Mitchell,1993-01-01 The authors demonstrate that leaving home is a significant part of forming an individual identity and a natural aspect of maturing It is also a lifelong process but one that is desirable and appropriate for both the one who leaves and the ones left behind However understanding the process requires care and this book helps clarify what is at stake in the complex ordinary process of leaving home *Garrison Keillor* Judith Yaross Lee,1991 *A Study Guide for Linda Pastan's "To a Daughter Leaving Home"* Gale, Cengage Learning,2016 **Leaving Home** Garrison Keillor,1992 Then They Leave Home Boni Piper,Judith K. Balswick,1997 Boni Piper and Judith Balswick provide a helpful guide for parents whose adult children are about to leave the nest They address issues of autonomy relational differences communication boomer ang children and more *Astrological Gastronomy* James Rusk,Amy Rusk,Sara Rusk,2005-07 *Astrological Gastronomy* is based on the thesis that cooking and eating are idiosyncratic and that effectiveness in partaking in culinary activities is enhanced if it is grounded in a culture and complemented by an understanding of personal attributes This unique approach should appeal to the community of cookbook readers from a variety of perspectives The idea of temperamental cooking and eating explained is an invitation to readers of astrology columns as well as to all observers of popular culture The focus upon dishes from Africa Latin America and Asia should appeal to experimental cooks while the regional and ethnic character of American recipes should draw the attention of people who prefer provincial cuisine Finally the personalization of recipes in the setting of their evolution and relationships with foods in other cultures lends a humane quality to the collection that is enriched with numerous related explanatory notes and suggestions for accompaniments
