Karibo, 2024 The first study of the Fort Worth Narcotic Farm an institution that played a critical role in fusing the War on Drugs mass incarceration and public health in the American West In 1929 the United States government approved two ground breaking and controversial drug addiction treatment programs At a time when fears about a supposed rise in drug use reached a fevered pitch the emergence of the nation's first narcotic farms in Fort Worth Texas and Lexington Kentucky marked a watershed moment in the treatment of addiction Rehab on the Range is the first in depth history of the Fort Worth Narcotic Farm and its impacts on the American West Throughout its operation from the 1930s to the 1970s the institution was the only federally funded drug treatment center west of the Mississippi River Designed to blend psychiatric treatment physical rehabilitation and vocational training the Narcotic Farm its proponents argued would transform American treatment policies for the better The reality was decidedly more complicated Holly M Karibo tells the story of how this institution once framed as revolutionary for addiction care ultimately contributed to the turn towards incarceration as the solution to the nation's drug problem Blending an intellectual history of addiction and imprisonment with a social history of addicts experiences Rehab on the Range provides a nuanced picture of the Narcotic Farm and its cultural impacts In doing so it offers crucial historical context that can help us
