Fennell, 2019-05-01 How has the Christian movement grown and changed in the last five hundred years From Luther to Tillich and the Virgin Mary from Protestant initiatives and Catholic dialogues from Charles Taylor to progressive Christianity this book runs the gamut The urgency of ecology the sacramentality of foot washing the complexities of biblical interpretation the theology of the cross and the ongoing work of reformation are all under the microscope A distinctively ecumenical project this book presents a variety of perspectives on these pressing questions drawing together authors from the Anglican Baptist Lutheran Roman Catholic United Church of Canada traditions and more Each contributor provides unique insights into Christianity s ongoing processes of re forming as contexts and circumstances change Readers will find resonances of the familiar interwoven with new research about the project of ecumenical Christianity *The Megachurch and the Mainline* Stephen Ellingson, 2008-09-15 Religious traditions provide the stories and rituals that define the core values of church members Yet modern life in America can make those customs seem undesirable even impractical As a result many congregations refashion church traditions so they may remain powerful and salient How do these transformations occur How do clergy and worshipers negotiate which aspects should be preserved or discarded Focusing on the innovations of several mainline Protestant churches in the San Francisco Bay Area Stephen Ellingson s *The Megachurch and the Mainline* provides new understandings of the transformation of spiritual traditions For Ellingson these particular congregations typify a new type of Lutheranism one which combines the evangelical approaches that are embodied in the growing legion of megachurches with American society s emphasis on pragmatism and consumerism Here Ellingson provides vivid descriptions of congregations as they sacrifice hymns in favor of rock music and

scrap traditional white robes and stoles for Hawaiian shirts while also making readers aware of the long history of similar attempts to Americanize the Lutheran tradition This is an important examination of a religion in flux one that speaks to the growing popularity of evangelicalism in America

You Can't Ask That! Christian Piatt, 2020-10-06 Have you ever had a burning question that seemed off limits or inappropriate to ask about Christianity the Bible or Jesus You Can't Ask That gathers 50 of the most provocative challenging or otherwise taboo questions that many of us have wondered about but few have actually asked Edited by Christian Piatt who once had a bible thrown at his head for asking too many questions during a Sunday school class this collection considers nothing off limits and takes the hard questions seriously Responses from theology professors pastors lay leaders and other progressive Christians range from the personal to the profound and from sarcastic to deeply touching By offering multiple perspectives to those banned questions readers can craft their own answers Better yet they'll understand that questioning faith is not taboo it's the foundation of a strong and growing faith

Banned Questions About the Bible Christian D Piatt, 2011-03-31 From Christian Piatt When I was a teenager my youth minister threw a bible at my head for asking questions Too often for various reasons people don't have the opportunity to ask the hard questions they have about faith religion salvation and the bible And when questions are left unanswered in communities of faith people either seek answers elsewhere or lose interest all together The purpose of the series is to collect the most compelling and challenging questions from various theological areas and pose them to a panel of experts who are challenged with responding in two hundred words or less in plain English This volume addresses challenging or controversial questions about scripture collected from people on Facebook MySpace Twitter and other social networking media Respondents include theology professors clergy lay leaders liberals conservatives and voices representing a spectrum of views The idea behind the books is not so much to provide definitive answers as it is to stimulate thought reflection and discussion By offering multiple perspectives readers have the opportunity to arrive at their own questions Better they come to understand that questioning faith is not taboo but rather that it can be at the foundation of a strong and growing faith The directive given to each respondent guided them to be concise and to speak in plain language but also not to rely exclusively on the Bible says it justifications or to wax abstract or overly intellectual Instead they write from personal experience as much as possible and provide real life contexts that will allow the average seeker or churchgoer to apply such ideas to their daily lives

