with introductory commentary by Dzogchen Buddhist master Ch gyal Namkhai Norbu is a new translation of the ancient text also known as The Great Liberation through Hearing in the Intermediate State Both a practical guide and intriguing historical cultural and spiritual document this new version incorporates recent discoveries that have allowed for a better translation of previously ambiguous passages Revealing a set of instructions designed to facilitate the inner liberation of the dead or dying person the book provides a guide to navigating the bardo the interval between death and rebirth Originally composed by Padmasambhava an important Indian master of the eighth century the Tibetan Book of the Dead was concealed in Tibet until it was discovered in the fourteenth century by Karma Lingpa a famous Tibetan tert n discoverer of ancient texts Describing in detail the characteristics and fantastic visions of each stage beyond death the book includes invocations to be read aloud to the dying person to help his or her successful journey toward the stage of liberation Ch gyal Namkhai Norbu s introduction clarifies the texts from the Dzogchen point of view and provides a scholarly summary of the ancient material based on his oral teachings and written works In addition material from several of Namkhai Norbu s more recent written works and oral teachers have been added including an essay on the four intermediate states after death entitled Birth Life and Death A full color 16 page insert of traditional Tibetan art highlights Tibet s unique aesthetic wisdom VAJRASATTVA Richard Chambers Prescott, 2014 This book answers the question to the most concealed practice in the Bardo Todol commonly known as The Tibetan Book of the Dead What is the true intent of the Secret of the Four Wisdoms Gathered into the Clear Hollow Mysterious Passage of Vajrasattva After eliminating all other possibilities you will discover that Trekcho and Tegal are the one answer to this mystery The encounter with the Vajrasattva Mystery is an Imbedded Clue to Trekcho and Tegal which reveal Clear Light Evenness not only in the after death state but equally in the living state Trekcho Letting Go and Tegal the Four Stages of Soaring On or Skull Crossing are the deepest secrets of Dzogchen the Natural Great Completion In Nyingma these are restricted secret practices kept from the public eye Whereas in the Kagyu school and Bonpo tradition these same methods are open to one and all You are the decider on these two attitudes Let your thought be lighted by the words of the Lion of the Sakyas Ananda I have set forth the Dharma without making any distinction of esoteric and exoteric doctrine there is nothing Ananda with regard to the teachings that the Tathagata holds to the last with the closed fist I hope you will find the freedom of your own experience in the detailed observations and in depth examinations of these secret methods of Dzogchen The text is in no way nor tries to be a teaching text a manual nor a guidebook on Trekcho and Tegal or Bardo for I am in no way at all a teacher an expert nor a guide in these practices Nor do I ever wish to be one This essay is an answer to a life long question I have had since reading the Bardo Thodol as a young person What is the true meaning of Vajrasattva the Mysterious Passageway and the Union of the Four Wisdoms It just so happens that after one goes through all possibilities of what this means one finally comes to the sacred secret teachings of Dzogchen s Trekcho Tegal and Bardo So I have had to explain what little that I know about these special secret practices to answer the primary question

this text attempts to answer Why wade through the torrent of concepts on this when we can go directly to the clear most reasonable and satisfactory answers that leave no shadow of hesitation Vajrasattva stands for the Primordial Clear Light Void as Love and Compassion The secret Mysterious Way of the pure Clear Passage of Vajrasattva is the Kati running from the Heart to the Eyes Within this Kati are the Four Lamps From Clear Light through the Open Kati these Lamps give forth an arising to the Four Total Appearances Since it is found in the highest wisdom texts from Dzogchen on Trekcho Total and Bardo and Tibetan s favorite book on guidance in the afterlife it is worthy of taking a serious look **Clearing the Path** Stephen Parker,2015-05-15 Stephen Parker has produced a profound explication of the psychological dimension of Yoga from the standpoint of classical Raja yoga I would recommend Clearing the Path for all students of Yoga and meditation who truly aspire to a deeper level of practice David Frawley **Rebirth** Roger R. Jackson,2022-03-22 For anyone interested in what happens after death this is a definitive guide to the concept of rebirth or reincarnation in Buddhism Reincarnation has been a popular belief in cultures throughout the world for many millennia The possibility that we lived before and may be born again whether as a human or in some other form of existence continues to fascinate us and features heavily in popular novels and movies and also as a subject of recent scholarly studies Although Buddhism is one of the religious traditions best known for asserting rebirth the history and scope of Buddhist approaches to the idea has not received comprehensive treatment until now This first ever guide to ideas and practices surrounding rebirth in Buddhism covers the historical context for the Buddha s teachings on the topic explains what Buddhists believe is actually reborn and where surveys rebirth related practices in multiple Buddhist cultures and considers whether all Buddhist traditions agree about what happens after death The book also addresses interpretations of rebirth in modern Buddhist contexts and recent scientific attempts to document reincarnation in conversation with Buddhist beliefs It is in short the first truly comprehensive overview of rebirth across the major Buddhist traditions written by a leading scholar and teacher of Buddhism **Sacred Passage** Margaret Coberly, Ph.D, RN,2003-02-11 Working as an emergency room nurse Margaret Coberly came in contact with death on a daily basis However it wasn t until her own brother was diagnosed with terminal cancer that she realized she understood very little about the emotional and spiritual aspects of caring for the terminally ill To fill this gap she turned to the unique wisdom on death and dying found in Tibetan Buddhism In this book Coberly offers sound practical advice on meeting the essential needs of the dying integrating stories from her long career in nursing with useful insights from the Tibetan Buddhist teachings In the West death is viewed as a tragic and horrible event Coberly shows us how this view generates fear and denial which harm the dying by adding unnecessary loneliness confusion and mental anguish to the dying process Tibetan Buddhism focuses on the nature of death and how to face it with honesty openness and courage In this view death is not a failure but a natural part of life that if properly understood and appreciated can offer the dying and their loved ones an opportunity to gain valuable insight and wisdom Coberly argues that the Tibetan Buddhist outlook can be a useful antidote to the culture of

