woman that Picoult brings vividly to life in her brilliantly researched new novel *Kristin Hannah* author of *The Women* As an undergraduate Melina Green had a rare opportunity to have one of her first plays judged by famous theatre critic Jasper Tolle only to be publicly humiliated by a harsh and biased critique Ten years later her confidence as a playwright hasn't recovered even though she has just completed a work that she thinks is her best yet It is based on the life of her ancestor Emilia Bassano the first published female poet in England and rumored to be the Dark Lady of Shakespeare's sonnets but whom some scholars suspect may be the real author of a number of his plays Melina wonders if she dares risk failure again and then her best friend takes the decision out of her hands and submits it to a festival under a male pseudonym In 1581 the young orphan Emilia Bassano is being raised in the ways of the English aristocracy by the Baron Willoughby and his sister Her lessons on languages reading and writing have endowed her with a sharp wit and a gift for storytelling But like most women of her day she has no control over her fate and is ripped from her old life and forced to become a courtesan to Lord Hunsdon a man knighted by Queen Elizabeth as the Lord Chamberlain in charge of all theatre in London Though she has no other freedoms she pseudonymously sets her own pen to paper inspired by the work of the most brilliant playwrights of the time Told in dual intertwining timelines this sweeping tale of ambition courage and desire centres two women who are determined to create something beautiful despite the prejudices they face As Emilia alters the course of her life and the world she blazes a trail Centuries later will Melina face the same terrible fate to have her work celebrated but only at the price of letting another take credit
