The War Within - Between Good and Evil Bhimeswara Challa, The human has always prided himself as an exceptional moral species but has always been haunted by two questions Why am I not good when I want to be why do I do bad when I don t want to This is at the heart of what scriptures and sages have long alluded to as the eternal internal struggle between good and evil that wages in the human consciousness The book posits that much of our confusion and angst stems from our inability to recognize the ramifications of this war between two sides of our own self It is because we are ignoring this war between two sides of our own self It is because we are ignoring this war that we are losing all other wars of the world That ignorance is the primary source of all the horrors malevolence and violence that fill us with so much dread But a favorable outcome is possible only if the forces of goodness are aided to get an upper hand consistently and that calls for two cathartic changes consciousness change by inducing a turn from the mind to the heart and contextual change by radically reconstructing the roles of morality money and mortality in our everyday lives The book offers a menu of insights and options we all can use to tilt the scales in the war waging inside each of us Engineering and Operations of System of Systems John Mo,Ronald Beckett,2018-10-10

Modern engineering systems are complex and multi faceted and must be flexible adaptable and fully integrated with the supply chain and other stakeholders to deliver an effective level of performance Therefore this book aims to create an operational view and new understanding of modern system design commissioning operation services and support It includes system of systems modelling and analysis techniques essential to develop whole of system in view of essential requirements This book will address professional engineers operations managers required to design develop implement and operate a complex socio technical system containing many engineering systems Key Features Develops a holistic view of system of systems from all possible fields of interest Introduces the idea of system configurability to understand system of systems in parallel with the typical classical concepts of engineering systems design Offers effective coverage of both the engineering aspects and operational aspects of systems of systems Focuses on pragmatic viewpoints on how to analyze system of systems Provides practical tools and methods for the readers to develop competence to configure and operate system of systems

Good and Evil Bhimeswara Challa,2021-09-03 By any measure we are at an inflection point in human history As the ongoing coronavirus pandemic has shown it is not only the planet that is at risk but our very destiny We must take an

unblinking look at who we are compared with who we want to be or ought to be That entails going within to discover what is happening deep inside our consciousness This book suggests that the root of our troubles is our ignorance that there is a perennial war within each of us between good and evil Like in any war both sides need supplies But in this internal war they must come from outside in the shape of our daily doings and choices As you read you ll get a roadmap on how to make better decisions and contain the evil within Get answers to questions such as Why must we fix the inside before fixing the outside How can we prevent evil from overwhelming our consciousness How can the good inside of us overwhelm the bad outside There is no nobler calling for any of us at this pivotal point than to volunteer to join others committed to bettering themselves so we can rescue mankind from self annihilation **Secret Behind the Cross and Crucifix** Nwaocha The Grea T.

Mind,2014 What do you think of when you look at the cross and the crucifix Do they hold sacred and religious value for you After reading this book your perception may change the church s use of these symbols has for centuries concealed facts regarding their true origins The author reveals these findings in this stunning expose His research includes historical accounts of Christianity s conspiracy and divulges the true meaning of the cross as a satanic symbol The author states For centuries after Christ the church and other religions that use cruciform symbols have misrepresented the physical n *The Cross of Christ (Hardcover)* Andrew Murray,2018-08-19 Andrew Murray relates in this work the importance of the cross to Christian belief and to the lessons which Jesus Christ wanted to teach all of mankind Although demonstratively brief Murray s explanations contain a conviction and poignancy explaining the centrality and vitality of the crucifix to the Christian faith The crucifixion s importance in Christ s message and destiny and the reasons behind why his spirit was led to a painful end upon the cross are keenly discussed by Murray He delivers explanations of the cross as a symbol of Christian attainment wherein God takes possession of the human soul and frees it from sin for eternity Andrew Murray authored 200 works on the religion and ministry of Christianity the Bible and on topics inspiring Christians to lead virtuous and happy lives Murray spent most of his life imparting the word of God in churches throughout South Africa and in the 1880s became an important figure in the founding of the South African General Mission