fear and denial that surrounds death in the West and can help caregivers become more fully present fearless honest and compassionate Sacred Passage highlights two very practical teachings on death and dying from the Tibetan Buddhist tradition and presents them in clear nontechnical language Readers learn about the eight stages of dissolution leading to death a detailed roadmap of the dying process that describes the sequence of physical psychological and spiritual changes that occur as we die Coberly also presents the death meditation a contemplative exercise for developing a new relationship to death and life The book also includes a lengthy annotated list of recommended readings for added guidance and inspiration Topics include How the terminally ill can experience emotional and spiritual healing even when they can t be cured Why Western medicine s relentless focus on curing disease has led to inadequate care for the dying What to expect during the dying process How our fear and denial of death harm the dying Techniques to help caregivers promote a peaceful environment for the dying and their loved ones How to meet the changing physical and emotional needs of the dying Helpful advice on what to say and how to behave around the terminally ill

The Tibetan Book of the Great Liberation, Or, The Method of Realizing Nirvāṇa Through Knowing the Mind Walter Yeeling Evans-Wentz, 2000 To introduce this great published work on the Eastern yoga inspired method of attaining enlightenment Evans Wentz presents 100 pages of explanatory notes Psychoanalyst C G Jung offers commentary on the differences between Eastern and Western thought and Donald S Lopez Jr writes the Foreword 9 halftones [Dying, Death, and Afterlife in Dharma Traditions and Western Religions](#) Adarsh Deepak, Rita DasGupta Sherma, 2006 **The Tibetan Book of the Dead** Donald S. Lopez, 2011-02-07 How an eccentric spiritualist from Trenton New Jersey helped create the most famous text of Tibetan Buddhism The Tibetan Book of the Dead is the most famous Buddhist text in the West having sold more than a million copies since it was first published in English in 1927 Carl Jung wrote a commentary on it Timothy Leary redesigned it as a guidebook for an acid trip and the Beatles quoted Leary's version in their song Tomorrow Never Knows More recently the book has been adopted by the hospice movement enshrined by Penguin Classics and made into an audiobook read by Richard Gere Yet as acclaimed writer and scholar of Buddhism Donald Lopez writes The Tibetan Book of the Dead is not really Tibetan it is not really a book and it is not really about death In this compelling introduction and short history Lopez tells the strange story of how a relatively obscure and malleable collection of Buddhist texts of uncertain origin came to be so revered and so misunderstood in the West The central character in this story is Walter Evans Wentz 1878 1965 an eccentric scholar and spiritual seeker from Trenton New Jersey who despite not knowing the Tibetan language and never visiting the country crafted and named The Tibetan Book of the Dead In fact Lopez argues Evans Wentz's

book is much more American than Tibetan owing a greater debt to Theosophy and Madame Blavatsky than to the lamas of the Land of Snows Indeed Lopez suggests that the book's perennial appeal stems not only from its origins in magical and mysterious Tibet but also from the way Evans Wentz translated the text into the language of a very American spirituality

Esoteric Buddhism in China Wei Wu, 2024-03-05 During the Republican period 1912-1949 and after many Chinese Buddhists sought inspiration from non-Chinese Buddhist traditions showing a particular interest in esoteric teachings What made these Buddhists dissatisfied with Chinese Buddhism and what did they think other Buddhist traditions could offer Which elements did they choose to follow and which ones did they disregard And how do their experiences recast the wider story of twentieth-century pan-Asian Buddhist reform movements Based on a wide range of previously unexplored Chinese sources this book explores how esoteric Buddhist traditions have shaped the Chinese religious landscape Wei Wu examines cross-cultural religious transmission of ideas from Japanese and Tibetan traditions considering the various esoteric currents within Chinese Buddhist communities and how Chinese individuals and groups engaged with newly translated ideas and practices She argues that Chinese Buddhists' assimilation of doctrinal ritual and institutional elements of Tibetan and Japanese esoteric Buddhism was not a simple replication but an active process of creating new meanings Their visions of Buddhism in the modern world as well as early twentieth-century discourses of nation building and religious reform shaped the reception of esoteric traditions By analyzing the Chinese interpretation and strategic adaptations of esoteric Buddhism this book sheds new light on the intellectual development ritual performances and institutional formations of Chinese Buddhism in the twentieth century
