Real Politics Jean Bethke Elshtain, 2000-03-10 One of America's foremost public intellectuals Jean Bethke Elshtain has been on the frontlines in the most hotly contested and deeply divisive issues of our time Now in *Real Politics* Elshtain gives further proof of her willingness to speak her mind courting disagreement and even censure from those who prefer their ideologies neat At the center of Elshtain's work is a passionate concern with the relationship between political rhetoric and political action For Elshtain politics is a sphere of concrete responsibility Political speech should therefore approach the richness of actual lives and commitments rather than present impossible utopias In her essays Elshtain finds in the writings of Václav Havel Hannah Arendt and Albert Camus a language appropriate to the complexity of everyday life and politics and she critiques philosophers and writers who distance us from a concrete embodied world She argues against those repressive strains within contemporary feminism which insist that families and even sexual differentiation are inherently oppressive Along the way she challenges an ideology of victimization that too often loses sight of individual victims in its pursuit of abstract goals Elshtain reaffirms the quirky and by no means simple pleasures of small town life as a microcosm of the human condition and considers the current crisis in American education and its consequences for democracy Beyond exploring the details of political life over the past two decades *Real Politics* advocates a via media politics that avoids unacceptable extremes and serves as a model for responsible political discourse Throughout her diverse and insightful writings Elshtain champions a civic philosophy that tends to the dignity of everyday life as a democratic imperative of the first order Jean Bethke Elshtain is a person of rare intellect The moral wisdom that pervades these essays reminds us that when all is said and done politics is about the life and death of real people who are anything but abstractions Her erudition is remarkable but equally stunning is her eye for the significant What she is so good at is helping us see the moral and political significance of the everyday Stanley Hauerwas Duke University *Real Politics* serves as a forceful reminder that Jean Elshtain has been dealing with the real world in twenty five years of powerful essaying Transcending ideological categories she writes out of hope that human beings can enjoy those capacities of reason and faith which make them human It is a pleasure to be reintroduced to her sustained intelligence Alan Wolfe Boston University

Beyond Feminist Aesthetics Rita Felski, 1989 *Beyond Feminist Aesthetics* has a dual focus First Rita Felski gives a critical account of current American and European feminist literary theory and second she offers an analysis of contemporary fiction by women drawing in particular on the genres of the autobiographical confession and the novel of self discovery in order to show that this literature raises questions for feminism that cannot be answered in terms of a purely gender based analysis Felski argues that the idea of a feminist aesthetic is a nonissue that feminists have needlessly pursued she suggests in contrast that it is impossible to speak of

masculine and feminine subversive and reactionary literary forms in isolation from the social conditions of their production and reception The political value of such works of literature from the standpoint of feminism can be determined only by an investigation of their social functions and effects in relation to the interests of women in a particular historical context This leads her to argue for an interdisciplinary approach to the analysis of literature which can integrate literary and social theory and to develop such an approach by drawing upon the model of a feminist counter public sphere Rita Felski has produced a closely reasoned stimulating book that creates a new framework for discussing the relationship between literature and feminist politics It will interest students and teachers of women s studies comparative literature cultural studies and fiction

Doris Lessing Gayle Greene,1994 An original and compelling appraisal of this important international literary figure
Substance Under Pressure Betsy Draine,1983 *Beyond Innocence, Or, The Altersroman in Modern Fiction* Linda A. Westervelt,1997 In this groundbreaking work Linda A Westervelt defines an important yet previously unidentified and therefore unnamed type of novel the altersroman or age novel Fictions focusing on a protagonist s confrontation with mortality toward the end of middle age are likely to become ever more prominent in a Western world in which the average age of the population increases and more people reach late middle age and old age Working from a diverse sample of modern literature Westervelt analyzes the variety of responses to the life evaluation Some characters achieve a level of affirmation that allows renewal redirection or simply peace while others confront feelings of disgust or despair that so little time is left them Her altersromane are books about seeking wisdom though not everyone of this age becomes wise The use of the term altersroman highlights the fact that the altersroman is a classification comparable to but also clearly distinguishable from the bildungsroman wherein characters make the transition from youth to adulthood Westervelt contrasts her older protagonists characteristics with the equivalent characteristics in the bildungsroman through an examination of Don Quixote part 2 as well as six American novels The Ambassadors by Henry James The Professor s House by Willa Cather The Mansion by William Faulkner The Angle of Repose by Wallace Stegner A Book of Common Prayer by Joan Didion and Jazz by Toni Morrison These seven works though remarkably different share the common features of the altersroman Westervelt articulates the traits clearly rests them on the psychological literature and then shows in depth how the characteristics of the altersroman can enrich and more deeply inform our reading of a significant subset of modern literature that previously went unheralded Readers can use Westervelt s analysis to identify altersromane in literature other than their own and she begins this process by identifying exemplars written in other languages Beyond Innocence or the Altersroman in Modern Fiction introduces readers to the altersroman as a tool for classification and analysis and demonstrates the power and utility of that tool It offers a meaningful and enriching complement to the more established category of the bildungsroman **Culture and Literature**
Tawhida Akhter,2022-01-25 During the last few decades there has been remarkable progress in research on various aspects of cross cultural relationships Different fields have been explored and there are still so many fields yet to be explored We

often talk about how one culture has affected another this book serves to draw parallels between different cultures It explores how culture plays an important role in the development of personality It further examines how behavior has both a positive and a negative effect in the development of personality and interrogates how literature portrays the reality of a culture through its fictitious characters **Critical Essays on Doris Lessing** Claire Sprague, Virginia Tiger, 1986
