Banker To The Poor Micro Lending And The Battle Against World Poverty:

Banker to the Poor Muhammad Yunus, 2010-07 Muhammad Yunus is that rare thing a bona fide visionary His dream is the total eradication of poverty from the world In 1983 against the advice of banking and government officials Yunus established Grameen a bank devoted to providing the poorest of Bangladesh with minuscule loans Grameen Bank based on the belief that credit is a basic human right not the privilege of a fortunate few now provides over 2.5 billion dollars of micro loans to more than two million families in rural Bangladesh Ninety four percent of Yunus's clients are women and repayment rates are near 100 percent Around the world micro lending programs inspired by Grameen are blossoming with more than three hundred programs established in the United States alone Banker to the Poor is Muhammad Yunus's memoir of how he decided to change his life in order to help the world's poor In it he traces the intellectual and spiritual journey that led him to fundamentally rethink the economic relationship between rich and poor and the challenges he and his colleagues faced in founding Grameen He also provides wise hopeful guidance for anyone who would like to join him in putting homelessness and destitution in a museum so that one day our children will visit it and ask how we could have allowed such a terrible thing to go on for so long The definitive history of micro credit direct from the man that conceived of it Banker to the Poor is necessary and inspirational reading for anyone interested in economics public policy philanthropy social history and business Muhammad Yunus was born in Bangladesh and earned his Ph.D in economics in the United States at Vanderbilt University where he was deeply influenced by the civil rights movement He still lives in Bangladesh and travels widely around the world on behalf of Grameen Bank and the concept of micro credit **Banker to the Poor** Muhammad Yunus, 2003-07-11

Muhammad Yunus set up the Grameen Bank in his home country of Bangladesh with a loan of just 17 to lend tiny amounts of money to the poorest of the poor those to whom no ordinary bank would lend Most of his customers as they still are were illiterate women wanting to set up the smallest imaginable village enterprises It was his conviction that this new system of micro credit lending even such small sums would give such people the spark of initiative needed to pull themselves out of poverty Today Yunus's system of micro credit is practised around the world in some 60 countries including the US Canada and France His Grameen Bank is now a billion pound business It is acknowledged by world leaders and by the World Bank to be a fundamental weapon in the fight against poverty Banker to the Poor is Yunus's enthralling story of how he did it how the terrible famine in Bangladesh in 1974 focused his ideas on the need to enable its victims to grow more food how he overcame the sceptics in many governments and among traditional economic thinking and how he saw his micro credit extended even outside the Third World into credit unions in the West Such is the importance of his book that HRH the Prince of Wales has contributed a Foreword in which he hails a remarkable man who spoke the greatest good sense Banker to the Poor Muhammad Yunus, 2003 The founder of the Grameen Bank relates how he developed the system of micro credit to help eradicate poverty in countries such as Bangladesh by providing financial education and small loans to rural families

The Birth of Development Amy L. S. Staples, Amy L. Sayward, 2006 A comprehensive examination of economic globalization Focused on the creation and evolution of post 1945 internationalist ideology The Birth of Development highlights efforts to diffuse the destructive role of the nation state in world affairs by constructing truly international organizations with global agendas the World Bank the Food and Agriculture Organization and the World Health Organization These organizations and the men and women who worked for them pioneered the advancement of the quality of life for all and established an ongoing obligation to promote worldwide economic development As author Amy Staples reveals the results of their efforts were mixed Grounded in archival research conducted in the archives of the World Bank Food and Agriculture Organization and World Health Organization as well as in other archives in the United States Canada and Great Britain The Birth of Development provides a foundational understanding for many of today s debates on economic globalization especially those that involve the World Bank and World Trade Organization Given the current role of international peacekeepers and multinational aid agencies this story is timely and makes clear that the issues that confronted early postwar planners and reformers remain in many ways unsolved even today The Birth of Development is the only comparative study of these crucial architects of the theory and practice of economic development and it contributes significantly to the ongoing effort to view the postwar period as more than simply an East West Cold War It breaks new ground conceptually and methodologically and will be a welcome addition to the literature in the fields of modern diplomatic history and international relations

