Strategic Innovation and Sustainable Customer-Centric Growth Ananthan, Sriram, Kohli, Amit, Manickam, Thirupathi, Dhanabalan, T., 2025-09-11. Strategic innovation and sustainable customer-centric growth drive long-term success in today's evolving business landscape. Organizations that prioritize innovation adapt to changing market demands while ensuring they stay ahead. By placing the customer at the core of their strategies, businesses can create lasting value, build brand loyalty, and drive meaningful growth that balances profitability with long-term sustainability. This approach requires a continuous alignment of innovative efforts with customer needs, emerging technologies, and environmental and social responsibility. The convergence of strategy, innovation, and a customer-centric mindset may build resilient and future-ready organizations. *Strategic Innovation and Sustainable Customer-Centric Growth* explores how organizations can leverage strategic innovation to develop sustainable customer-centric business models that drive long-term growth. It examines the integration of customer insights, technological advancements, and sustainability practices into core strategies to create competitive advantage and lasting value. This book covers topics such as business strategy, circular economics, and digital marketing, and is a useful resource for business owners, academicians, researchers, and scientists. Federal Register, 1976-07. **Disciplined Growth Strategies** Peter S. Cohan, 2017-02-06. Accelerate your company's growth in a disciplined fashion. This book provides leaders of large and small companies a proven, comprehensive framework to think systematically about growth options and to yield practical strategies that produce faster growth. Drawing insights from case studies of successful and unsuccessful companies, strategy teacher and venture capitalist Peter Cohan models his systematic approach to brainstorming, evaluating, and implementing growth strategies across five dimensions: Customers, Geography, Products, Capabilities, and Culture. He examines each of these five growth dimensions in turn, selecting and organizing his cases to compare the growth strategies deployed successfully and unsuccessfully by large and small companies along the given dimension. In each of his five dimensional chapters, the author derives from his case analyses the key principles and

processes for creating and achieving faster growth Professor Cohan draws on a network of hundreds of founders CEOs and investors developed through his decades of consulting authorship of 11 books and over five years as a Forbes columnist He shows through many compelling stories how leaders craft effective growth strategies Business leaders will learn the following lessons from this book Achieving rapid but sustainable growth is a business leader s most important responsibility and leaders must approach this challenge with a mixture of vision intellectual humility and a willingness to experiment and learn from failure The growth challenges facing companies that are currently growing quickly differ from the ones that stagnating or shrinking companies must overcome Companies can achieve growth along one or more of the dimensions simultaneously and they often expand geographically to customers in the same segments Useful insights can emerge from comparing case studies of successful and unsuccessful companies pursuing similar growth strategies Companies should select a growth strategy based on three factors the attractiveness of the growth opportunity the company s capabilities to provide superior value to customers in the selected market and the expected return on investment in the growth vector Companies should select a growth strategy that best fits their capabilities and culture and they must enhance both to adapt to new growth opportunities Who This Book Is For The people in companies who are responsible for growth chief executive officers chief marketing officers chief product officers heads of business development product managers sales people and human resources managers
