ways that are understood as ethical by their communities but serve instead to ignore victims experiences As Marquart shows collective disasters such as the Holocaust expose the limitations of our ethical theories To cope with this instability we withdraw and defend ourselves through inattentive and formulaic responses that turn a blind eye to the plight of victims Challenging contemporary theorizations of community ethics testimony and trauma On the Defensive is a far reaching reflection on the ways in which communal understandings of our duties and responsibilities to others can facilitate the denial of an atrocity s horrors

The Train Journey Simone Gigliotti,2009-07-01 Deportations by train were critical in the Nazis genocidal vision of the Final Solution of the Jewish Question Historians have estimated that between 1941 and 1944 up to three million Jews were transported to their deaths in concentration and extermination camps In his writings on the Final Solution Raul Hilberg pondered the role of trains How can railways be regarded as anything more than physical equipment that was used when the time came to transport the Jews from various cities to shooting grounds and gas chambers in Eastern Europe This book explores the question by analyzing the victims experiences at each stage of forced relocation the round ups and departures from the ghettos the captivity in trains and finally the arrival at the camps Utilizing a variety of published memoirs and unpublished testimonies the book argues that victims experienced the train journeys as mobile chambers comparable in importance to the more studied fixed locations of persecution such as ghettos and camps

My Father and I David Caron,2011-02-23 It is a living museum of a long gone Jewish life and supposedly a testimony to the success of the French model of social integration It is a communal home where gay men and women are said to stand in defiance of the French model of social integration It is a place of freedom and tolerance where people of color and lesbians nevertheless feel unwanted and where young Zionists from the suburbs gather every Sunday and sometimes harass Arabs It is a hot topic in the press and on television It is open to the world and open for business It is a

place to be seen and a place of invisibility It is like a home to me a place where I feel both safe and out of place and where my father felt comfortable and alienated at the same time It is a place of nostalgia innovation shame pride and anxiety where the local and the global intersect for better and for worse And for better and for worse it is a French neighborhood from My Father and I Mixing personal memoir urban studies cultural history and literary criticism as well as a generous selection of photographs My Father and I focuses on the Marais the oldest surviving neighborhood of Paris It also beautifully reveals the intricacies of the relationship between a Jewish father and a gay son each claiming the same neighborhood as his own Beginning with the history of the Marais and its significance in the construction of a French national identity David Caron proposes a rethinking of community and looks at how Jews Chinese immigrants and gays have made the Marais theirs These communities embody in their engagement of urban space a daily challenge to the French concept of universal citizenship that denies them all political legitimacy Caron moves from the strictly French context to more theoretical issues such as social and political archaism immigration and diaspora survival and haunting the public private divide and group friendship as metaphor for unruly and dynamic forms of community and founding disasters such as AIDS and the Holocaust Caron also tells the story of his father a Hungarian Jew and Holocaust survivor who immigrated to France and once called the Marais home
