## **Meatball Sundae Is Your Marketing Out Of Sync By Seth Godin:**

*Meatball Sundae* Seth Godin, 2008 Bestselling business author Godin delivers his most far reaching and provocative book explaining what works in marketing these days what doesn't and what to do about it Summary: Meatball Sundae BusinessNews Publishing, 2014-10-28 The must read summary of Seth Godin's book *Meatball Sundae Is Your Marketing Out Of Sync* This complete summary of the ideas from Seth Godin's book *Meatball Sundae* shows that sometimes when you mix two good ideas you can come up with something incompatible A meatball sundae sounds entirely unappetising even though in and of themselves meatballs might taste nice and ice cream sundaes taste good In his book the author explains that the same thing is happening in marketing today Think of traditional marketing vehicles as being like meatballs Many successful companies have been built from the ground up using conventional marketing strategies and techniques When these companies try and add in the new marketing devices like social networks blogs Google and all the other interesting stuff it doesn't work Added value of this summary Save time Understand key concepts Expand your knowledge To learn more read *Meatball Sundae* and find out how to make the right combinations and start making superior ice cream sundaes Friction Is Fiction: the Future of Content, Media and Business (Black and White Edition) Gerd Leonhard, 2010-05-06 Futurist and Thought Leader Gerd Leonhard [www.mediafuturist.com](http://www.mediafuturist.com) shares his thoughts on the Future of Content Media and Business *Friction is Fiction* presents a constantly updated compilation of Gerd's best essays writings and most popular blog posts The central meme is that the Internet has completely disrupted the traditional notion of generating higher income by simply taking advantage of possible friction points and hurdles within transactions or business processes i.e. by controlling the people formerly known as consumers The Future is all about winning the trust and turning attention into revenues This is the low cost black white version of the book if you want the full color version please go to <http://gerd.fm/cmrfB1> Meatball Sundae Seth Godin, 2011-02-03 How to match the right marketing approach to your product by legendary business thinker Seth Godin The shiny new marketing technique isn't necessarily the right one to use According to bestselling author Seth Godin these new fangled tactics can be like the toppings at an ice cream parlour If you start with ice cream adding cherries and hot fudge and whipped cream will make it taste great But if you start with a bowl of meatballs yuck As traditional marketing fades away the new tools seem irresistible But they don't work as well for boring brands meatballs that might still be profitable but don't attract word of mouth such as Cheerios Ford trucks Barbie dolls or Budweiser When Anheuser Busch spends 40 million on an online network called BudTV that's a meatball sundae It leads to no new Bud drinkers just a bad case of indigestion *Meatball Sundae* is the definitive guide to the fourteen trends no marketer can afford to ignore It explains what to do about the increasing power of stories not facts about shorter and shorter attention spans and about the new math that says five thousand people who want to hear your message are more valuable than five million who don't The winners aren't just annoying start ups run by three teenagers who never had a real job You'll also meet older companies that have adapted

brilliantly such as Blendtec a thirty year old blender maker It now produces Will it blend videos that demolish golf balls Coke cans iPhones and much more For a few hundred dollars Blendtec reached more than ten million eager viewers on YouTube Godin doesn't pretend that it's easy to get your products marketing messages and internal systems in sync But he'll convince you that it's worth the effort
