practiced relentlessly and caromed across the northern California folk and bluegrass scene He had gathered up some fellow musicians and formed a band Now they had their name Following the history of the Grateful Dead means tracking American cultural history through a period of radical reconsideration The Dead played at the Acid Tests and the Human Be In and Woodstock at the occupation of Columbia and the Bail Ball for People s Park They performed at the base of the Pyramids during a lunar eclipse at Madison Square Garden to defend the rainforests in San Francisco to sound the alarm over AIDS and at Huey Newton s birthday party For three decades the band explored the meaning and limits of freedom The radical message of the Dead to reject the mainstream and build a bohemian community radiated across the world manifesting itself in art music business and politics Here Beside the Rising Tide tells the story of those disparate shafts of light putting Garcia into a broader context while tracing his eventful life Nearly a century after his birth Garcia s influence stretches onward expressed in guitar licks and a gentle way of life one of excellence and gratitude chasing freedom living moment to moment guided by song the gift of the Grateful Dead
