Argentine Youth The World Bank,2009-04-21 Argentina s youth 6 7 million between the ages of 15 and 24 are an important but to a certain extent untapped resource for development Over 2 million 31 percent have already engaged in risky behaviors and another 1 million 15 percent are exposed to risk factors that are correlated with eventual risky behaviors This totals 46 percent of youth at some form of risk This book addresses the risks faced by youth in Argentina such as low education attainment unemployment teenage pregnancy use and abuse of drugs and alcohol becoming victims of crime and low level of civic participation as well as the policy options for addressing them The chance of reducing the numbers of youth at risk over the long term is greatest by focusing policies and programs on the individual improving life skills self esteem on key relationships parents caregivers peers on communities schools neighborhoods police and on societal laws and norms Specific recommendations were developed during consultations with government counterparts *Youth Employment*

Programs World Bank,2012-12-17 In the first IEG evaluation of World Bank Group support to youth employment the findings reveal short term effects limited positive results and lack of evidence The focus is on investment climate labor market and skills An evidence based strategic approach using youth specific complementary interventions and multisectoral teams is needed Publications Catalog World Bank,2009-07

Argentina The World Bank,2009-08-21 Following the serious economic crisis in 2001 02 Argentina mobilized an unprecedented effort to provide income support to the segment of the population most in need Now as growth has returned and social indicators recovered to precrisis levels there is an opening to move from emergency support programs to a more comprehensive long term and sustainable strategy for social protection The challenge is to design and fully implement a social protection system that has adequate coverage and benefits and is integrated and fiscally and politically sustainable The analysis contained in this book aimed to contribute to and inform the debate about the future of income support policies in Argentina taking the views values and preferences of the stakeholders and the population as starting points The research included two innovative efforts to collect and understand the landscape of ideas regarding options for social protection circulating in Argentina first an extensive set of consultations with policy makers and practitioners in social policy mainly at the provincial level and second a national representative opinion survey on the views and perceptions of the population regarding social policy and income support programs in particular

Bibliographie Mensuelle United Nations Library (Geneva, Switzerland),2009-07 Adolescent Psychology in Today's World Michael J. Nakkula,Andrew J. Schneider-Muñoz,2018-11-02 This groundbreaking three volume set spotlights how conditions around the world are affecting the healthy development of adolescents in their respective environments on all six continents Continually unstable or perpetually poor economic conditions globalization and rapid technological change are just three of the forces affecting a group 1 2 billion strong today a demographic poised to become our world leaders and catalysts in the not too distant future the world s adolescents Led by two editors who have been dedicated to studying

adolescent development worldwide for decades this novel collection of works from contributors in more than 40 countries emphasizes how possibilities for healthy mental and physical development are affected by the difficulties youths face in their countries and how these challenges have shaped and are shaping contemporary teenage life today The set comprehensively addresses issues for adolescents across the globe such as the day to day challenges of poverty inadequate education violence or war disease reproductive matters globalization and technological challenges and more while also providing a strengths based focus in the volumes showing how and why some teenagers in each country have surmounted the challenges and forged stronger characters to better their worlds These stories document more than personal victories and their experiences matter to far more than the adolescents themselves In its State of the World s Children 2011 report UNICEF noted that the world community needs to turn its attention to adolescents in need explaining that focusing on this large and potentially powerful group makes economic sense as well as being a necessary step in working towards achieving human justice By addressing the risks challenges and strengths of teenagers as a group in countries worldwide this work serves to break the cycle of poverty violence discrimination and death for adolescents
