Assimilation Tales Of Transformation And Surrender:

Assimilation: Tales of Transformation and Surrender , Rubber moves through me until every cell is coated every nerve insulated every part of me rubberised and assimilated The process is slow purposeful unrelenting and irreversible and it feels like slowly drowning in a rising black tide of ecstasy These stories weave tales of delicious perversity unrelenting transformations heady submission and willingly given surrender They speak of masculinity and hunger of bondage hypnosis pup play and water sports They tell of men released from their limitations to test and push and explore at the very limits of experience and play and all are wrapped within a seductively hypnotic skin of rubber and leather **Sensibility in Transformation** Sydney McMillen Conger,1990-03 Focusing on the period from about 1690 to 1890 these essays depict an age of sensibility that was in transformation New connections are revealed between sensibility and other key preoccupations of the age including the feminine ideal and the poetic imagination Rituals of Dis-integration Ed Block,1993 Examines a subgenre of the Victorian Gothic exemplified by Henry James s *The Turn of the Screw* whose themes and techniques anticipate some important aspects of High Modernism Shows the intertwining of literature psychology folklore and culture in the work of Violet Paget Walter Pater Yeats Stevenson Arthur Symons and others Annotation copyright by Book News Inc Portland OR *Print the Legend* Martha A. Sandweiss,2002-01-01 Resurrecting scores of rare images of the 19th century American West *Print the Legend* offers engaging tales of ambitious photographic adventurers and misinterpreted images Chronicling both the history of a place and the history of a medium this book portrays how Americans first came to understand western photos and to envision their expanding nation 138 illustrations **Fictions of Masculinity** Peter F. Murphy,1994-07 We are just beginning to understand masculinity as a fiction or a localizable historical and therefore unstable construct This book points the way to a much needed interrogation of the many modes of masculinity as represented in literature Both women and men who are engaged in critical thinking about genders and sexualities will find these essays always thoughtful and often provocative Thas E Morgan Associate Professor of English Arizona State University Peter Murphy has assembled an innovative challenging and important set of contributions to a growing field of inquiry into constructions of masculinities in literature inspired principally by feminist and gay studies Illuminatingly crossing lines of genders sexualities cultures and methodologies *Fictions of Masculinity* greatly advances our understanding of representations of men masculinities misandry and misogyny in a wide range of literary works and genres and helps us to imagine and thereby ultimately bring about alternative constructions Harry Brod Editor *The Making of Masculinities The New Men s Studies A Mensch Among Men Explorations in Jewish Masculinity and Theorizing Masculinities* Women writing about women dominates contemporary work on sexuality Men have been far more willing to discuss female sexuality than male sexuality while the most radical and insightful analyses of male sexuality have come from women When men consider the issue of female sexuality they often speak from assumptions of security about their own unexamined sexuality This book

maintains that men have to interrogate their own sexuality if there is to be a revision of phallogocentric discourse and that this revision of masculinity must be done in dialogue with women The essays included in this collection examine the deep structure of masculine codes They ask the question Who are the men in modern literature Examining the force of the dominant values of Western masculinity they synthesize insights from feminism psychoanalysis post structuralism and new historicism These perspectives help explain how male sexuality has been structured by fictional representations By examining the images of masculinity in modern literature the essays explore traditional and non traditional roles of men in society and in personal relationships They look at how men are represented in literature the fiction of manhood They attempt to unravel the assumptions behind these representations by looking at the implications of this imagination And they speculate on possibilities for creating a new imaginary of masculinity by identifying what literature has to say about that change With analyses of a range of genres novels poetry plays and autobiography Western and Third World literatures and theoretical perspectives Fictions of Masculinity provides a significant contribution to this rapidly growing field of study Contributors are David Bergman Towson State University Miriam Cooke Duke University Martin Danahy Emory University Richard Dellamora Trent University Ontario Leonard Duroche University of Minnesota Jim Elledge Illinois State University Alfred Habegger University of Kansas Suzanne Kehde California Polytechnic University San Luis Obispo David Leverenz University of Florida Christopher Metress Wake Forest University Peter F Murphy SUNY Empire State College Rafael Prez Torres University of Pennsylvania David Radavich Eastern Illinois University and Peter Schwenger St Vincent University Nova Scotia

E. Scala,2002-08-16 Absent Narratives is a book about the defining difference between medieval and modern stories In chapters devoted to the major writers of the late medieval period Chaucer Gower the Gawain poet and Malory it presents and then analyzes a set of unique and unnoticed phenomena in medieval narrative namely the persistent appearance of missing stories stories implied alluded to or fragmented by a larger narrative Far from being trivial digressions or passing curiosities these absent narratives prove central to the way these medieval works function and to why they have affected readers in particular ways Traditionally unseen ignored or explained away by critics absent narratives offer a valuable new strategy for reading medieval texts and the historically specific textual culture in which they were written *Political Initiation in the*

Novels of Philip Roth Claudia Franziska Bruhwiler,2013-04-25 Political Initiation in the Novels of Philip Roth exemplifies how literature and specifically the work of Philip Roth can help readers understand the ways in which individuals develop their political identity learn to comprehend political ideas and define their role in society Combining political science literary theory and anthropology the book describes an individual s political coming of age as a political initiation story which is crafted as much by the individual himself as by the circumstances influencing him such as political events or the political attitude of the parents Philip Roth s characters constantly re write their own stories and experiment with their identities Accordingly Philip Roth s works enable the reader to explore for instance how individuals construct their identity against the backdrop of political transformations or contested territories and thereby become initiands or fail to do so Contrary to what one might expect initiations are not only defining moments in childhood and early adulthood instead Roth shows how initiation processes recur throughout an individual s life **Photo Archives and the Idea of Nation** Costanza
