Ma, 2024-09-30 This Handbook provides an accessible resource for all social work students educators practitioners and policymakers to increase their knowledge and understanding of how research into the diversity and impact of child and family social work interventions might underpin and drive policy and practice Divided into six sections The Context of Child and Family Social Work Research Preventive and Reparative Responses to Children and Families Child Maltreatment Causes Consequences and Responses Alternate Care as an Approach to Safeguarding Children and Young People Intervention Therapeutic Responses to Vulnerable Children Youth and Families Child and Family Social Work in the Global Context and comprising 52 newly written chapters by experts in the field it provides a foundational overview of the field of child and family social work including defining concepts sentinel historical milestones and the scope of practice It also identifies developments in auxiliary fields such as neuroscience psychology education health poverty and media By illustrating diverse research endeavours in parenting maltreatment prevention child protection and substitutive interventions including foster care residential care adoption and juvenile corrections and elaborating child welfare research methods measures and impacts on practice it analyses evidence based interventions and policies in early intervention child protection child placement adoption and advocacy It will be required reading for anyone working in social work and child protection *Serving School Age Children* Donald J. Cohen, 1978 **Nature and Spirituality During the Early Years** Ruth Wilson, 2025-10-15 This practical and easy to read guide shows you how to integrate nature connectedness and spiritual development into your early childhood

teaching whether in a nature based forest program or a more traditional one It uses a research based framework to illustrate ways nature and spirituality can contribute to quality of life during the early childhood years and beyond Detailing favourable conditions for supporting children s connectedness to nature and spiritual development including positive relationships with adults and peers violence free environments and respect for other living things the book emphasizes the idea of children s whole body engagement challenging the idea that spirituality is relevant to the mind and spirit only This guidebook is essential reading for all early childhood educators program directors families and anyone working with children and young people Children and Computer Technology ,2000 Physical Activity and Health Promotion in the Early Years Hannah Brewer,Mary Renck Jalongo,2018-06-19 This book focuses on improving well being among young children It provides a theoretical base explaining why physical activity is important and offers practical strategies for increasing health and well being in early childhood settings It takes ancient wisdom on the mind and body connection applies it to the youngest children and supports it with current empirical and international evidence all with an eye toward improving wellness across the lifespan The many topics discussed in the book include children s motor skills movement interaction physical literacy the use of video games dog ownership developmental delays as well as strategies to improve physical activities in the classroom and broader contexts In recent years children s health has become a priority worldwide Topics such as screen time sedentary behavior and childhood obesity have become important issues everywhere in the news in schools in community and commercial settings and among health care providers Limiting sedentary behavior increasing physical activity and maintaining a nutritious diet are three fundamental needs during early childhood Preschool years are a time when children begin to explore the world around them and develop more vivid understandings of their surroundings As this book shows the early years may be the best time to teach wellness concepts and assist young children in establishing healthy lifestyle habits

Snow Country ,1997 In the 87 issues of Snow Country published between 1988 and 1999 the reader can find the defining coverage of mountain resorts ski technique and equipment racing cross country touring and the growing sport of snowboarding during a period of radical change The award winning magazine of mountain sports and living tracks the environmental impact of ski area development and people moving to the mountains to work and live Gender and Natural Resource Management Rebecca Elmhirst,2008 This book is about the gender dimensions of natural resource exploitation and management with a focus on Asia It explores the uneasy negotiations between theory policy and practice that are often evident within the realm of gender environment and natural resource management especially where gender is understood as a political negotiated and contested element of social relationships It offers a critical feminist perspective on gender relations and natural resource management in the context of contemporary policy concerns decentralized governance the elimination of poverty and themainstreaming of gender Through a combination of strong conceptual argument and empirical material from a variety of political economic and ecological contexts including Cambodia China Indonesia Malaysia Nepal Thailand

and Vietnam the book examines gender environment linkages within shifting configurations of resource access and control The book will serve as a core resource for students of gender studies and natural resource management and as supplementary reading for a wide range of disciplines including geography environmental studies sociology and development It also provides a stimulating collection of ideas for professionals looking to incorporate gender issues within their practice in sustainable development Published with IDRC Agricultural mechanization and child labour in developing countries Takeshima, H., Vos, R.,2022-03-01 The FAO IFPRI study focuses on the use of tractors because they are among the most versatile farm mechanization tools and are universal power sources for all other driven implements and equipment in agriculture with significant potential to replace animal draught power and human power including children s muscle power Tractor use is typically also the first type of machine powered equipment in use at lower levels of agricultural development the context where most child labour is found Mechanization is mostly assumed to reduce child labour as it is expected to be labour saving in general Yet this is not always the case as it has also been observed that the use of tractors and other machinery could increase children s engagement in farm activities This may be the case if for instance their use allows farms to cultivate larger areas or if it leads to shifting chores of work from hired labor to family workers e g for weeding edges of farmland not reachable by machinery Evidence has been scant thus far but the few available studies have mostly lent greater support to the hypothesis that mechanization reduces children s productive engagement Most available studies have focused on specific cases and based on scant data The new FAO IFPRI study provides a rigorous quantitative assessment for seven developing countries in Asia India Nepal and Viet Nam and sub Saharan Africa Ethiopia Ghana Nigeria and Tanzania based on comparable farm household survey data *Resources in Education* ,2001-04 **School Life** ,1938 Urban Open Spaces Helen Woolley,2003-09-02 There is enormous interest in urban design and the regeneration of our urban areas but current thinking often concentrates on the built form forgetting the important role that open spaces play Urban Open Spaces brings together extensive research and practical experience to prove the opportunities and benefits of different types of open space to society and individuals Focusing on the importance of open spaces in daily urban life the book is divided into three sections The first section describes the social health environmental and economic benefits and opportunities that open spaces can provide The second section discusses the different types of urban open spaces that individuals or communities might use on a daily basis from private gardens to commercial squares and waterway corridors The final section provides best practice case studies demonstrating urban spaces being incorporated in new developments and community initiatives This is the first book to bring together a variety of evidence from different disciplines to outline the benefits and opportunities of urban open spaces in an accessible way Not just for students and practitioners this book will be of value for anyone interested in the design development regeneration funding and use of open spaces in urban areas *Manual of Dietetic Practice* Briony Thomas,Jacki Bishop,2013-07-08 The standard work for all those involved in the field of clinical

nutrition and dietetics The Manual of Dietetic Practice has been equipping health care professionals with the essential foundations on which to build expertise and specialist skill since it was first published in 1988 The fourth edition responds to the changing demand for multidisciplinary patient centred evidence based practice and has been expanded to include dedicated chapters covering adult nutrition freelance dietetics complementary and alternative therapies Compiled from the knowledge of both individual experts and the British Dietetic Association s Specialist Groups this truly is the essential guide to the principles of dietetics across its whole range
