*An Assumed Identity* Ron Mills, 2015-12-17 A World War Two romance in the air Set in the air forces defending Europe a young Rhodesian makes his way through the war with many happy and sorrowful moments along the way **The Idea of Europe in British Travel Narratives, 1789-1914** Katarina Gephardt, 2016-03-03 The nineteenth century was the heyday of travel with Britons continually reassessing their own culture in relation to not only the colonized but also other Europeans especially the ones that they encountered on the southern and eastern peripheries of the continent Offering illustrative case studies Katarina Gephardt shows how specific rhetorical strategies used in contemporary travel writing produced popular fictional representations of continental Europe in the works of Ann Radcliffe Lord Byron Charles Dickens and Bram Stoker She examines a wide range of autobiographical and fictional travel narratives to demonstrate that the imaginative geographies underpinning British ideas of Europe emerged from the spaces between fact and fiction Adding texture to her study are her analyses of the visual dimensions of cross cultural representation and of the role of evolving technologies in defining a shared set of rhetorical strategies Gephardt argues that British writers envisioned their country simultaneously as distinct from the Continent and as a part of Europe anticipating the contradictory British discourse around European integration that involves both fear that the European super state will violate British sovereignty and a desire to play a more central role in the European Union Romantic Localities Christoph Bode, Jacqueline Labbe, 2015-10-06 Romantic Localities explores the ways in which Romantic period writers of varying nationalities responded to languages landscapes both geographical and metaphorical and literatures **EPPP Step One Exam Review** Anne L. DAWN is the story of a French aristocrat a U S Army colonel and the woman they love It is a tale of treachery and timeless heroism THE DAWN chronicles the unforgettable dramas of the dark years in France 1940 1944 The story unfolds like the forbidden Tricolore against the backdrop of war death love birth history and the illusion of peace The major characters are Camille Richarde Those two spheres of her life in Roussillon overt and covert public and secret legal and illegal created a balance within this Frenchwoman that greatly aided her in adjusting to life in Provence Camille quickly forgot the calibrated existence that she d left behind in Paris The exigencies of life in Roussillon filled her with more than lists in her mind of things to do They filled her days and nights with meaning this profound sense of fulfillment which had theretofore eluded her Camille began to see that a life filled with activity suggests purpose but busyness can conceal emptiness within Guillaume de Vallon He therefore took his first tentative steps away from the life of a French aristocrat He only vaguely perceived before him the passage which extended like a huge open hand of freedom He knew that he could say nothing of these ominous visions and misty reveries to anyone In time he would speak to Camille of the truths that moved him now with defiance duty and a degree of despondence For the present Guillaume understood that this Frenchwoman and child formed the unspoken nucleus of his new life Shelter them he would or he would fail miserably at all that he sought to achieve with his new life this embryo of self just hours old Arthur Carmichael His essence bespoke a dignity a grace a formal masculinity that was as magnetic as it was magnetizing Artur marched with his boots as if the path before him was preordained The certitude and calm assurance of his movements soothed this woman even as they seduced her She had never walked beside anyone and especially a man who evinced this much purpose and decisiveness but whose resolve was wrapped in velvet He was a man of strong will determination and dominance He could also be gentle To Camille his kindness and patience signified that his passions ran deep She also sensed that his will was even stronger since it was capable of bending or if need be being bent

**W.M. Thackeray's European Sketch Books** Siegbert Salomon Prawer,2000 This copiously illustrated study focuses for the first time in any language on the whole range of Thackeray s verbal and graphic portraits and caricatures of European men women and children of his own and earlier periods It takes its readers on what he called a Roundabout Journey in which they look through the eyes of a variety of narrators and personae at natives of France Greece Italy Switzerland the Habsburg Empire Poland Russia Scandinavia the Low Countries Spain Portugal and Turkey There are a few German examples too but these are peripheral here because the author has considered them in depth in a previous book Breeches and Metaphysics Thackeray s German Discourse The contexts in which these portraits and caricatures are set include more or less ironized stereotypes and conventions impressions of landscapes and townscapes trade and diplomatic relations European literature drama showmanship journalism music and many varieties of the pictorial arts Some of the most memorable portrayals characterize past and present writers and artists through descriptive analyses of their work Contemporary prejudices and received opinions relating to class gender and nationality flow freely into such characterizations but they are constantly relativized by the interposition of quirky narrators and a keen sense of the failings and snobberies of Britons observed at home and abroad While reflecting his time in many ways Thackeray s discourse also helped to shape it and a close scrutiny of the European portraits here disengaged from his work should serve to enhance his stature as a shrewd and witty observer a gifted portraitist and caricaturist with pen and pencil and a powerful voice in Britain s ongoing conversation with her European neighbours

Gitelman, 2012-10-15 The most comprehensive surveys ever undertaken of Jews in Russia and Ukraine show that their sense of Jewishness is powerful but detached from religion Their understandings of Jewishness differ from those of Jews elsewhere and create tensions in

their interactions with other Jews especially in Israel This book examines in depth post Soviet Jews attitudes toward religion intermarriage emigration anti Semitism and rebuilding Jewish life      **Sex, Tourism and the Postcolonial Encounter**  
Jessica Jacobs, 2012-11-28 Illustrated by revealing interviews with women and men in the tourist resorts in the Sinai Egypt this book is ostensibly about western women who sleep with native men while on holiday Broadening the scope of issues involved it examines the link between these holiday romances and a much wider romanticism of place and people of the landscapes of paradise deserts and the lure of the Bedouin sheikh that are used to sell these destinations It argues that the romantic stereotyping and deliberate positioning of Third World resorts as places that somehow exist outside of the modernities the women come from is inextricably bound up in the relationships Similarly for the local man the tourist resort is perceived as a place other than his own cultural space and time and represents a modernity that is otherwise only found in the West The relationships that ensue can therefore only occur because the tourist resort acts as an intermediate space In analyzing the interaction of these men and women within the context of modernity the book provides insights into gender issues to do with globalization travel and sexuality as well as opening up the debate on sex tourism and showing this to be a lot more ambiguous and complicated than it might at first appear
