**Ask the Past** Elizabeth Archibald, 2015-05-21 Want to know how to garden with lobsters How to sober up Grow a beard Or simply how to make a perfect cheesy omelette Look no further than Ask the Past Chock full of advice that has and some that hasn't stood the test of time Ask the Past is the tongue in cheek compilation of hilarious and true answers to life's questions drawn from actual antique sourcebooks by a historian and bibliophile From medieval headache remedies to Renaissance pick up lines Ask the Past brings you advice that will make you laugh out loud and shake your head in amazement Here are the answers to the questions you've always wanted to ask How do I impress my boss or How do I put out a fire and some that you didn't know you needed to Brimming with advice both wise and weird and illustrated throughout with charming images from rare books Ask the Past offers a surprising vision of the past together with a hilarious menu of solutions to the knotty problems of the present like how to kill a snake with a radish [Ask the Past](#) Elizabeth P.

Archibald, 2015-05-05 Want to know how to garden with lobsters How to sober up Grow a beard Or simply how to make a perfect omelet Look no further Rather look backward Based on the popular blog Ask the Past is full of the wisdom of the ages as well as the fad diets zany pickup lines and bacon Band Aids of the ages Drawn from centuries of antique texts by historian and bibliophile Elizabeth P Archibald Ask the Past offers a delightful array of advice both wise and weird Whether it's eighteenth century bedbug advice sprinkle bed with gunpowder and let smolder budget fashion tips of the Middle Ages save on the clothes splurge on the purse or a sixteenth century primer on seduction hint do no pass gas Ask the Past is a wildly entertaining guide to life from the people who lived it first [The Art of Compilation](#) Anna Dorofeeva, 2025-03-04 The Art of Compilation Manuscripts and Networks in the Early Medieval Latin West interrogates the medieval manuscript book as a dynamic constantly changing object entangled in intellectual and cultural networks constructed and deconstructed by different people and transmuting in form and meaning over time Medieval manuscripts are not static permanently bound and delimited but rather serve as evidence for the layered relationships between texts and their material supports and when we realize that we gain a clearer view of medieval manuscript culture as driven by the agency and intellectual exchange of the people behind it This volume of essays investigates early medieval Western European manuscript culture as a field of entangled objects focusing on the connections between knowledge selection material representation and scribal agency The complex road of compiling selected texts into manuscripts compilatio in the early Middle Ages is still not well understood yet it is the key to the historical context surrounding medieval manuscript culture The practice of knowledge selection consisted of three key stages the intellectual selection of the textual content of manuscript collections the pragmatic action of arranging the textual content in a draft form by authors or editors and the material representation and aesthetic exposition of texts in manuscripts These stages were part of a linear development but also exercised reciprocal influence upon one another By tracing this process in surviving manuscript collections we can better understand in what practical ways

knowledge was encoded and how these often innovative and experimental practices contributed to the emergence and consolidation of intellectual and scribal traditions This has important implications for how we understand education reform and the exercise of power in the early Middle Ages      *Letters from Lockdown* Elaine Farmer,2020-12-09 Hilarious poignant witty and wise Letters from Lockdown Friendship Going Viral takes you not only inside the brilliant and quirky mind of Elaine Farmer but also on a journey around the world Farmer draws on her rich and varied experience to offer her reader a smorgasbord of insights into love and friendship family diplomacy theology psychology hospitality travel sickness and death all suffused with joy and more than a touch of defiance These are letters you've always wished someone would write to you and now she has They might even inspire you to write some of your own      *Life in Medieval Europe* Danièle Cybulskie,2019-12-19 A lovely witty treasure trove of a book spilling over with historical gems a very human history sometimes weird always wonderful Dan Jones New York Times bestselling author Have you ever found yourself watching a show or reading a novel and wondering what life was really like in the Middle Ages What did people actually eat Were they really filthy And did they ever get to marry for love In *Life in Medieval Europe* Fact and Fiction you'll find fast and fun answers to all your secret questions from eating and drinking to sex and love Find out whether people bathed what they did when they got sick and what actually happened to people accused of crimes Learn about medieval table manners tournaments and toothpaste and find out if people really did poop in the moat To say that this book was fun to read would be an understatement Cybulskie's knowledge radiates in every page of this short book It was educational and entertaining all at the same time Simply a wonderful resource for novice medievalists and writers of historical fiction and nonfiction alike *Adventures of a Tudor Nerd* All in all this is an excellent book to put to bed many of the myths surrounding medieval existence that persist in the popular imagination Easy to read and well worth the time to read it I highly recommend this book if you want to get a mostly unbiased view of medieval life Battles and Book Reviews      *A Two-way Street* Maryellen Hains,1982      *Thinking with Type* Ellen Lupton,2024-03-12 The essential and bestselling guide to typography from beloved design educator Ellen Lupton revised and expanded to include new and additional voices examples and principles and a wider array of typefaces *Thinking with Type* is to typography what Stephen Hawking's *A Brief History of Time* is to physics I Love Typography The bestselling *Thinking with Type* in a revised and expanded third edition This is the definitive guide to using typography in visual communication Covering the essentials of typography this book explores everything from typefaces and type families to kerning and tracking to grids and layout principles Ellen Lupton provides clear and focused guidance on how letters words and paragraphs should be aligned spaced ordered and shaped Historical and contemporary examples of graphic design show how to learn the rules and how to break them Critical essays eye opening diagrams helpful exercises and dozens of examples and illustrations show readers how to be inventive within systems that inform and communicate Featuring 32 pages of new content the third edition is revised and refined from cover to cover More fonts old
