Martyrs Crossing By Amy Wilentz:

Martyrs' Crossing Amy Wilentz, 2016-03-29 An Israeli lieutenant and a Palestinian woman find themselves on opposite sides when rioting breaks out after the lieutenant refuses to let the woman and her sick child through a checkpoint The child's grandfather a prominent Palestinian American surgeon must also make choices as the violence continues [I Feel Earthquakes More Often Than They Happen](#) Amy Wilentz, 2006-08-22 From one of our most astute contemporary writers Amy Wilentz comes an irreverent inventive portrait of the state of California and its unlikely governor Arnold Schwarzenegger The prizewinning author a lifelong easterner and an outsider in the West takes the reader on a picaresque journey from exclusive Hollywood soirees to a fantasy city in the Mojave desert from the La Brea Tar Pits to celebrity besotted Sacramento from the tents of Skid Row to surf drunk Malibu from a snowbird retreat near Mexico to the hippie preserve of tide beaten Big Sur along the way offering up sharp observations on politics fund raising the water supply the Beach Boys earthquake preparedness home economics catastrophism movie star politicians political movie stars Charlie Manson and location scouts who want to rent your house in order to make television commercials for bathroom wall cleansers or Swedish banks Wilentz moved to Los Angeles from a Manhattan wounded by September 11 only to discover a paradise marred by fire flood and mudslides In what seemed like a joke to her a Democratic governor nicknamed Gummy was about to be ousted by an Austrian muscleman in a bizarre election promoted by a millionaire whose business was car alarms Intrigued she set out to find the essence of the quirky trailblazing state During her travels she spots celebrities but can't quite place them drops in on famous salons with habitués like Warren Beatty and Arianna Huffington and visits the neglected office of one very special 9 000 year old woman Plunging into the traffic of California Wilentz noodles out meaning in some of the least likely of places she sees the political in the personal and the personal in the political By now an expert on tremors real and imagined she offers readers on both coasts insights into where California stands today and America as well **Farewell, Fred Voodoo** Amy Wilentz, 2013-01-08 Describes the author's long and painful relationship with Haiti before and after the 2010 earthquake tracing the country's turbulent history and its status as a symbol of human rights activism and social transformation

Sanctified Aggression Jonneke Bekkenkamp, Yvonne Sherwood, 2004-06-01 Sanctified Aggression allies itself neither with the easy assumption that religions are by definition violent and that only the secular humanist humane can offer a place of refuge from the ravages of religious authority nor with the equally facile opposing view that religion expresses the best of human aspirations and that this best is always capable of diffusing or sublating the worst Rather it works from the premise that biblical Jewish and Christian vocabularies continue to resonate inspire and misfire Some of the essays here explore how these vocabularies and symbols have influenced or resonate with events such as the massacre of Jews in Jedwabne Poland 1941 the Rwandan Massacre 1994 the tragedy at Columbine High School 1999 and the emergence of the Phineas Priesthood of white supremacists in North America Other contributors examine how themes of martyrology sacrifice and the messianic

continue to circulate and mutate in literature music drama and film The collective conclusion is that it is not possible to control biblical and religious violence by simply identifying canonical trouble spots then fencing them off with barbed wire or holding peace summits around them Nor is it always possible to draw clear lines between problem and non problem texts witnesses and perpetrators victims and aggressors or reality and art

A Bed for the Night David Rieff, 2013-06-04 Timely and controversial *A Bed for the Night* reveals how humanitarian organizations trying to bring relief in an ever more violent and dangerous world are often betrayed and misused and have increasingly lost sight of their purpose Humanitarian relief workers writes David Rieff are the last of the just And in the Bosnias the Rwandas and the Afghanistans of this world humanitarianism remains the vocation of helping people when they most desperately need help when they have lost or stand at risk of losing everything they have including their lives Although humanitarianism s accomplishments have been tremendous including saving countless lives the lesson of the past ten years of civil wars and ethnic cleansing is that it can do only so much to alleviate suffering Aid workers have discovered that while trying to do good their efforts may also cause harm Drawing on firsthand reporting from hot war zones around the world Bosnia Rwanda Congo Kosovo Sudan and most recently Afghanistan Rieff describes how the International Committee of the Red Cross Doctors Without Borders the International Rescue Committee CARE Oxfam and other humanitarian organizations have moved from their founding principle of political neutrality which gave them access to victims of wars to encouraging the international community to take action to stop civil wars and ethnic cleansing This advocacy has come at a high price By calling for intervention whether by the United Nations or by coalitions of the willing humanitarian organizations risk being seen as taking sides in a conflict and thus jeopardizing their access to victims And by overreaching the humanitarian movement has allowed itself to be hijacked by the major powers at times becoming a fig leaf for actions those powers wish to take for their own interests or for the major powers inaction Rieff concludes that if humanitarian organizations are to do what they do best alleviate suffering they must reclaim their independence Except for relief workers themselves no one has looked at humanitarian action as seriously or as unflinchingly or has had such unparalleled access to its inner workings as Rieff who has traveled and lived with aid workers over many years and four continents A cogent hard hitting report from the front lines *A Bed for the Night* shows what international aid organizations must do if they are to continue to care for the victims of humanitarian disasters

At the Point of a Gun David Rieff, 2005-03-09 From the acclaimed author of *A Bed for the Night* named one of the best nonfiction books of the year by the Los Angeles Times comes a provocative argument against armed humanitarian or human rights intervention

Better Together Robert D. Putnam, Lewis Feldstein, 2009-12-01 In his acclaimed bestselling book *Bowling Alone* The Collapse and Revival of American Community Robert Putnam described a thirty year decline in America s social institutions The book ended with the hope that new forms of social connection might be invented in order to revive our communities In *Better Together* Putnam and longtime civic activist Lewis Feldstein describe some of the diverse locations

and most compelling ways in which civic renewal is taking place today In response to civic crises and local problems they say hardworking committed people are reweaving the social fabric all across America often in innovative ways that may turn out to be appropriate for the twenty first century Better Together is a book of stories about people who are building communities to solve specific problems The examples Putnam and Feldstein describe span the country from big cities such as Philadelphia San Francisco and Chicago to the Los Angeles suburbs small Mississippi and Wisconsin towns and quiet rural areas The projects range from the strictly local to that of the men and women of UPS who cover the nation Bowling Alone looked at America from a broad and general perspective Better Together takes us into Catherine Flannery s Roxbury Massachusetts living room a UPS loading dock in Greensboro North Carolina a Philadelphia classroom the Portsmouth New Hampshire naval shipyard and a Bay Area Web site We meet activists driven by their visions each of whom has chosen to succeed by building community Mexican Americans in the Rio Grande Valley who want paved roads running water and decent schools Harvard University clerical workers searching for respect and improved working conditions Waupun Wisconsin schoolchildren organizing to improve safety at a local railroad crossing and merchants in Tupelo Mississippi joining with farmers to improve their economic status As the stories in Better Together demonstrate bringing people together by building on personal relationships remains one of the most effective strategies to enhance America s social health
