## **Asian Shame And Addiction Suffering In Silence:**

**Asian Shame and Addiction** Sam Louie, 2013-05 Many Asians are drowning in shame and addictions with no way out Is this any different from a traditional Westerner I would say very much so Shame is embedded in the Asian way of thinking behaving and interacting If you do not understand the cultural history of shame and its underpinnings then you will have a hard time understanding the mindset of typical Asians let alone the stranglehold of shame in their midst This book is geared towards any Christian pastor leader or parishioner who has a heart for reaching the Asian community God's unconditional love is hard for many Asians to understand because of the shame that binds them This book is to help you get to the heart of Asian Shame and some of the associated behaviors and addictions that result from a culture that inhibits healthy emotional expression If you want healthy Christianity among Asians you need to understand how to recognize and break this cultural cycle of shame that has shackled millions of Asians to fall prey to the vices of gambling infidelity sex out of control spending over eating and other addictive behaviors Asian Christian Ethics Aldrin M. Peñamora, Bernard K. Wong, 2022-09-26 Asian Christian Ethics provides an introduction for students to a range of key topics related to Christian ethics in Asia Fifteen Christian scholars from across Asia and from diverse ethnic and cultural backgrounds demonstrate how to think theologically and contextually about key ethical issues as well as describe best practices in Christian moral formation Ideal for use as a companion textbook in Asian seminaries and institutions as well as the wider Asian diaspora readers will be introduced to a wide range of topics all while upholding the authority of the Bible the centrality of Christ and the transforming power of the Holy Spirit *Passport to Shame* Sam Louie, 2024-01-09 A psychotherapist's candid memoir of addiction and recovery exploring the intersection of Asian culture mental health and assimilating into American culture as an ethnic minority Sam Louie grew up torn between cultures as part of a first generation Chinese immigrant family from Hong Kong living in a predominantly African American neighborhood in the United States He experienced the duality of existence with the tension of two vastly different worldviews his identity intertwined with the country he lives in and his ancestral ties What traditions and cultural beliefs get preserved what gets discarded and what gets lost in translation Beneath it all was the presence of three generations of addiction trauma and shame In this bold insightful book he documents the challenges of immigrant experiences and how maladaptive coping mechanisms in the form of compulsive behaviors were a means to gain a sense of adequacy due to the cultural tide of shame and ostracism within his own ethnic heritage and the external world Louie's journey of resiliency in navigating multiple cultural forces in the face of adversity and racism can give readers a new understanding of hope perseverance and the resources necessary to heal *Addiction Treatment* Sandra Rasmussen, 2000-06-21 American Journal of Nursing 2001 Book of the Year Award in Psychiatric Mental Health Nursing Building upon generic concepts and skills of caring and helping this book provides a foundation for addiction practice by health and social services professionals Chapters emphasize the knowledge considered essential in every area and each

 From the Foreword The aging population has only grown since the first edition of this comprehensive and seminal  
 publication nearly 20 years ago Based on the need to humanize rather than medicalize the illness experience for patients this  
 text delves into palliative care beyond the specific diseases affecting the patient Instead content focuses on the whole person  
 and family Palliative patients struggle with chronic debilitating and painful conditions and grapple with the fact that life as  
 they knew it has already passed away Families and friends reciprocally suffer not knowing how to help and therefore become  
 the secondary victims of the disease This is not the challenge of a lone nurse or a single physician therapist or social worker  
 Rather palliative and hospice care requires the expertise and unique roles of an interprofessional team to help the patient  
 and family strengthen their resilience continue to find meaning and purpose in life and cure what can be cured Palliative  
 Care Nursing Fifth Edition delivers advanced empirical aesthetic ethical and personal knowledge This new edition brings an  
 increased focus on outcomes benchmarking progress and goals of care It expounds upon the importance of the cross  
 disciplinary collaboration introduced in the previous edition Every chapter in Sections I II and III includes content written by  
 a non nursing member of the interprofessional team Based on best evidence and clinical practice guidelines this text presents  
 comprehensive targeted interventions responsive to the needs of palliative and hospice patients and family Each chapter  
 contains compassionate timely appropriate and cost effective care for diverse populations across the illness trajectory Key

 date scope and standards information on Basic and Advanced HPNA certification self reflection and self care for nurses A
