Egypt It is the story of Lidia's cousin Solange Najman the only one from their family to survive Auschwitz and of their uncle Adophe Szyberstajn who survived fighting in the French underground In the end it is the story of how a Jewish family survived the holocaust and its aftermath and what remains of that family Author Andrew Fischer began this work to document the stories of his parents for his children and grandchildren His work grew into something larger Over time it has also become the story of the French sons of Solange Maurice Najman the journalist and political activist and Charles Najman the author and filmmaker and artist of many talents of uncles and cousins and a family's survival In the end the work raises questions about the holocaust and the survival not just of Jewish families and individuals but of the survival of Jewish life in Europe and the survival of the Jewish people