Menking,2023-02-02 The powers of death are closer than we thought Their perils appear in the forms of increased gun violence racism economic disparity and global warming to name but a few Faced with these threats Christians in this self absorbed culture tend to use their faith as a kind of palliative comfort that protects them from the truths of what these powers are doing to us as a human community and the sufferings they are inflicting on others particularly the poor and the disenfranchised Moreover it is used to shield them from responding to the gospel s call to leave survival for vocation Using Luther s theology of the cross and the instruction he imparts in his Large Catechism this book asserts that in the face of the sufferings in which we are situated the gospel news of Jesus s resurrection is a call to stand in its hope and power to resist these devastations and the dehumanization exploitation and domination they inflict The hope of God s life giving creativity in the face of the powers of death is given witness when Christians leave survival modes of existence to be in their baptismal vocation of loving neighbors as themselves *Lutheran Companion* ,1896 **Liturgical Spirituality** Philip H.

Pfatteicher,1997-04-01 Well known liturgical scholar and writer Philip Pfatteicher turns his attention in this book to liturgical spirituality as distinct from liturgy and spirituality which assumes two essentially separate disciplines Liturgical spirituality is a holistic concept bringing together both liturgy and spirituality with reference to the interior life of the spirit that is formed and nurtured by the church s liturgy Pfatteicher acknowledges that there are other kinds of spirituality that appear to flourish apart from and in addition to the liturgy for example the spirituality of the desert ascetics of the early centuries of christianity the devotion of the Religious Society of Friends and many forms of meditation and spiritual discipline such as the Spiritual Exercise of Ignatius Loyola The focus of the present volume however is on the spiritual life as formed by the liturgy

the ordered form of Christian worship East and West Catholic and Protestant In addition to the form of worship one might experience on a Sunday morning Liturgical Spirituality guides the reader through and into the experience of daily prayer the Easter Vigil the Church Year the Eucharist hymns and music Baptism and even church architecture as hallowing space In 1955 Louis Bouyer published an admirable study entitled Liturgical Piety written before Vatican II and its far reaching reforms that fundamentally changed the entire Western church Philip Pfatteicher has now taken up the challenge of expanding upon Bouyer with a current and invigorating study not of liturgical piety but of liturgical spirituality Philip Phatteicher is Professor of English at East Stroudsburg University in Pennsylvania a frequent writer and lecturer on liturgical issues and author of A Dictionary of Liturgical Terms and The School of the Church Worship and Christian Formation both published by Trinity Press

The Augsburg Confession Timothy J. Wengert, 2020-09-01 The Augsburg Confession is the single most important confession of faith among Lutherans today However it is often taught either from a historical perspective or from a dogmatic one Yet the context out of which it arose was far more practical and lively marked from the outset as confessions of faith in the face of fierce opposition and threats The original princely signers while clearly outlining the teaching of their churches were also staking their lives on the witness to the gospel that had been emanating from Wittenberg since 1517 when Martin Luther first published his Ninety Five Theses By situating both the history and the theology of this document within the practice and life of faith Timothy J Wengert shows just how relevant the Confession s witness is for today s Lutheran parishes and their leaders by unlocking how its articles can shape and strengthen the church s witness today

Book of Harmony Martin J. Lohrmann, 2016-09-07 The Reformation era writings that make up the Lutheran Confessions remain lively resources for Christian ministry and mission today Because each of the documents within the Book of Concord was written with a specific context and rhetorical purpose in mind each has its own compelling story and objectives Luther s catechisms present the faith for daily life at the grass roots level with teaching elements that we might now view as typical of social media and multimedia The Augsburg Confession and its Apology provide an adaptable foundation for preaching teaching church organization and dialogue that is rooted in the promise of Christ received through faith Fifteen years after the Diet of Worms the Smalcald Articles reveal yet another Here I stand moment for Luther Finally the Formula of Concord shows how the next generations of Lutherans used collaboration and consensus as they wrestled with important themes of faith and life In summary as these texts engage us with their stories they invite us to consider what is most important about our journeys of faith and Christian witness in today s twenty first century contexts
