Strang, 2021-09-07 FROM THE BEST SELLING AUTHOR OF GOD AND DONALD TRUMP 64% of Americans believe cancel culture is a threat to their freedom This book will help you realize the seriousness of the battle before us and illuminate the present circumstance for the purpose of doing good to bring hope It will document what is happening in our country how believers can respond and why we can look expectantly to the future This is the time for neither religious fatalism nor political inaction No matter how bad things get in the culture or in government the Bible is true and God has plans and purposes we don t understand and in the end we win Things are chaotic in America Liberal policies are advancing A rash of executive orders appears to be moving the nation closer to socialism and a one world government And conservatives including many Christians are being censored as never before There s even a term cancel culture which 64 percent of Americans believe poses a threat to their freedom according to a Harvard CAPS Harris Poll Among Republicans that figure is even higher at 80 percent The term applies to all conservatives who oppose the politically correct crowd but it s part of a bigger effort to cancel Christianity and those who espouse biblical principles It almost seems this is the beginning of the end and the Antichrist will appear at any time You pick the cultural or political issue and there likely is not even the semblance of widespread agreement It seems that Christians are in an unprecedented season of fragmentation potential division and actual separation on many fronts Instead of going forward much of the church seems to be moving backward or standing still waiting for what s next The body of Christ is a big diverse family and we must choose to cheer one another on rather than get into circular firing squads We are called to advance on every front This book will assess and affirm the different approaches playing out The body needs clarity and unity and has little of both right now Wounded armies want hope focus and encouragement This book will not throw anyone overboard who is standing for the truth in some positive way Rather it will allow readers to look critically at the various approaches vying for our allegiance and attention here in the middle of 2021 In the course of this survey we will find reason to affirm where people are fighting on the battlefield and validate the perspectives they bring Featuring interviews with a cross section of leaders this book will

document what is happening in our country how believers can respond and why we can look to the future with hope Even though things are bad we must understand that conditions have been this bad or worse in the past and God always came through He has plans and purposes we don't understand Christians must not lose heart We must stand strong and not be intimidated We must pray and we must believe God for a great awakening No matter how bad things get in the culture or in government the Bible is true and all things work together for good to those who love God Rom 8 28 MEV That's because we are called according to His purpose A purpose never goes in reverse This book will reveal what that looks like in its various forms in the day in which we live It gives a great handle for promoting unity and appreciation of one another when that is breaking down so badly elsewhere Indeed maybe the love Jesus spoke about that makes us recognizable to the world will be seen as this book illuminates the supernatural unity among people of very diverse opinions and approaches while pointedly addressing these various hot button areas
