Atlantic Diasporas Richard L. Kagan, Philip D. Morgan, 2009 This wide ranging narrative explores the role that Jews Conversos and Crypto Jews played in settling and building the Atlantic world between 1500 and 1800 Through the interwoven themes of markets politics religion culture and identity the essays here demonstrate that the world of Atlantic Jewry most often typified by Port Jews involved in mercantile pursuits was more complex than commonly depicted The first section discusses the diaspora in relation to maritime systems commerce and culture on the Atlantic and includes an overview of Jewish history on both sides of the ocean The second section provides an in depth look at Jewish mercantilism from settlements in Dutch America to involvement in building British Portuguese and other trading cultures to the dispersal of Sephardic merchants In the third section the chapter authors assess the roles of identity and religion in settling the Atlantic looking closely at religious conversion slavery relationships among Jews Christians and Muslims and the legacy of the lost tribes of Israel A concluding commentary elucidates the fluidity of identity and boundaries in the formation of the Atlantic world Featuring chapters by Jonathan Israel Natalie Zemon Davis Aviva Ben Ur Holly Snyder and other prominent Jewish historians this collection opens new avenues of inquiry into the Jewish diaspora and integrates Jewish trade and settlements into the broader narrative of Atlantic exploration Jewish Entanglements in the Atlantic World Aviva

Ben-Ur, Wim Klooster, 2024-01-15 Jewish Entanglements in the Atlantic World represents the first collective attempt to reframe the study of colonial and early American Jewry within the context of Atlantic History From roughly 1500 to 1830 the Atlantic World was a tightly intertwined swathe of global powers that included Europe Africa North and South America and the Caribbean How when and where do Jews figure in this important chapter of history This book explores these questions and many others The essays of this volume foreground the connectivity between Jews and other population groups in the realms of empire trade and slavery taking readers from the shores of Caribbean islands to various outposts of the Dutch English Spanish and Portuguese empires Jewish Entanglements in the Atlantic World revolutionizes the study of Jews in early American history forging connections and breaking down artificial academic divisions so as to start writing the history of an Atlantic world influenced strongly by the culture economy politics religion society and sexual relations of Jewish people

Portuguese Jews and New Christians in Colonial Brazil, 1500-1822 Alan P. Marcus, 2024-11-15 The diaspora of Portuguese Jews and New Christians known as Gente da Na o People of the Nation is considered the largest European diaspora of the early modern period Portuguese Jews not only founded the first congregations and synagogues in Brazil Recife and Olinda but when they left Brazil they played an imperative role in establishing the first Jewish communities in Suriname throughout the Caribbean and in North America Portuguese Jews and New Christians and their descendants were deeply involved in the colonial enterprise in Brazil They were among the New World s first sugarcane industry experts skilled laborers merchants rabbis calligraphists playwrights poets writers pharmacists medical doctors real estate brokers and

Esther in Early Modern Iberia and the Sephardic Diaspora Emily Colbert Cairns, 2017-07-13 This book explores Queen Esther as an idealized woman in Iberia as well as a Jewish heroine for conversos in the Sephardic Diaspora in the sixteenth and seventeenth centuries The biblical Esther the Jewish woman who marries the King of Persia and saves her people was contested in the cultures of early modern Europe authored as a symbol of conformity as well as resistance At once a queen and minority figure under threat for a changing Iberian and broader European landscape Esther was compelling and relatable precisely because of her hybridity She was an early modern globetrotter and border transgressor Emily Colbert Cairns analyzes the many retellings of the biblical heroine that were composed in a turbulent early modern Europe These narratives reveal national undercurrents where religious identity was transitional and fluid thus problematizing the fixed notion of national identity within a particular geographic location This volume instead proposes a model of a Sephardic nationality that existed beyond geographical borders

