Assessing the Long-Term Impact

of Truth Commissions Anita Ferrara, 2014-09-19 In 1990 after the end of the Pinochet regime the newly elected democratic government of Chile established a Truth and Reconciliation Commission TRC to investigate and report on some of the worst human rights violations committed under the seventeen year military dictatorship The Chilean TRC was one of the first truth commissions established in the world This book examines whether and how the work of the Chilean TRC contributed to the transition to democracy in Chile and to subsequent developments in accountability and transformation in that country The book takes a long term view on the Chilean TRC asking to what extent and how the truth commission contributed to the development of the transitional justice measures that ensued and how the relationship with those subsequent developments was established over time It argues that contrary to the views and expectations of those who considered that the Chilean TRC was of limited success that the Chilean TRC has in fact over the longer term played a key role as an enabler of justice and a means by which ethical and institutional transformation has occurred within Chile With the benefit of this historical perspective the book concludes that the impact of truth commissions in general needs to be carefully reviewed in light of the Chilean experience This book will be of great interest and use to students and scholars of conflict resolution criminal international law and comparative legal systems in Latin America *EU Foreign Policy, Transitional Justice and Mediation* Laura Davis, 2014-07-11 This book analyses how the European Union translates its principles of peace and justice into policy and puts them into practice particularly in societies in or emerging from violent conflict The European Union treaty states that in its relations with the wider world the EU is to promote peace security the protection of human rights and the strict observance and the development of international law The EU is active in peace processes around the world yet its role in international peace mediation is largely ignored This book offers the first scholarly analysis of how the EU engages in peace processes and justice for human rights violations focussing on the point where mediation and transitional justice intersect Drawing on extensive fieldwork the book includes case studies of how the EU sought to promote peace and justice in the Democratic Republic of Congo DRC how it supports international justice through the International Criminal Court and a model of the EU as a mediator These provide an evidence base for policy makers and practitioners as well as strong empirical contributions to theory The book addresses whether and how the EU pursues its principles of both peace and justice in conflict zones where in practice these principles may be in conflict and the implications of these findings for understanding EU foreign policy and the EU as a security actor This book will be of much interest to students of EU foreign policy transitional justice peace and conflict studies and security studies *Transitional Justice* Hakeem O. Yusuf, Hugo van der Merwe, 2021-09-06 Transitional justice is the way societies that have experienced civil conflict or authoritarian rule and widespread violations of human rights deal with the experience With its roots in law transitional justice as an area of study crosses various fields in the social sciences This book is written with this multi and inter disciplinary dynamic of the field in mind The book presents the broad scope of transitional justice studies through a focus on the theory mechanisms and

Identity, Reconciliation and Transitional Justice

Nevin Aiken, 2013-04-15 Building upon an interdisciplinary synthesis of recent literature from the fields of transitional justice and conflict transformation this book introduces a groundbreaking theoretical framework that highlights the critical

importance of identity in the relationship between transitional justice and reconciliation in deeply divided societies Using this framework Aiken argues that transitional justice interventions will be successful in promoting reconciliation and sustainable peace to the extent that they can help to catalyze those crucial processes of social learning needed to transform the antagonistic relationships and identifications that divide post conflict societies even after the signing of formal peace agreements Combining original field research and an extensive series of expert interviews Aiken applies this social learning model in a comprehensive examination of both the South African Truth and Reconciliation Commission and the uniquely decentralized approach to transitional justice that has emerged in Northern Ireland By offering new insight into the experiences of these countries Aiken provides compelling firsthand evidence to suggest that transitional justice interventions can best contribute to post conflict reconciliation if they not only provide truth and justice for past human rights abuses but also help to promote contact dialogue and the amelioration of structural and material inequalities between former antagonists Identity Reconciliation and Transitional Justice makes a timely contribution to debates about how to best understand and address past human rights violations in post conflict societies and it offers a valuable resource to students scholars practitioners and policymakers dealing with these difficult issues

The Handbook on the Political Economy of War Christopher J. Coyne, Rachel L. Mathers, 2011-01-01 The Handbook on the Political Economy of War highlights and explores important research questions and discusses the core elements of the political economy of war

After Violence Elin Skaar, Camila Gianella Malca, Trine Eide, 2015-04-17 After Violence Transitional Justice Peace and Democracy examines the effects of transitional justice on the development of peace and democracy Anticipated contributions of transitional justice mechanisms are commonly stated in universal terms with little regard for historically specific contexts Yet a truth commission for example will not have the same function in a society torn by long term civil war or genocide as in a society emerging from authoritarian repression Addressing trials reparations truth commissions and amnesties the book systematically addresses the experiences of four very different contemporary transitional justice cases post authoritarian Uruguay and Peru and post conflict Rwanda and Angola Its analysis demonstrates that context is a crucial determinant of the impact of transitional justice processes and identifies specific contextual obstacles and limitations to these processes The book will be of much interest to scholars in the fields of transitional justice and peacebuilding as well as students generally concerned with human rights and democratisation

Transformative Transitional Justice and the Malleability of Post-Conflict States Padraig McAuliffe, 2017-03-31 Despite the growing focus on issues of socio economic transformation in contemporary transitional justice the path dependencies imposed by the political economy of war to peace transitions and the limitations imposed by weak statehood are seldom considered This book explores transitional justice s prospects for seeking economic justice and reform of structures of poverty in the specific context of post conflict states