The Micro-politics of Microcredit Mohammad Jasim Uddin,2015-05-01 Microcredit has been seen in recent decades as having great potential for aiding development in poor developing countries with Bangladesh being one of the countries which has pioneered microcredit and implemented it most widely This book based on extensive original research explores how microcredit works in practice and assesses its effectiveness It discusses how microcredit usually channelled through women is often passed to the men of the family a practice disapproved of by some but regarded as acceptable by borrowers who have a communal approach to debt rather than viewing debt as something held by single individuals The book demonstrates how the rules around microcredit are often seem as irksome by the borrowers how lenders often charge high rates of interest and work primarily to preserve their institutions thereby going against the spirit of the microcredit movement and how borrowers often end up on a downward spiral deeper and deeper in debt Overall the book argues that although microcredit does much good it also has many drawbacks

application helping us to appreciate the interface between the gospel of Jesus Christ and the traditional African worldview I heartily recommend this book to all thinking Christian leaders in Africa pastors teachers and missionaries Kevin G Smith DLitt PhD Vernon Light wrote this book with an apostolic passion in the way the apostles presented and proclaimed the Gospel to world religions and cultures It is an exciting study of African traditional religion and its relation to Christianity It shows that for Christianity to thrive and be relevant biblically and transformationally in Africa firstly Christian scholars and theologians are needed who understand and address Africa's traditional heritage and Western modern postmodern and pluralistic ideologies and secondly the Gospel must be contextually relevantly meaningfully and practically taught through an effective discipleship program The book based on extensive research and massive use of resources is a valuable tool for students pastors scholars and theologians interested in the state of Christianity and religious change in Africa Professor Yusufu Turaki PhD Much more than being a useful resource this is a book with a mission Like Jeremiah of old Jer 20 9 Vernon is a man with a passion and message from God to the society to which God has called him Like Jeremiah Vernon is totally convinced of the absolute truth of his message in the midst of a myriad of conflicting opinions and that his message will change society from disaster to hope Would that it is heard Professor David T Williams DTh The Rev Vernon E Light BSc BDHons MTh is a member of the academic staff at the South African Theological Seminary The Rotarian ,2001-02 Established in 1911 The Rotarian is the official magazine of Rotary International and is circulated worldwide Each issue contains feature articles columns and departments about or of interest to Rotarians Seventeen Nobel Prize winners and 19 Pulitzer Prize winners from Mahatma Gandhi to Kurt Vonnegut Jr have written for the magazine **Why Don't American Cities Burn?** Michael B. Katz,2012-05-25 At 1 27 on the morning of August 4 2005 Herbert Manes fatally stabbed Robert Monroe known as Shorty in a dispute over five dollars It was a horrific yet mundane incident for the poor heavily African American neighborhood of North Philadelphia one of seven homicides to occur in the city that day and yet not make the major newspapers For Michael B Katz an urban historian and a juror on the murder trial the story of Manes and Shorty exemplified the marginalization social isolation and indifference that plague American cities Introduced by the gripping narrative of this murder and its circumstances Why Don't American Cities Burn charts the emergence of the urban forms that underlie such events Katz traces the collision of urban transformation with the rightward moving social politics of late twentieth and early twenty first century America He shows how the bifurcation of black social structures produced a new African American inequality and traces the shift from images of a pathological black underclass to praise of the entrepreneurial poor who take advantage of new technologies of poverty work to find the beginning of the path to the middle class He explores the reasons American cities since the early 1970s have remained relatively free of collective violence while black men in bleak inner city neighborhoods have turned their rage inward on one another rather than on the agents and symbols of a culture and political economy that exclude them The book ends with a meditation on how the political left and right have come to believe that

urban transformation is inevitably one of failure and decline abetted by the response of government to deindustrialization poverty and race How Katz asks can we construct a new narrative that acknowledges the dark side of urban history even as it demonstrates the capacity of government to address the problems of cities and their residents How can we create a politics of modest hope
