The Use of Force in Humanitarian Intervention John Janzekovic, 2017-11-30 Humanitarian intervention is a many layered and complex concept While moral society has an obligation to stop deliberate and persistent serious human rights abuse the direct use of force remains a contentious option alongside other strategies employed by the international community This study analyzes the various ethical positions particularly consequentialism welfare utilitarianism and just war theory to unravel this intricate topic Uniquely the book goes beyond previous philosophical or ethical treatments of the subject to provide a more rounded and practical reflection on the lessons learned from the revival of humanitarian intervention as a tool of conflict resolution

*New Age, Neopagan, and New Religious Movements* Hugh B. Urban, 2015-09-15 New Age Neopagan and New Religious Movements is a comprehensive and user friendly book devoted to the study of alternative spiritual currents in modern America The book covers a wide range of new religions from the mid nineteenth century to the present including the Native American Church Mormonism Spiritualism Scientology the Nation of Islam Rastafari ISKCON Wicca the Church of Satan Peoples Temple Branch Davidians and the Raelians Each chapter focuses on one key issue or debate that raises larger issues in the study of religion and American culture more broadly such as the legality of peyote in the Native American Church the role of women and feminism in Wicca the role of hip hop and reggae music in the spread of the Nation of Islam and Rastafari and the debate over human cloning in the Raelian movement The book also addresses key theoretical and methodological problems in the study of new religions Why has there been such a tremendous proliferation of new spiritual forms in the past 150 years even amid our increasingly rational scientific technological and secular society Why has the United States become the heartland for the explosion of new religious movements How do we deal with complex legal debates such as the use of peyote by the Native American Church the use of marijuana by Rastafarians or the practice of plural marriage by some Mormon communities And how do we navigate issues of religious freedom and privacy in a new age of religious violence terrorism and government surveillance Provided by publisher

Whitehead and Philosophy of Education Malcolm D. Evans, 2021-10-25 That process philosophy can be the foundation of the theory and practice of educating human beings is the main argument of this book The process philosophy of Alfred North Whitehead 1861 1947 is the particular thinking on which this book is based Readers are shown that Whitehead s process philosophy provides a frame a conceptual matrix that addresses their concerns about education and offers direction for their educative acts Whitehead theorized that all living entities are connected in some way Relatedness connectedness and holism are recurring themes in this exploration of Whitehead s implied philosophy of education Whitehead never wrote a philosophy of education but his writings over a period of nearly thirty years reveal a persistent interest and concern with education His work ranging from *Introduction to Mathematics* 1911 to *Adventures of Ideas* 1938 is drawn on here to construct not Whitehead s philosophy of education but a Whiteheadian philosophy of education Whitehead and Philosophy of Education brings to scholars and students of education an understanding of Whitehead as an important figure in philosophy particularly philosophy of education an acquaintance with process philosophy a brief treatment of Whitehead s life and an account of events and experiences that influenced his philosophizing and an exploration of the educationally salient concepts found in

Whitehead's formal and informal philosophy with special attention to Whitehead's ideas about creativity process rhythm wisdom and knowledge Whitehead writes of phases of the rhythm of education romance precision and generalization The book is organized with attention to these three phases Part One Romance introduces readers to Whitehead the person and the change of context for educating from a mechanistic world view to an organismic one Part Two Precision examines Whitehead's writings as they relate to process philosophy and to educating Part Three Generalization is an application of the explorations of Parts One and Two yielding a construction of a Whiteheadian philosophy of education and suggestions for educational practice

**A Future without Borders? Theories and practices of cosmopolitan peacebuilding** Eddy Souffrant, 2016-08-01 A Future without Borders FWB offers an explanation of why the recent but by now distant movements of the Occupy Wall Street activists have repeated themselves across the globe The book demonstrates some of the processes inherent to an adapting cosmopolitanism a call for civility a call for Justice a call for a collective responsibility or accountability that is not individualistic in nature Until recently the state's national problems understood as politico economic failures were conceived as isolated problems failures of state institutions that are particular to certain countries FWB contests the Westphalian logic that explains these circumstances as national failures and argues instead that the conditions be assessed as extensions of the global economic and ideological failures that they surely are Contributors are Anton Allahaar Arnold Farr Andrew Fiala Pierre Andr Gagnon Bill Gay Kurtis Hagen Linden F Lewis Tracey Nicholls Richard T Peterson Jorge Rodriguez Eddy M Souffrant and Hilbourne A Watson

*War and Christian Conscience* Fahey, Joseph J., 2014-04-10 This primer on war and the Christian conscience begins in an imaginary college classroom as students react to news that the draft has been reinstated Why can't I finish college asks one student Why do I have to go These urgent and personal questions offer the entry to a clear and comprehensive outline of the basic Christian responses to the problem of war As Fahey shows the Christian tradition has supplied a variety of answers including pacifism just war teaching the ethic of total war and the vision of a world community In the face of these different approaches how are we to decide which one is right And more basically how does one go about forming one's personal conscience For all who ponder these moral challenges whether as young people facing the question of military service or as counselors chaplains or teachers this book offers an essential and practical guide

Dictionary of Modern American Philosophers John R. Shook, 2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge

range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought **Applied Ethics and Human Rights** Shashi Motilal, 2011 This collection of papers offers a philosophical perspective including the all important and significant perspective from the point of view of dharma to a host of intricate ethical problems in personal professional and social life by providing an understanding of the concepts of human rights and responsibilities which are central to those problems *Access EPA* Estats Units d'Amèrica. moral behavior Kirkus Reviews A comprehensive introduction to religious skepticism Publishers Weekly In What It Means to Be Moral Why Religion Is Not Necessary for Living an Ethical Life Phil Zuckerman argues that morality does not come from God Rather it comes from us our brains our evolutionary past our ongoing cultural development our social experiences and our ability to reason reflect and be sensitive to the suffering of others By deconstructing religious arguments for God based morality and guiding readers through the premises and promises of secular morality Zuckerman argues that the major challenges facing the world today from global warming and growing inequality to religious support for unethical political policies to gun violence and terrorism are best approached from a nonreligious ethical framework In short we need to look to our fellow humans and within ourselves for moral progress and ethical action In this brilliant provocative and timely book Phil Zuckerman breaks down the myth that our morality comes from religion compellingly making the case that when it comes to the biggest challenges we face today a secular approach is the only truly moral one Ali A Rizvi author of The Atheist Muslim
