Jorge Isaacs, el creador en todas sus facetas Darío Henao Restrepo,2007 **Ficciones que duelen** Borst, Julia, Michael, Joachim, Schäffauer, Markus Klaus,2018-10-01 El objetivo de los estudios del presente volumen sobre culturas iberoamericanas es analizar las estéticas de violencia en sus diversas manifestaciones mediáticas Los ensayos aquí presentados focalizan la atención en representaciones de violencia que incluso llegan a escandalizar al público es decir una violencia que no se domestica ni por el disfrute voyeurista ni por la condena moralista En los textos póstumos y críticos analizados en este volumen se pone de manifiesto la paradoja de una violencia narrada y/o visualizada cuyo impacto

desequilibrador no permite al público ignorar a la violencia obligándole a confrontarla. Por consiguiente la visión crítica de estas ficciones que duelen no se dirige solamente contra determinados actos violentos sino contra la forma como se ve o no se ve la violencia de modo que debate el escenario de la representación cultural y artística de la violencia insistiendo en que la violencia no es ni excepción ni defecto ni ausencia de la cultura sino uno de sus elementos constitutivos

Manuel Matos Romero, 1971 **Five Thousand Books**, 1895 *Faking It* Mia Fineman, National Gallery of Art (U.S.), Museum of Fine Arts, Houston, 2012 It is a long held truism that the camera does not lie. Yet as Mia Fineman argues in this illuminating volume that statement contains its own share of untruth. While modern technological innovations such as Adobe's Photoshop software have accustomed viewers to more obvious levels of image manipulation the practice of doctoring photographs has in fact existed since the medium was invented. In *Faking It* Fineman demonstrates that today's digitally manipulated images are part of a continuum that begins with the earliest years of photography encompassing methods as diverse as overpainting multiple exposure negative retouching combination printing and photomontage. Among the book's revelations are previously unknown and never before published images that document the acts of manipulation behind two canonical works of modern photography one blatantly fantastical Yves Klein's *Leap into the Void* of 1960 the other a purportedly unadulterated record of a real place in time Paul Strand's *City Hall Park* of 1915. Featuring 160 captivating pictures created between the 1840s and 1990s in the service of art politics news entertainment and commerce *Faking It* provides an essential counterhistory of photography as an inspired blend of fabricated truths and artful falsehoods.
