## **Assessing Chronic Disease Management European:**

**Assessing Chronic Disease Management in European Health Systems** Who Regional Office for Europe, 2015-06-09 This book systematically examines experiences of 12 countries in Europe using an explicit comparative approach and a unified framework for assessment to better understand the diverse range of contexts in which new approaches to chronic care are being implemented and to evaluate the outcomes of these initiatives The study focuses in on the content of these new models which are frequently applied from different disciplinary and professional perspectives and associated with different goals and does so through analyzing approaches to self management support service delivery design and decision support strategies financing availability and access Significantly it also illustrates the challenges faced by individual patients as they pass through the system

**Assessing Chronic Disease Management in European Health Systems** World Health Organization, 2015-12-16 This publication explores some of the key issues ranging from interpreting the evidence base to assessing the policy context for and approaches to chronic disease management across Europe Drawing on 12 detailed country reports available in a second online volume the study provides insights into the range of care models and the people involved in delivering these payment mechanisms and service user access and challenges faced by countries in the implementation and evaluation of these novel approaches

**Handbook Integrated Care** Volker Amelung, Viktoria Stein, Esther Suter, Nicholas Goodwin, Ellen Nolte, Ran Balicer, 2021-07-12 This handbook shares profound insights into the main principles and concepts of integrated care It offers a multi disciplinary perspective with a focus on patient orientation efficiency and quality by applying widely recognized management approaches to the field of healthcare The handbook also highlights international best practices and shows how integrated care can work in various health systems In the majority of health systems around the world the delivery of healthcare and social care is characterised by fragmentation and complexity Consequently much of the recent international discussion in the fields of health policy and health management has focused on the topic of integrated care Integrated acknowledges the complexity of patients needs and aims to meet them by taking into account both health and social care aspects Changing and improving processes in a coordinated way is at the heart of this approach The second edition offers new chapters on people centredness complexity theories and evaluation methods additional management tools and a wealth of experiences from different countries and localities It is essential reading both for health policymakers seeking inspiration for legislation and for practitioners involved in the management of public health services who want to learn from good practice

**Health system performance assessment** Irene PAPANICOLAS, Dheepa RAJAN, Marina KARANIKOLOS, Agnès SOUCAT, Josep FIGUERAS MARIMONT, 2022-03-31 Ensuring a robust and resilient health system involves policy actions which need to be implemented based on the best available evidence This requires health systems to be monitored regularly to build on their strengths and to overcome any apparent shortcomings In order to assist in that process this volume a collaboration between the World Health Organization and the European Observatory on

Health Systems and Policies presents a new framework to support monitoring of health system performance with a focus on detailed conceptual links between health system functions and overall system goals This HSPA framework for Universal Health Coverage thus represents a comprehensive attempt to address fundamental questions regarding regular assessment of health systems including health system boundaries component elements and outcomes In this book each of the health system function chapters outlines the purpose of the function the sub functions that enable it to carry out the key activities necessary to fulfil its purpose as well as the assessment areas and proposed indicative measures to evaluate how well a system performs The framework will thus assist policy makers in understanding possible origins or impact of poor performance on a particular health system outcome triggering more in depth analysis *Tackling Chronic Disease in Europe* Reinhard Busse,2010 Strategic discussed in the second part of this volume include 1 prevention and early detection 2 new provider qualifications e g nurse practitioners and settings 3 disease management programmes and 4 integrated care models But choosing the right strategies will be difficult particularly given the limited evidence on effectiveness and cost effectiveness **Toolkit for developing a multisectoral action plan for noncommunicable diseases. Module 5. Evaluating the implementation of a multisectoral action plan** ,2022-04-14 Global Perspectives on Health Assessments for an Aging Population Ribeiro, Luis Vieira,Ribeiro, Anabela Magalhães,2023-04-03 Today s society recognizes that the last decades of an individual s life are usually those in which health tends to deteriorate and chronic pathologies increase Action at this level is verified through the increased concern of government officials with the elderly population motivated by the socio economic impact of costs associated with the provision of healthcare in this group *Global Perspectives on Health Assessments for an Aging Population* provides relevant theoretical frameworks and the latest empirical research findings in the area of health assessments for an aging population Covering topics such as ambulatory wellbeing gerontology and neuropsychological assessment this premier reference source is a valuable resource for gerontological healthcare professionals gerontological social workers psychologists students and educators of higher education researchers and academicians **OECD Health Policy Studies Better Ways to Pay for Health Care** OECD,2016-06-29 This report looks at payment reform one of many policy tools being used to improve health system performance **Achieving Person-Centred Health Systems** Ellen Nolte,Sherry Merkur,Anders Anell,2020-08-06 An evidence based analysis of the opportunities and challenges of moving towards more person centred health systems The Changing Role of the Hospital in European Health Systems Martin McKee,Sherry Merkur,Nigel Edwards,Ellen Nolte,2020-08-13 A team of world leading policy experts and clinicians analyse the changing role of the hospital across Europe **COPD - Pathology, Diagnosis, Treatment, and Future Directions** Steven Jones,2024-06-05 Chronic obstructive pulmonary disease is a currently incurable and irreversible lung condition with worldwide mortality rates similar to stroke diabetes and Alzheimer s disease Treatments are limited to the removal of the underlying causes e g exposure to smoke easing some of the symptoms and

