of viewers to read both contemporary works and classics and novels have retained their devoted following within middlebrow communities In *Reading as Therapy* Timothy Aubry argues that contemporary fiction serves primarily as a therapeutic tool for lonely dissatisfied middle class American readers one that validates their own private dysfunctions while supporting elusive communities of strangers unified by shared feelings Aubry persuasively makes the case that contemporary literature's persistent appeal depends upon its capacity to perform a therapeutic function *Reading as Therapy* traces the growth and proliferation of psychological concepts focused on the subjective interior within mainstream middle class society and the impact this has had on contemporary fiction The prevailing tendency among academic critics has been to decry the personal emphasis of contemporary fiction as complicit with the rise of a narcissistic culture the ascendancy of liberal individualism and the breakdown of public life *Reading as Therapy* by contrast underscores the varied ideological effects that therapeutic culture can foster To uncover the many unpredictable ways in which contemporary literature answers the psychological needs of its readers Aubry considers several different venues of reader response including Oprah's Book Club and Amazon customer reviews the promotional strategies of publishing houses and a variety of contemporary texts ranging from Khaled Hosseini's *The Kite Runner* to Anita Shreve's *The Pilot's Wife* to David Foster Wallace's *Infinite Jest* He concludes that in the face of an atomistic social landscape contemporary fiction gives readers a therapeutic vocabulary that both reinforces the private sphere and creates surprising forms of sympathy and solidarity among strangers
