Doughty,2015-03-14 Folktales and fairy tales are living stories as part of the oral tradition they change and evolve as they are retold from generation to generation In the last thirty years however revision has become an art form of its own with tales intentionally revised to achieve humorous effect send political messages add different cultural or regional elements try out new narrative voices and more These revisions take all forms from short stories to novel length narratives to poems plays musicals films and advertisements The resulting tales paint the tales from myriad perspectives using the broad palette of human creativity This study examines folktale revisions

from many angles drawing on examples primarily from revisions of Western European traditional tales such as those of the Grimm Brothers and Charles Perrault Also discussed are new folktales that combine traditional storylines with commentary on modern life The conclusion considers how revisionists poke fun at and struggle to understand stories that sometimes made little sense to start with

I'm No Angel Ellen Tremper,2006 Have you ever wondered why there are so many dumb blonde jokes always about women Or how Ivanhoe s childhood love theflaxen Saxon Rowena morphed into Marilyn Monroe Between that season in 1847 when readers encountered Becky Sharp playing the vengeful Clytemnestra about to plunge a dagger into Agamemnon and the sunny moment in 1932 when moviegoers watched Clark Gable plunge Jean Harlow s platinum tressed head into a rain barrel the playing field for women and men had leveled considerably But how did the fairy tale blonde that placid pliant girl become the tomato upstairs as Monroe styled herself in The Seven Year Itch In I m No Angel The Blonde in Fiction and Film Ellen Tremper shows how at its roots the image of the blonde was

remodeled by women writers in the nineteenth century and actors in the twentieth to keep pace with the changes in real women's lives. As she demonstrates through these novels and performances, fair hair and its traditional attributes—patience, pliancy, endurance, and innocence—suffered a deliberate alienation which both reflected and enhanced women's personal and social freedoms essential to the evolution of modernity. From fiction to film, the active desiring and sometimes difficult women who disobeyed, manipulated, and thwarted their fellow characters mimicked and furthered women's growing power in the world. The author concludes with an overview of the various roles of the blonde in film from the 1960s to the present and speculates about the possible end of blond dominance. An engaging and lively read, *I'm No Angel* will appeal to a general audience interested in literary and cinematic representations of the blonde as well as to scholars in Victorian women's and film studies.

Children's Book Review Index 1981 Cumulative Gary C. Tarbert, 1983-05 **Top of the News**, 1985 **Royalty in Twenty-First Century Children's and Young Adult Literature** Amie A.

Doughty, 2023-11-15 Doughty examines contemporary children's and young adult YA literature featuring royal characters through a folkloric lens and shows different ways authors transform the traditional royal characters from folktales and Disney films. She shows how princes and princesses are more progressive than their predecessors through expanding gender roles. She also demonstrates how different types of abdication work to transform readers' expectations of royals and how they reach a happy ending different from traditional folktales and Disney. Finally, employing Rudine Sims Bishop's ideas about mirrors, windows, and sliding glass doors, she explores how queer royals and royals of color offer new mirrors for children and young adults. Each chapter presents a typology of royal books related to the topic and explains how they work to transform the folktale tradition. Doughty concludes with a discussion of the transformational gaps remaining in royal children's and YA
