Economic and Loan Problems Confronting the Fisheries Industry, Hearing Before ..., 94-1 ... , February 17, 1975 United States. Congress. Senate. Select Committee on Small Business, 1975

Rotational Grazing and Intensive Pasture Management Ann Townsend Young, Carol A. Singer, Catherine Lynn Shull, Jane Potter Gates, Janet Saunders, Kathie Beane, Patricia La Caille John, Susan Chapman, 1993

The State of Food and Agriculture 2021 Food and Agriculture Organization of the United Nations, 2021-11-23 The COVID 19 pandemic exposed the vulnerability of agrifood systems to shocks and stresses and led to increased global food insecurity and malnutrition Action is needed to make agrifood systems more resilient efficient sustainable and inclusive The State of Food and Agriculture 2021 presents country level indicators of the resilience of agrifood systems The indicators measure the robustness of primary production and food availability as well as physical and economic access to food They can thus help assess the capacity of national agrifood systems to absorb shocks and stresses a key aspect of resilience The report analyses the vulnerabilities of food supply chains and how rural households cope with risks and shocks It discusses options to minimize trade offs that building resilience may have with efficiency and inclusivity The aim is to offer guidance on policies to enhance food supply chain resilience support livelihoods in the agrifood system and in the face of disruption ensure

sustainable access to sufficient safe and nutritious food to all

Economics, Business, and Islamic Finance in ASEAN Economics Community Ordoñez de Pablos, Patricia, Almunawar, Mohammad Nabil, Abduh, Muhamad, 2020-01-03 The economic integration of Southeast Asia or ASEAN Economic Community AEC offers enormous opportunities for its members to develop and collectively collaborate with other economies Combining the culture of the region with global business in an expanding digital atmosphere however has caused numerous challenges on an international scale Due to the importance of this economic player in Asia research on key topics including Islamic economics Islamic finance technology and cultural issues in doing business are essential to understand the ASEAN competitive landscape and its relations with other countries Economics Business and Islamic Finance in ASEAN Economics Community is a pivotal reference source that explores key issues and enhances understanding of business and economics in the ASEAN community and explores the collaboration between this community and Islamic finance and technology While highlighting topics such as global business smart manufacturing and human resource management this publication explores sustainable development practices as well as the methods of cultural appreciation in economics This book is ideally designed for deans heads of department directors politicians policymakers economists corporate heads senior general managers managing directors information technology directors and managers libraries academicians researchers and students *Techno-economic Performance of Marine Capture Fisheries* Uwe Tietze, Food and Agriculture Organization of the United Nations, 2001-01-01 This paper summarises the findings of 15 country level studies on the economic and financial performance of marine capture fisheries conducted in 1999 and 2000 Most types of vessels covered by the study showed a net profit after deducting the cost of depreciation and interest These overall positive results were also achieved because of higher prices paid to producers as compared to the previous study period Oceanic Abstracts with Indexes, 1987 Aquaculture Development and Economics Ann Townsend Young, 1993 *Geoeconomics of the Sustainable Development Goals* Lucía Morales, Bernadette Andreosso-O'Callaghan, Daniel Rajmil, 2025-03-31 In 2015 the United Nations introduced its very ambitious 2030 Agenda known as the Sustainable Developmental Goals or SDGs The SDGs provide a comprehensive list of goals and targets to address social economic and environmental issues In this book different areas of expertise are brought together examining the main challenges associated with the effects of climate change and the broader scope of the SDGs through the lenses of the geo economics and geopolitics of sustainability The book sheds light on the growing connections between the economic and financial fields and their impact on defining the international order and its economy It examines the importance of trade and economic integration in promoting sustainable development and achieving the SDGs The role of supranational organisations like the United Nations the World Trade Organisation and the IMF in supporting the SDGs within the context of the world s most advanced economies and those less developed the influence of economic diplomacy and geopolitical rivalries on progress towards the SDGs the changing global balance of power and the significance of technology and

