Balans Van Nederland:

Geneeskundige Adresgids Nederland 2012-2013 Paul Dijkstra, 2012-06-25 *Geneeskundige Adresgids Nederland 2012 2013* **De betalingsbalans van Nederlandsch-Indie in de jaren 1925 tot en met 1929** Dutch East Indies. Centraal Kantoor voor de Statistiek, 1930 **Jews and Muslims in London and Amsterdam** Sipco J. Vellenga, Gerard A. Wiegers, 2022-11-28 This book focuses on the development of bilateral Jewish Muslim relations in London and Amsterdam since the late 1980s. It offers a comparative analysis that considers both similarities and differences drawing on historical, social, scientific and religious studies perspectives. The authors address how Jewish Muslim relations are related to the historical and contemporary context in which they are embedded, the social identity strategies Jews and Muslims and their institutions employ and their perceived mutual positions in terms of identity and power. The first section reflects on the history and current profile of Jewish and Muslim communities in London and Amsterdam and the development of relations between Jews and Muslims in both cities. The second section engages with sources of conflict and cooperation. Four specific areas that cause tension are explored: the Israeli-Palestinian conflict, antisemitism and Islamophobia, attacks by extremists and the commemoration of wars and genocides. In addition to trigger events, what stands out is the influence of historical factors, public opinion, the mainstream Christian churches and the media, along with the role of government. The volume will be of interest to scholars from fields including religious studies, interfaith studies, Jewish studies, Islamic studies, urban studies, European studies and social sciences, as well as members of the communities concerned, other religious communities, journalists, politicians and teachers who are interested in Jewish Muslim relations. It focuses on the way stereotypes are passed on from one decade to the next as reflected in public debates, the mass media, protests and commemorations and everyday interactions. The Holocaust, Israel and the Jew explores the ways in which old stories and phrases relating to the stereotypical Jew are recycled and modified for new uses, linking the antisemitism of the early postwar years to its enduring manifestations in today's world. The Dutch case is interesting because of the apparent contrast between the Netherlands' famous tradition of tolerance and the large numbers of Jews who were deported and murdered in the Second World War. The book sheds light on the dark side of this so-called Dutch paradox in manifestations of aversion and guilt after 1945. In this context, the abusive taunt 'They forgot to gas you, you can be seen as the first radical expression of postwar antisemitism' as well as an indication of how the Holocaust came to be turned against the Jews. The identification of the Jew with the gas chamber spread from the streets to football stadiums and from verbal abuse to pamphlet and protest. The slogan ' Hamas Hamas all the Jews to the gas ' indicates that Israel became a second marker of

postwar antisemitism The chapters cover themes including soccer related antisemitism Jewish responses philosemitism antisemitism in Dutch Moroccan and Dutch Turkish communities contentious acts of remembrance the neo Nazi tradition and the legacy of Theo van Gogh The book concludes with a lengthy epilogue on the Jew in the politics of the radical right the attacks in Paris in 2015 and the refugee crisis The stereotype of the Jew appears to be transferable to other minorities
