The Basecamp Manifesto Terence C. Young,2024-10-23 It is often said that it is lonely at the top But this loneliness can be dangerous not only to the leader but also to the led It

turns out we hold our environments as we are held If we are not held in a caring and daring fashion it shows up in how we live and lead The Basecamp Manifesto is a formative work on developing and sustaining leadership skills Here Terence Young outlines the development of a changed narrative around leading organizations Rather than the often stereotyped perception of leadership as a solitary ascent to the top followed often by an equally solitary descent down the leadership peak Young has created a framework for leadership that relies on developing a basecamp of companions Like the familiar basecamps of extraordinary physical ascents of Mount Everest and other spectacular and spectacularly challenging peaks a leader's basecamp is a secure base of trusted and trusting peers that shape and nurture you during the ascent to leadership Young presents the gifts that current and future leaders should find in a secure base greater clarity in the sense making process enhancement of agility in navigating dynamic situations building endurance to face challenges and fostering generativity for greater productivity and innovation in one's life quest The Basecamp Manifesto is written for leaders of all organizations whether for profit or nonprofit Whether a business leader an educational leader a political leader a religious leader or other society facing leader all leaders face particular and specific challenges in leadership How do I lead and navigate with those in my circle through a world of increasing volatility uncertainty complexity and ambiguity For the sake of those you lead Young's groundbreaking work says to leaders find your people find your secure base find and shape and nurture the circle of trust that can make you a quality leader The Basecamp Manifesto can help you to become intentional about shaping relationships where clarity agility durability and generativity can be found and fostered *Women and C.S.*

C. S. LEWIS PRE-EVANGELISM FOR A POST- CHRISTIAN WORLD Brian M. Williams, 2021-01-23 We find ourselves living today in very much a post Christian world Not only does the culture largely reject Christianity's claims we find that long held basic truths that people have embraced throughout history have been jettisoned the belief in objective morality right and wrong transcend each person's opinions and feelings spiritual reality the world contains more than what we see via our 5 senses that God is real that truth is objective and knowable if something is true my disagreeing with it or finding it unpleasant emotionally doesn't make it false This presents a great difficulty for Christians trying to communicate the

Christian message to people today We can take nothing for granted if the message is to make any sense to the hearer We must start with the most basic concepts The question then arises How do we make a start when the bedrock ideas are not only disbelieved but viewed with contempt by so many today C S Lewis thought that he had found a door we could enter to steal past the watchful dragons of the modern person's reason by way of imaginative fiction He sought to re-introduce Christian ideas clothed in mythological garb so that in time after their affections had been stirred the explicit message about Christ might be given a fair hearing He engaged both the heart and the head In this way he pre-evangelized his audience This book examines the grounds both philosophically and theologically upon which he did that It explores Lewis's view of reality and the human imagination surveying his Chronicles of Narnia and The Space Trilogy in particular to demonstrate precisely how he carried out this strategy We can learn from Lewis here as we show both the beauty and the truthfulness of Christianity to people in a way that meets them where they are [Our True Beloved](#) Michael S. Whiting, 2024-10-17 C S Lewis's masterpiece The Four Loves published in 1960 provided the world with a Christian exploration of four dimensions of human love extolling the divine blessings and warning of the idolatrous distortions in familial belonging storge friendship as a common quest philia romantic desire for personal union eros and concluding with the perfection of divine unconditional love agape Whiting uses the four loves as a framework to interpret the Christian love of God in historical movements across Catholic Orthodox Protestant and Pentecostal Charismatic churches He illuminates the often reactionary and competing tensions swinging between emphases on loving God in liturgical ritual and worship storge the active moral life philia personal spiritual experience eros and approaches of faith to suffering agape Synthesizing a panoramic view of Christian history with philosophy literature and biblical reflection Whiting shows how the love of God is diminished when the loves become fractured He advocates for an integrated holistic love of God that both avoids excesses and challenges the modern narrative of secular progress [The Chicago Guide for Freelance Editors](#) Erin Brenner, 2024-05-08 The definitive guide to starting and running a freelance editing business You've been thinking about shifting into the world of freelance editing but you don't know where to start In a time when editors are seeking greater flexibility in their work arrangements and schedules freelancing is an increasingly common career option But deciding to go it alone means balancing the risks with the rewards From the publisher of The Chicago Manual of Style comes The Chicago Guide for Freelance Editors the definitive guide to running your business and finding greater control and freedom in your work life In this book Erin Brenner an industry leader and expert on the business of editorial freelancing gathers everything you need to know into a single resource Brenner has run her own successful editing business for over two decades and has helped hundreds of editors launch or improve their businesses through her teaching blog writing and coaching The Chicago Guide for Freelance Editors will walk you through the entire process of conceiving launching and working in a freelance editing business from deciding on services and rates to choosing the best business structure to thinking through branding and marketing strategies and
