Le Deuxième sexe de Simone de Beauvoir, 1977* **The Existential Phenomenology of Simone de Beauvoir**

Wendy O'Brien, Lester Embree, 2001-08-31 While earlier research considered Simone de Beauvoir in the perspectives of Existentialism or Feminism this work is the first to emphasize her reflective and descriptive approach and the full range of issues she addresses There are valuable chapters and sections that are historical and or comparative but most of the contents of this work critically examine Beauvoir s views on old age whereon she is the first phenomenologist to work biology gender ethics ethnicity where she is among the first and politics again among the first Besides their systematic as well as historical significance these chapters show her philosophy as on a par with those of Merleau Ponty and Jean Paul Sartre in quality richness and distinctiveness of problematics and the penetration of her insight into collective as well as individual human life within the socio historical world *Le deuxième sexe (tome 1) de Simone de Beauvoir (Analyse de l'œuvre)* Justine Aerts, 2021-12-22 D cryptez Le deuxi me sexe tome 1 de Simone de Beauvoir avec l analyse du PetitLitteraire fr Que faut il retenir de Le deuxi me sexe tome 1 Retrouvez tout ce que vous devez savoir sur cette uvre dans une analyse compl te et d taill e Vous trouverez notamment dans cette fiche Un r sum complet Une pr sentation des personnages principaux Une analyse des sp cificit s de l uvre Une analyse de r f rence pour comprendre rapidement le sens de l uvre propos de la collection LePetitLitteraire fr Pl biscit tant par les passionn s de litt rature que par les lyc ens LePetitLitt raire fr est consid r comme une r f rence en mati re d analyse d uvres classiques et contemporaines Nos analyses disponibles au format papier et num rique ont t con ues pour guider les lecteurs travers la litt rature Nos auteurs combinent th ories citations anecdotes et commentaires pour vous faire d couvrir et red couvrir les plus grandes uvres litt raires [http www lepetitlitteraire fr](http://www.lepetitlitteraire.fr) Le deuxième sexe Simone de Beauvoir, 1949 Translating Simone de Beauvoir's The Second Sex Julia C. Bullock, Pauline Henry-Tierney, 2023-05-19 This collection offers insights into the transnational and translingual implications of Simone de Beauvoir s *Le Deuxi me Sexe* *The Second Sex* a text that has served as foundational for feminisms worldwide since its publication in 1949 Little scholarly attention has been devoted to how the original French language source text made its way into languages other than English This is a shocking omission given that many but by no means all other translations were based on the 1953 English translation by Howard M Parshley which has been widely criticized by Beauvoir scholars for its omissions and careless attention to its philosophical implications This volume seeks to fill this gap in scholarship with an innovative collection of essays that interrogate the ways that Beauvoir s essay has shifted in meaning and significance as it has travelled across the globe This volume brings together for the first time scholars from Translation Studies Literary Studies and Philosophical Studies and over half of it is dedicated to non Western European engagements with *Le Deuxi me Sexe* including chapters on the Chinese Japanese Arabic Hungarian and Polish translations As such this collection will be

essential to any scholar of Beauvoir's philosophy and its contributions to feminist discourses Simone de Beauvoir's The Second Sex Ruth Evans, 2024-06-04 Acknowledged by many feminists as the single most important theoretical work of the twentieth century Simone de Beauvoir's *The Second Sex* 1949 nevertheless occupies an anomalous place in the feminist canon Yet it has had an undeniable impact not only on the development of critiques of sexual politics but on twentieth century western thinking about the concept of woman in general This collection of six new essays by scholars from the disciplines of French English literature history cultural criticism feminist theory and philosophy makes a valuable contribution to the task of re-reading and reassessing this enormously influential text for a new generation of feminist readers and also for cultural theorists for whom the question of the feminine is at the centre of key debates in philosophy and postmodernity The contributors provide a significantly new rethinking of the place of *The Second Sex* in cultural history and of women and representation the role of fictions and the problem of ethical agency in the work of the leading intellectual woman of this age

Le Deuxième Sexe Simone de Beauvoir, 1993 *THE SECOND SEX* is a hymn to human freedom and a classic of the existentialist movement It also has claims to be the most important single book in the history of feminism In the forty years since its publication De Beauvoir's then revolutionary thesis that the subordination of women is not a fact of nature but the product of social conditioning has become part of our everyday thinking
