## **As You Are Ignite Your Charisma Reclaim Your Confidence Unleash Your Masculinity:**

*As You Are* Nick Sparks, 2015-10-23 You've been in that zone where socializing both platonic and romantic comes easy but most of the time you're not there. Around the women who intimidate you most, you struggle to think of what to say, sabotage yourself in ways you don't fully understand and feel confused about when and how to express your sexuality. You worry that you'll have to settle for someone who you're not all that excited to be with if you're lucky enough to find anyone and/or face a messy divorce when it inevitably doesn't work out. That's why I wrote this book. I've coached men on improving their social and dating lives for over a decade, charging thousands of dollars for a weekend program appearing on national news outlets and amassing millions of views on YouTube. I have a success rate with my clients that puts the rest of the industry to shame, and this book represents the very best of what I teach. I want to make this knowledge available now because I know what it's like to feel as though you'll have to settle for whatever comes along like the women you really want to be with are speaking a different language. I wrote this book because I wish I had it back in middle school. This isn't a collection of pickup lines or tricks. Let's face it: if those worked, you wouldn't be reading this right now. Simply put, this book teaches you to be that person you are when you're in the zone all the time. It's about stripping away all the things that are keeping you from being naturally attractive. You've always known that just be yourself was good advice; otherwise, it wouldn't be repeated so often. This is the book that finally explains how to do it. In this book, you're going to learn: How to eliminate rejection. Why the words you say don't really matter. The action to take that will always get you in the zone. How to identify the women that really want you to approach them. Understanding what flirting means and how to become a master at it. What to text if she doesn't respond. How to know exactly when she wants you to make the move. What to say to start a conversation in any situation. How to make conversations with people who intimidate you flow as smoothly as chats with your best friends. How to get her to contribute equally to the conversation so you don't do most of the talking and run out of things to say. How to easily overcome awkward silences. The secret to being funny. How to move an interaction forward sexually without ever worrying about being called inappropriate or creepy. How to get a phone number that turns into a date 90% of the time. How to ensure your dates are charged with sexual tension rather than ending in an awkward kiss attempt. The way sexual attraction actually works and why the lessons you've learned your entire life are wrong. How to turn a friendship into something more. How to build a social circle so you'll always have a wingman or someone to hang out with. How to always look great even if you're shopping on a budget. How to scream confidence with your body language instead of insecurity. The difference between "He was ok" and "He's awesome." How to develop yourself into the man who naturally attracts the woman or women you really want. Don't expect anything overly complicated. You'll find yourself saying it can't be this easy more than once only to discover that you're the one who's been making it difficult the entire time. Disclaimer: The language I use throughout this book represents men communicating with women because that's what I've successfully taught hundreds of

guys to do My advice however applies to anyone man or woman who s looking to improve their platonic and romantic communication with anyone else     Charisma Made Easy: Simple Steps To Being More Charismatic & Liable Darcy Carter,101-01-01 Charisma Made Easy Unlock Your Natural Charm Without Changing Who You Are Imagine walking into any room feeling confident and naturally connecting with the people around you no loud personality or grand gestures required Charisma Made Easy shows you how to tap into your unique charm helping you make meaningful connections even if you re shy introverted or have struggled with social anxiety This guide offers simple actionable steps to enhance your natural charisma in any situation Discover how to become more likable and confident without trying to be someone you re not Inside You ll Learn The essential elements of charisma presence warmth power and humor and how to cultivate each one Body language secrets for projecting confidence and authenticity Practical exercises to build a network and create deeper connections How to avoid common charisma killers and boost your likability Emotional intelligence skills to better understand and influence others The 10 x 10 Exercise to instantly improve your social skills Don t Wait to Transform Your Social Life Start your journey toward a more charismatic confident you Add to Cart now and begin unlocking your potential today     **Reclaim Your Manhood** Ryan Felman,2018-11-08 It is never too late to change your life What can you do today to improve yourself Be persistent and militant with this change and you won t recognize yourself in one year s time This book is your handbook for straightening out your life so that you can live a more fulfilling and ultimately enjoyable life This book will Help you create your life mission Understand red flags in women Develop healthy habits Gain self confidence Become a more interesting man Live a life of excellenceReclaim Your Manhood is the debut book of author Ryan Felman creator of the Path to Manliness brand and website [www.PathToManliness.com](http://www.PathToManliness.com) Ryan Felman is a man who like many other young men struggled to find his life s mission After struggling through the family court system and nearly losing everything in divorce he bounced back with fury and determination to live life to the fullest By documenting his rise Felman has created a path for young men everywhere who are lost and need direction and guidance in life In less than a year Ryan Felman went from hating running to running his first 5K and a Spartan Race He created his own website and now has authored his first book Challenge yourself by reading this book and implement its advice into your own life I have 20 steps here for the modern man to make meaningful changes to his life as well as details about how to take these steps and put them into action Change your mindset Change your life     **Man in Command** Dave Bowden,2019-07-03 Take Command of Your Confidence with a Step by Step Guide for Building Strong Self EsteemAre you sick of feeling like you re not living up to your full potential Do you know how it feels to walk into a room a classroom an office a party a gym and feel like you re the odd man out like you just don t belong there Have you ever seen a confident man who was fit well dressed charismatic and self assured and felt like you just can t compete Man in Command is your roadmap for overcoming all of these obstacles About Man in Command Amazon best selling author and award winning blogger Dave Bowden a self confessed former shy guy will show you how to take command
