invigorate Christian education Education: Does God have an opinion? Israel Wayne, 2017-04-01 Students in America will spend over 14 000 seat hours in a classroom before they graduate from high school On the other hand most Christian children spend less than an hour a day in meaningful interaction with their parents and only a few hours a week at most in church Is it reasonable for us to assume that the Christian instruction they receive during off hours will outweigh the thousands of hours of anti Christian perspectives they are bombarded with by the media and the public school system What does God say about how He expects Christians to educate their children This book will radically challenge your paradigms and biases but will consistently point you to the Word of God as the final answer for all of life including education Great resource for pastors parents and grandparents to understand the role of education in a Christian family Aligns with the core philosophy of Master Books Curriculum and can be used as an apologetic for Christian education Christian Faith and Action United Presbyterian Church in the U.S.A.