slowing the rate at which the disease worsens As a consequence of smoking it is less well known than lung cancer even though it has an equal or higher mortality rate It is a combination of diseases that affects bronchioles and alveoli to different extents from patient to patient An accurate diagnosis of each patient's physiology is potentially useful in tailoring treatment to the underlying physiology This book provides an overview of the underlying pathology of the disease It then discusses some of the clinical tools available to obtain pathology specific diagnosis for a given patient A section then discusses the consequences of the disease While some of these consequences are readily expected from a cursory understanding of the disease anemia and shortness of breath others are less obvious muscle atrophy impaired balance and cardiac problems In the final sections disease treatment is addressed The book is intended to convey two important points The first is that hope exists for more effective treatments in the future while the second is that these treatments will require strong collaborations among researchers in a variety of disciplines **Skill-mix Innovation, Effectiveness and Implementation** Claudia B.

Maier, Marieke Kroezen, Reinhard Busse, Matthias Wismar, 2022-06-09 A systematic analysis of health workforce skill mix innovations implementation and outcomes for individuals patients and health systems *Kooperation und Integration - das unvollendete Projekt des Gesundheitssystems* Andreas Brandhorst, Helmut Hildebrandt, Ernst-Wilhelm Luthe, 2017-02-08 Eine an den Bedürfnissen der Patienten orientierte und bezahlbare Versorgung ist zukünftig nur möglich wenn sich das deutsche Gesundheitswesen grundlegend wandelt Wohin die Reise gehen sollte zeigen die Gesundheitssysteme anderer Länder Wir brauchen den Übergang zu einer integrierten sektor und berufsgruppen übergreifenden Versorgung mit einer stärkeren dezentralen Verankerung der Prozesse und Strukturen Erste Schritte in diese Richtung wurden Anfang des Jahrtausends eingeleitet Doch in den letzten Jahren kamen diese Schritte ins Stocken Namhafte Autoren aus Wissenschaft Verbänden Sozialversicherung Verwaltung Praxis und Industrie zeigen in diesem Buch auf wie es in Richtung regionaler integrierter Versorgungsformen weitergehen sollte Mit seinem Erscheinen in der Reihe Gesundheit Politik Gesellschaft Wirtschaft hrsg von E W Luthe und J N Weatherly steht das Buch für die wachsende Erkenntnis Gesundheitspolitik als interdisziplinäre Aufgabe zu betrachten Implementing the Primary Health Care approach: a primer World Health Organization, 2024-05-15 This Primer is about the how of primary health care PHC and brings together best practices and knowledge that countries have generated through natural experiments in strengthening PHC with the best available research evidence Despite the progress made towards PHC globally the concept is still often misunderstood even within the public health community The Primer offers a contemporary understanding of PHC and more conceptual clarity for strengthening PHC oriented health systems It does so by consolidating both scientific evidence and an extensive sample of practical experiences across countries for the needed evidence to address practical implementation issues The Primer is organized in three parts Part I explains the PHC approach its history core concepts and rationale and draws out lessons for transformation Part II addresses operational and strategic levers that make PHC work It covers governance financing and human resources for health

medicines health technology infrastructure and digital health and their role in implementing change Part III concludes with a cross cutting view of the impacts of PHC on the health system efficiency quality of care equity access financial protection and health systems resilience including in the face of climate change *Assessing Health System Performance Proof of Concept for a HSPA Dashboard of Key Indicators* OECD,World Health Organization,European Observatory on Health Systems and Policies,2023-12-12 This report jointly developed by the European Observatory OECD and WHO Europe serves as a proof of concept for a Health Systems Performance Assessment HSPA dashboard HSPA is pivotal for health system transformation providing policymakers with key indicators to identify and address system performance issues This brief represents a step towards more policy friendly dashboards emphasizing the need for a focused set of HSPA indicators aligned with policy goals The brief highlights the alignment and complementarity of the WHO Observatory global HSPA framework and OECD s renewed framework which aid policymakers in navigating health systems with actionable policy relevant indicators These frameworks establish connections between performance indicators health system functions and overarching goals supporting a coherent policy dashboard Tracer indicators like workforce digital health and service delivery outcomes are emphasized as crucial for assessing key policy areas The report underscores the importance of investing in data collection and infrastructure at national and international levels to make HSPA effective It advocates for continuous improvement and collaboration among major international organizations including WHO OECD EU and the Observatory to align methodologies and support informed policy decision making

### **Education and Public Policy in the European Union**

Sarah K. St. John, Mark Murphy, 2019-02-12 This book fleshes out activities and initiatives in the field of education from across areas of European Union competence in order to highlight the extent to which education and training have penetrated the European Community's policymaking since its creation Policies are all too often placed in their individual silos which can sometimes work against deeper understanding of policymaking and its reach across policy domains This project avoids such compartmentalisation and instead crosses boundaries to explore education's relationship with other policy areas as well as its far reaching role in the construction of a united Europe It demonstrates education's significance across the broad landscape of European integration by presenting a collection of case studies which represent policy areas that have experienced the infiltration of education These include Migration Health Agriculture Multilingualism Media and Communications and the environment

Effective methods to promote appropriate use of medicines Tomoya Tachi, Yuki Kondo, Yen-Ming Huang, 2023-12-13