innovation as well as the role of emerging and less developed economies in enabling sustainable development The book offers insights into practical issues linked to theory and applied frameworks underscoring the significant challenges associated with sustainable development the global economic and political reality and how political tensions affect the global economy The book supports students through the established disciplines of economics finance political science and law and provides academics with new research and theory building tools **Aquatic Sciences and Fisheries Abstracts** ,1993 Country Case Study ,2008 **National Aquaculture Act of 1979** United States. Congress. Senate. Committee on Commerce, Science, and Transportation,1980 *The Economics of Economists* Alessandro Lanteri,Jack Vromen,2014-06-05 Leading scholars investigate the profession of academic economics with a focus on the intellectual environment and incentives for economic research **Monthly Catalogue, United States Public Documents** ,1995 **Nonlinear Dynamics in Economics, Finance and the Social Sciences** Gian Italo Bischi,Carl Chiarella,Laura Gardini,2009-12-15 Over the last two decades there has been a great deal of research into nonlinear dynamic models in economics finance and the social sciences This book contains twenty papers that range over very recent applications in these areas Topics covered include structural change and economic growth disequilibrium dynamics and economic policy as well as models with boundedly rational agents The book illustrates some of the most recent research tools in this area and will be of interest to economists working in economic dynamics and to mathematicians interested in seeing ideas from nonlinear dynamics and complexity theory applied to the economic sciences **Assessment of fisheries innovations for investment and financing in Kenya** van Anrooy, R., Gietzen, T., Yang, L., Ngugi, C., Otieno, S., Essel, T.,2022-10-01 To make small scale fisheries in Kenya more sustainable fishers need to invest in responsible fishing operations and technologies reduce overfishing contribute to fisheries management and implement climate change adaptation measures Small scale fishers often do not have access to financial services to innovate and to make the necessary transition to sustainable fishing operations Access to financial services will help them to innovate and adopt measures that will provide social economic and environmental returns the desired triple bottom line The African Rural and Agricultural Credit Association AFRACA and FAO in collaboration with the State Department for Fisheries Aquaculture and the Blue Economy in Kenya implemented a project to analyse and improve the access of small scale fishers to financial services in Kenya The project identified the key finance and fisheries sector stakeholders carried out surveys and interviews and conducted a techno economic performance analysis of some small scale fishing fleets to investigate the potential innovations for investment A two day stakeholder workshop was held in 2021 in which the participants agreed to constitute a CAFI SSF Network Kenyan Chapter AFRACA developed and tested training materials on lending to the fisheries sector for financial service providers This circular provides a summary of the project achievements *Techno-economic performance review of selected fishing fleets in North and South America* Kitts, A., Van Anrooy, R., Van Eijs, S., Pino Shibata, J., Pallalever Pérez, R., Gonçalves, A.A., Ardini, G., Liese, C., Pan, M., Steiner,

E.,2020-06-01 This techno economic performance review of selected fishing fleets in North and South America presents the findings of four country level studies of fishing fleets in the United States of America Brazil Chile and Peru The review includes financial and economic information of 21 fishing fleet segments including shrimp and groundfish trawlers demersal trawlers longliners purse seiners dredgers as well as hook and line fishing vessels Analysis of the costs and earnings data of these important fishing fleet segments in North and South America using survey data from 2012 2017 for the US fleet segments and 2018 data for the South American countries fleets showed that 81 percent of the fleet segments had a positive net cash flow The net profit margins of 38 percent of the 21 fishing fleet segments were 10% Two thirds 67% of the fleet segments presented positive results in terms of their capital productivity as the return on fixed tangible assets ROFTA was positive Twenty four percent of the fleet segments showed return on investment ROI figures of twenty percent or more A majority of the Chilean and Peruvian fleet segments had ROIs of ten percent or higher in 2018 The financial and economic performance of the fishing fleet segments is not only affected by the seafood prices but also by the fisheries management regime in place fish species targeted fish stock status and fishing methods and technologies applied The age structure of the fishing vessels shows an increasing trend for most of the fishing fleet segments in this review which adds to the apparent profitability of the vessels in these fleet segments as depreciation and interests on loans are minimized **Aquaculture** United States. Congress. House. Committee on Merchant Marine and Fisheries. Subcommittee on Fisheries and Wildlife Conservation and the Environment,1977
