Bhangra and Asian Underground

Asia, America, and the Transformation of Geopolitics William H. Overholt, 2007-11-05 American security and prosperity now depend on Asia. William H. Overholt offers an iconoclastic analysis of developments in each major Asian country, Asian international relations and US foreign policy. Drawing on decades of political and business experience, he argues that obsolete Cold War attitudes tie the US increasingly to an otherwise isolated Japan and obscure the reality that a US-Chinese bicondominium now manages most Asian issues. Military priorities risk polarizing the region unnecessarily, weaken the economic relationships that engendered American preeminence and ironically enhance Chinese influence. As a result, US influence in Asia is declining. Overholt disputes the argument that democracy promotion will lead to superior development and peace and forecasts a new era in which Asian geopolitics could take a drastically different shape. Covering Japan, China, Russia, Central Asia, India, Pakistan, Korea and South East Asia, Overholt offers invaluable insights for scholars, policy makers, business people and general readers.

Flashpoints for Asian American Studies

Cathy Schlund-Vials, 2017-10-03 Emerging from mid-century social movements, Civil Rights Era formations and anti-war protests, Asian American studies is now an established field of transnational inquiry, diasporic engagement and rights activism. These histories and origin points analogously serve as initial moorings for *Flashpoints for Asian American Studies*, a collection that considers almost fifty years after its student protest founding the possibilities of and limitations inherent in Asian American studies as historically entrenched, politically embedded and institutionally situated interdiscipline. Unequivocally, *Flashpoints for Asian American Studies* investigates the multivalent ways in which the field has at times and more provocatively has not responded to various contemporary crises, particularly as they are manifest in prevailing racist, sexist, homophobic and exclusionary politics at home, ever-expanding imperial and militarized practices abroad and neoliberal practices in higher education.

Unseeing Empire Bakirathi Mani, 2020-10-26 In *Unseeing Empire* Bakirathi Mani examines how empire continues to haunt South Asian American visual cultures Weaving close readings of fine art together with archival research and ethnographic fieldwork at museums and galleries across South Asia and North America Mani outlines the visual and affective relationships between South Asian diasporic artists their photographic work and their viewers She notes that the desire for South Asian Americans to see visual representations of themselves is rooted in the use of photography as a form of colonial documentation and surveillance She examines fine art photography by South Asian diasporic artists who employ aesthetic strategies such as duplication and alteration that run counter to viewers' demands for greater visibility These works fail to deliver on viewers' desires to see themselves producing instead feelings of alienation estrangement and loss These feelings Mani contends allow viewers to question their own visibility as South Asian Americans in U.S. public culture and to reflect on their desires to be represented

Kala Pani Crossings Ashutosh Bhardwaj, Judith Misrahi-Barak, 2021-12-23 When used in India the term *Kala pani* refers to the cellular jail in Port Blair where the British colonisers sent a select category of freedom fighters In the diaspora it refers to the transoceanic migration of indentured labour from India to plantation colonies across the globe from the mid 19th century onwards This volume discusses the legacies of indenture in the Caribbean Reunion Mauritius and Fiji and how they still imbue our present More importantly it draws attention to India and raises new questions doesn't one need at some stage to wonder why this forgotten chapter of Indian history needs to be retrieved How is it that this history is better known outside India than in India itself What are the advantages of shining a torch onto a history that was made invisible Why have the tribulations of the old diaspora been swept under the carpet at a time when the successes of the new diaspora have been foregrounded What do we stand to gain from resurrecting these histories in the early 21st century and from shifting our perspectives A key volume on Indian diaspora modern history indentured labour and the legacy of indentureship this co-edited collection of essays examines these questions largely through the frame of important works of literature and cinema folk songs and oral tales making it an artistic enquiry of the past and of the present It will be of great interest to scholars and researchers of world history especially labour history literature postcolonial studies cultural studies diaspora studies sociology and social anthropology Indian Ocean studies and South Asian studies