The Jews of Eighteenth-Century Jamaica Stanley Mirvis, 2020-05-18 An in depth look at the Portuguese Jews of Jamaica and their connections to broader European and Atlantic trade networks Based on last wills and testaments composed by Jamaican Jews between 1673 and 1815 this book explores the social and familial experiences of one of the most critical yet understudied nodes of the Atlantic Portuguese Jewish Diaspora Stanley Mirvis examines how Jamaica s Jews put down roots as traders planters pen keepers physicians fishermen and metalworkers and reveals how their presence shaped the colony as much as settlement in the tropical West Indies transformed the lives of the island s Jews

Transnational Networks and Cross-Religious Exchange in the Seventeenth-Century Mediterranean and Atlantic Worlds Brandon Marriott, 2016-03-09 In 1644 the news that Antonio de Montezinos claimed to have discovered the Lost Tribes of Israel in the jungles of South America spread across Europe fuelling an already febrile atmosphere of messianic and millenarian expectation By tracing the process in which one set of apocalyptic ideas was transmitted across the Christian and Islamic worlds this book provides fresh insight into the origin and transmission of eschatological constructs and the resulting beliefs that blurred traditional religious boundaries and identities Beginning with an investigation of the impact of Montezinos s narrative the next chapter follows the story to England examining how the Quaker messiah James Nayler was viewed in Europe The third chapter

presents the history of the widely reported but wholly fictitious story of the sack of Mecca a rumour that was spread alongside news of Sabbatai Sevi The final chapter looks at Christian responses to the Sabbatian movement providing a detailed discussion of the cross religious and international representations of the messiah The conclusion brings these case studies together arguing that the evolving beliefs in the messiah and the Lost Tribes between 1648 and 1666 can only be properly understood by taking into account the multitude of narrative threads that moved between networks of Jews Conversos Catholics and Protestants from one side of the Atlantic to the far side of the Mediterranean and back again By situating this transmission in a broader historical context the book reveals the importance of early modern crises diasporas and newsgathering networks in generating the eschatological constructs disseminating them on an international scale and transforming them through this process of intercultural dissemination into complex new hybrid religious conceptions expectations and identities

Merchants and Trading in the Sixteenth Century Jeroen Puttevils, 2015-10-06 Sixteenth century Europe was powered by commerce Whilst mercantile groups from many areas prospered those from the Low Countries were particularly successful This study based on extensive archival research charts the ascent of the merchants established around Antwerp

The Same but Different? Jessica Roitman, 2011-02-14 Using cutting edge theory regarding trade networks and diaspora this study challenges the historiographical argument that the Sephardim and indeed a variety of religio ethnic groups achieved their commercial success by relying on geographically dispersed family members and fellow ethnics The book s findings challenge the reigning understanding that commercial success stemmed from endogamous business relationships and socio cultural insularity The book demonstrates that the most successful Sephardic merchants of early seventeenth century Amsterdam built their fortunes not thanks to familial or diasporic connections but through loose ties economic networks comprised of non Sephardim Focusing on three of the most prominent Sephardic merchants in Amsterdam and a random sampling of other Sephardi merchants the book reveals a multi ethnic and multi religious trade network of non Jewish merchants

God and Nature in the Thought of Margaret Cavendish Brandie R. Siegfried, Lisa T. Sarasohn, 2016-04-22 Only recently have scholars begun to note Margaret Cavendish s references to God spirits and the rational soul and little has been published in this regard This volume addresses that scarcity by taking up the theological threads woven into Cavendish s ideas about nature matter magic governance and social relations with special attention given to Cavendish s literary and philosophical works Reflecting the lively state of Cavendish studies *God and Nature in the Thought of Margaret Cavendish* allows for disagreements among the contributing authors whose readings of Cavendish sometimes vary in significant ways and it encourages further exploration of the theological elements evident in her literary and philosophical works Despite the diversity of thought developed here several significant points of convergence establish a foundation for future work on Cavendish s vision of nature philosophy and God The chapters collected here enhance our understanding of the intriguing and sometimes brilliant contributions Cavendish made to debates about God s place in the
