Copeland,Esperanza Ramirez-Christensen,2001-07-31 This provocative collection of essays is a comprehensive study of the father daughter dynamic in Japanese female literary experience Its contributors examine the ways in which women have been placed politically ideologically and symbolically as daughters in a culture that venerates the father They

weigh the impact that this daughterly position has had on both the performance and production of women's writing from the classical period to the present. Conjoining the classical and the modern with a unified theme reveals an important continuum in female authorship, a historical approach often ignored by scholars. The essays devoted to the literature of the classical period discuss canonical texts in a new light, offering important feminist readings that challenge existing scholarship, while those dedicated to modern writers introduce readers to little-known texts with translations and readings that are engaging and original. Contributors: Tomoko Aoyama, Sonja Arntzen, Janice Brown, Rebecca L. Copeland, Midori McKeon, Eileen Mikals, Adachi Joshua S., Mostow Sharalyn, Orbaugh Esperanza, Ramirez Christensen, Edith Sarra, Atsuko Sasaki, Ann Sherif.

Naughty Girls and Gay Male Romance/Porn: Slash Fiction, Boys' Love Manga, and Other Works by Female "Cross-Voyeurs" in the U.S. Academic Discourses Carola Katharina Bauer, 2013-05-17. Despite the fact that there actually exists a large number of pornographic and romantic texts about male homosexuality consumed and produced by American women since the 1970s, the abnormality of those female cross voyeurs is constantly underlined in U.S. popular and academic culture. As the astonished public reactions in the face of a largely female heterosexual audience of *Brokeback Mountain* (2005) and *Queer as Folk* (2000, 2005) have shown, a woman's erotic romantic interest in male homosexuality is definitely not as accepted as its male counterpart, men consuming lesbian porn. In the academic publications on female cross voyeurs, the application of double standards with regard to male/female cross voyeurism is even more obvious. As Karen Hellekson and Kristina Busse note in their *Introduction to Fan Fiction and Fan Communities in the Internet* (2006), slash fiction/fan fiction about male homosexual relationships, mainly produced and consumed by women, has stood in the center of fan fiction studies so far, despite being merely a subgenre of it. The reason for this seems to be an urge to explain the underlying motivations for the fascination of women with m/m romance or pornography within the academic discourse, a trend which differs completely from the extremely undertheorized complex of men interested in lesbians. It is this obvious influence of conventional gender stereotypes on the perception of these phenomena that provokes me to examine the way in which the works of female cross voyeurism and their consumers/producers are conceptualized in the U.S. scholarly accounts. In many ways, this thesis explores unknown territories and respectively tries to take a closer look at academic problems that have not been adequately addressed yet. LGBT Themes in Science Fiction, Fantasy and Horror, *The End of Cool Japan* Mark

McLelland, 2016-07-22. Today's convergent media environment offers unprecedented opportunities for sourcing and disseminating previously obscure popular culture material from Japan. However, this presents concerns regarding copyright ratings and exposure to potentially illegal content, which are serious problems for those teaching and researching about Japan. Despite young people's enthusiasm for Japanese popular culture, these concerns spark debate about whether it can be judged harmful for youth audiences and could therefore herald the end of cool Japan. This collection brings together Japan specialists in order to identify key challenges in using Japanese popular culture materials in research and teaching. It

addresses issues such as the availability of unofficially translated and distributed Japanese material the emphasis on adult themes violence sexual scenes and under age characters and the discrepancies in legislation and ratings systems across the world Considering how these issues affect researchers teachers students and fans in the US Canada Australia China Japan and elsewhere in Asia the contributors discuss the different ways in which academic and fan practices are challenged by local regulations Illustrating from personal experience the sometimes fraught nature of teaching about cool Japan they suggest ways in which Japanese Studies as a discipline needs to develop clearer guidelines for teaching and research especially for new scholars entering the field As the first collection to identify some of the real problems faced by teachers and researchers of Japanese popular culture as well as the students over whom they have a duty of care this book will be of great interest to students and scholars of Japanese Studies and Cultural Studies
