coincide with the D Day landings As US and British forces pushed west the Russians liberated Eastern Europe and made their first attacks on German soil in the autumn of 1944 Königsberg itself was badly damaged by two British air raids at the end of August 1944 and the main offensive against the city by the Red Army began in January 1945 The depleted and poorly armed German army could do little to hold it back and by the end of January East Prussia was cut off The Russians exacted a terrible revenge on the civilian population who were forced to flee across the freezing Baltic coast in an attempt to escape On April 9 the city surrendered to the Russians after a four day onslaught Denny fills in a gap in the historiography of World War II s European eastern front Booklist
