parallel with the oppression of women As an alternative to dystopian futures that seem increasingly inevitable ecofeminist science fiction helps us conjure utopias that promote environmental sustainability based on more egalitarian human relationships *Dystopias and Utopias on Earth and Beyond* Feminist Ecocriticism of Science Fiction explores the fictional worlds of such canonical novelists as Margaret Atwood Octavia Butler Ursula K Le Guin Doris Lessing and Joan Slonczewski as well as those of lesser known science fiction writers as they collectively probe humanity s greatest existential threats Contributors from five continents provide compelling analyses of far future dystopias on Earth that are all too easy to imagine becoming reality if humankind s current trajectory continues as well as provocative insights into science fiction utopias set on idyllic planets orbiting distant stars which offer liberatory

alternatives that might someday be actualized in the real world By examining the links between the destruction of the environment and the domination of women Dystopias and Utopias on Earth and Beyond provides the tools to counteract those intertwined oppressions helping create a foundation for a truly habitable world **Contemporary Women's**

Post-Apocalyptic Fiction Susan Watkins,2020-02-29 This book examines how contemporary women novelists have successfully transformed and rewritten the conventions of post apocalyptic fiction Since the dawn of the new millennium there has been an outpouring of writing that depicts the end of the world as we know it and women writers are no exception to this trend However the book argues that their fiction is distinctive Contemporary women s work in this genre avoids conservatism a nostalgic mourning for the past and the focus on restoring what has been lost aspects key to much male authored apocalyptic fiction Instead contemporary women writers show readers the ways in which patriarchy and neo colonialism are intrinsically implicated in the disasters they envision and offer qualified hope for a new beginning for society culture and literature after an imagined apocalyptic event Exploring science nature and matter the posthuman body the maternal imaginary time narrative and history literature and the word and the post secular the book covers a wide variety of writers and addresses issues of nationality race and ethnicity as well as gender and sexuality **Doris Lessing's The**

Golden Notebook After Fifty A. Ridout,R. Rubenstein,S. Singer,2015-05-20 Published in 1962 Doris Lessing s The Golden Notebook merits fresh theoretical geopolitical autobiographical and aesthetic approaches Prompted by the novel s golden anniversary the twelve essays collected in this volume provide fresh analyses along with appreciative memoirs for 21st century readers of this well known masterpiece **Doris Lessing and the Forming of History** Kevin Brazil,2016-09-20

The death of Nobel Prize winning Doris Lessing sparked a range of commemorations that cemented her place as one of the major figures of twentieth and twenty first century world literature This volume views Lessing s writing as a whole and in retrospect focusing on her innovative attempts to rework literary form to engage with the challenges thrown up by the sweeping historical changes through which she lived The 12 original chapters provide new readings of Lessing s work via contexts ranging from post war youth politics and radical women s writing to European cinema analyse her experiments with genres from realism to autobiography and science fiction and draw on previously unstudied archive material The volume also explores how Lessing s writing can provide insight into some of the issues now shaping twenty first century scholarship including trauma ecocriticism the post human and world literature as they emerge as defining challenges to our own present moment in history Utopia and the Contemporary British Novel Caroline Edwards,2019-07-11 Explores how the

experience of time in contemporary British novels reveals the persistence of the utopian imagination today *The Feminism of Uncertainty* Ann Snitow,2015-08-27 The Feminism of Uncertainty brings together Ann Snitow s passionate provocative dispatches from forty years on the front lines of feminist activism and thought In such celebrated pieces as A Gender Diary which confronts feminism s need to embrace while dismantling the category of woman Snitow is a virtuoso of paradox Freely

mixing genres in vibrant prose she considers Angela Carter Doris Lessing and Dorothy Dinnerstein and offers self reflexive accounts of her own organizing writing and teaching Her pieces on international activism sexuality motherhood and the waywardness of political memory all engage feminism s impossible contradictions and its utopian hopes *Globalism in the Middle Ages and the Early Modern Age* Albrecht Classen, 2023-09-05 Although it is fashionable among modernists to claim that globalism emerged only since ca 1800 the opposite can well be documented through careful comparative and transdisciplinary studies as this volume demonstrates offering a wide range of innovative perspectives on often neglected literary philosophical historical or medical documents Texts images ideas knowledge and objects migrated throughout the world already in the pre modern world even if the quantitative level compared to the modern world might have been different In fact by means of translations and trade for instance global connections were established and maintained over the centuries Archetypal motifs developed in many literatures indicate how much pre modern people actually shared But we also discover hard core facts of global economic exchange import of exotic medicine and on another level intensive intellectual debates on religious issues Literary evidence serves best to expose the extent to which contacts with people in foreign countries were imaginable often desirable and at times feared of course The pre modern world was much more on the move and reached out to distant lands out of curiosity economic interests and political and military concerns Diplomats crisscrossed the continents and artists poets and craftsmen traveled widely We can identify for instance both the Vikings and the Arabs as global players long before the rise of modern globalism so this volume promises to rewrite many of our traditional notions about pre modern worldviews economic conditions and the literary sharing on a global level as perhaps best expressed by the genre of the fable *A Home for the Highland Cattle and the Antheap* Doris Lessing, 2003-08-20 Doris Lessing s two short novels *A Home for the Highland Cattle* a wry portrait of African settler society and *The Antheap* set in the gold fields of the former Southern Rhodesia now Zimbabwe were originally published in Five 1953 a collection of Lessing s shorter fictional works This Broadview edition includes both novels as well as a critical introduction and a rich selection of primary source material such as excerpts from interviews with Doris Lessing short fiction by contemporary African women writers reviews and historical documents focussing on race and socio economic conditions in the former Southern Rhodesia

Critical Perspectives on Damon Galgut Zbigniew Białas, 2025-11-11 When Damon Galgut won the Man Booker Prize for his novel *The Promise* in 2021 he was already an established writer He had previously been shortlisted for the Booker Prize in 2003 and 2010 and had been the author of eight novels and four plays but before the success of *The Promise* he remained relatively unknown to the general public outside South Africa This volume is an attempt to engage an international set of specialists in postcolonial studies South African literature and in several cases established writers themselves in a debate devoted entirely to Galgut s novels This publication demonstrates that Galgut s work exceeds what readers tend to expect from post apartheid white writing Rather than offering the standard narratives of guilt despair and frustration Galgut s

novels in dialogue with each other and in dialogue with cultural and philosophical trends propose a more intricate fabric The writer s diagnosis of the human condition ultimately seems to transcend the constitutive turmoil and the crises offering a vision of surprisingly and fascinatingly complex reality Women's Utopian and Dystopian Fiction Sharon R.

Wilson,2014-07-18 Women s Utopian and Dystopian Fiction explores the genres of utopian and dystopian recent fiction It is about how this literature of both imagined perfection and disaster creates new worlds and critiques gender roles traditions and values Essays range in subject matter from Charlotte Perkins Gilman P D James Joanna Russ and Marge Piercy to Ursula Le Guin Fay Weldon and Toni Morrison Two of the three sections focus on Doris Lessing and Margaret Atwood Examining especially the twentieth century including second wave feminism writers from Tunisia Turkey Italy Korea the US and England give both an historical and a global perspective Utopian and dystopian elements are explored in the Nobel Prize winning Doris Lessing s Memoirs of a Survivor the little known Mara and Dann and The Cleft and new perspectives are offered on Atwood s The Handmaid s Tale
