Organizational Knowledge in the Making Gerardo Patriotta, 2003-03-27 Knowledge is a very seductive but elusive concept Following the wider debate about the emergence of the information age and the knowledge society recent years have seen an explosion of writings about organizational knowledge from different disciplinary and theoretical perspectives Yet theoretical development has not always been accompanied by sound empirical research Methodologies for studying knowledge as an empirical phenomenon are still lagging behind This book aims to fill the gap between theory method and practice by developing a phenomenological approach to the study of knowing in the context of organizing The book contributes to the fields of strategy and organization in three ways First it provides a critical review of the concepts debates

and epistemological assumptions underpinning existing theories of organizational knowledge Second it develops a methodological framework for studying knowledge processes as an empirical phenomenon that is based on three methodological lenses time breakdowns and narratives Third drawing on the three lens framework the book presents a phenomenological enquiry on knowing and organizing processes within two large car manufacturing plants at Fiat Auto Italy The book highlights the need to re think organizational knowledge from an action based perspective and suggests a new vocabulary for understanding knowledge oriented phenomena in organizations The book is addressed both to scholars of strategy and organization and to reflective practitioners Academics will be stimulated to reflect upon concepts they normally take for granted and habitually use in their research The book is also suitable for young researchers and doctoral students whose research interests lie in the areas of knowledge and organization The Fiat case study on which the book is based offers interesting insights to practitioners as far as classical themes like change innovation and organizational design are concerned Contrary to mainstream knowledge management texts however this book does not provide any recipes about alleged best ways for managing organizational knowledge Rather it invites managers and practitioners to reflect about the repertoire of knowledge they possess and yet cannot articulate *Il business automotive* Vito

Con CD-ROM Albino Leonardi,Simone Dimitri,Clara Pollet,2015 **Motor Industry Management** ,2002-02 The Top Gear Years Jeremy Clarkson,2012-09-27 The Top Gear Years brings together Jeremy Clarkson's collected magazine columns for the first time Clarkson at his pithy provocative hilarious best We now know all about the

world according to Clarkson In a series of bestselling books Jeremy has revealed it to be a puzzling frustrating place where all too often the lunatics seem to be running the asylum But in The Top Gear Years we get something rather different Because ten years ago at an ex RAF aerodrome in Surrey Jeremy and his friends built a world that was rather more to his liking they called it Top Gear HQ And Top Gear is for Jeremy what the jungle is for Tarzan the perfect place to work and play But they didn't stop there With this corner of Surrey sorted out Jeremy and the boys decided to have a crack at the rest of the world With Top Gear Live charging through with the subtlety of a touring heavy rock band and far flung outposts across the globe from North America to China an empire of petrol headed upon which the sun never set And all along Jeremy was writing about it in Top Gear magazine Here collected for the first time are the fruits of his labours the cars the hijinx the pleasure and the pain Brilliantly written and laugh out loud funny The Top Gear Years follows Jeremy Clarkson's many bestselling titles including Round the Bend and The World according to Clarkson series Praise for Jeremy Clarkson Jeremy Clarkson is very funny and his well honed political incorrectness is a joy Daily Telegraph Jeremy Clarkson began his writing career on the Rotherham Advertiser Since then he has written for the Sun the Sunday Times the Rochdale Observer the Wolverhampton Express Star all of the Associated Kent Newspapers and Lincolnshire Life Today he is the tallest person working in British television L'oro d'Italia.
