Between Pacifism And Jihad Just War And Christian Tradition:

Between Pacifism and Jihad J. Daryl Charles, 2009-09-20 Pacifism Jihad Militarism Are these our only alternatives for dealing with global injustice today J Daryl Charles leads us to reconsider a Christian view of the use of force to maintain or reestablish justice He shows how love for a neighbor can warrant the just use of force Reviewing and updating the widely recognized but not necessarily well understood just war teaching of the church through the ages Charles shows how it captures many of the concerns of the pacifist position while deliberately avoiding on the other side the excesses of jihad and militarism Aware of our contemporary global situation Charles addresses the unique challenges of dealing with international terrorism *Justice and the Just War Tradition* Christopher J. Eberle, 2016-02-05 Justice and the Just War Tradition

articulates a distinctive understanding of the reasons that can justify war of the reasons that cannot justify war and of the role that those reasons should play in the motivational and attitudinal lives of the citizens soldiers and statesmen who participate in war Eberle does so by relying on a robust conception of human worth rights and justice He locates this theoretical account squarely in the Just War Tradition But his account is not merely theoretical Justice and the Just War Tradition has a variety of practical aims one of the most important of which is to serve as an aid to moral formation The hope is that citizens soldiers and statesmen whose emotions and aspirations have been shaped by the Just War Tradition will be able to negotiate violent communal conflict in ways that respect the demands of justice So Justice and the Just War Tradition articulates a theoretically satisfying and practically engaging account of the reasons that count in favor of war Moreover Eberle develops that account by engaging contemporary theorists both philosophical and theological by according due deference to venerable contributors to the Just War Tradition and by integrating insights from military memoir the history of war and the author's experience of teaching ethics at the United States Naval Academy **War, Peace, and**

Christianity J. Daryl Charles, Timothy J. Demy, 2010 This informed Christian response to more than one hundred common questions regarding the ethics of war demonstrates the viability of just war reasoning in responding to contemporary geopolitical challenges *The Prism of Just War* Howard M. Hensel, 2016-03-03 Through a careful examination of religious and philosophical literature the contributors to the volume analyze compare and assess diverse Western Islamic Hindu and East Asian perspectives concerning the appropriate criteria that should govern the decision to resort to the use of armed force and once that decision is made what constraints should govern the actual conduct of military operations In doing so the volume promotes a better understanding of the various ways in which diverse peoples and societies within the global community approach the question of what constitutes the legitimate use of military force as an instrument of policy in the resolution of conflicts **The Sacredness of Human Life** David P. Gushee, 2013-01-14 A comprehensive examination of the sacredness of human life encompassing biblical roots theological elaborations historical cases and contemporary ethical perspectives Gushee argues that viewing human life as sacred is one of the most precious legacies of biblical faith albeit one

foundational principle within the jus in bello ethics of fighting war alongside principles of proportionality and distinction and it is taught in every Western military academy Even the International Committee of the Red Cross lauds the concept as a cardinal principle of warfare However unlike legal scholarship one can pick up a book by almost any just war thinker in philosophy theology or the social sciences and the concept is missing altogether in their literature This volume returns military necessity to just war thinking and lays out the argument for doing so Each contributor taps into one of the many dimensions of military necessity such as its relationship to jus ad bellum ethics of going to war categories e g right intention its relationship to jus in bello categories or its application in foreign policy and military doctrine Case studies in the book point out the practical moral dimensions of military necessity in cases from the targeted killing of terrorists to battlefield decisions that led to the use of the atomic bomb at Hiroshima This book will be of interest to students of just war theory military ethics statecraft and international relations

The Encyclopedia of Christianity, Vol. 5 Erwin Fahlbusch, Geoffrey William Bromiley, 1999 Written by leading scholars from around the world the articles in this volume range from sin Sufism and terrorism to theology in the 19th and 20th centuries Vatican I and II and the virgin birth

Faithful to the End Terry L. Wilder, J. Daryl Charles, Kendell H. Easley, 2007 Faithful to the End provides fresh classroom ready introduction to Hebrews through Revelation emphasizing each of these New Testament books theme of perseverance in the faith

The Ashgate Research Companion to Military Ethics James Turner Johnson, Eric D. Patterson, 2016-03-23 This Companion provides scholars and graduates serving and retired military professionals members of the diplomatic and policy communities concerned with security affairs and legal professionals who deal with military law and with international law on armed conflicts with a comprehensive and authoritative state of the art review of current research in the area of military ethics Topics in this volume reflect both perennial and pressing contemporary issues in the ethics of the use of military force and are written by established professionals and respected commentators Subjects are organized by three major perspectives on the use of military force the decision whether to use military force in a given context the matter of right conduct in the use of such force and ethical responsibilities beyond the end of an armed conflict Treatment of issues in each of these sections takes account of both present day moral challenges and new approaches to these and the historical tradition of just war Military ethics as it has developed has been a particularly Western concern and this volume reflects that reality However in a globalized world awareness of similarities and differences between Western approaches and those of other major cultures is essential For this reason the volume concludes with chapters on ethics and war in the Islamic Chinese and Indian traditions with the aim of integrating reflection on these approaches into the broad consideration of military ethics provided by this volume

The Witness of Jesus, Paul and John Larry R. Helyer, 2023-07-17 This book introduces the reader to the discipline of biblical theology In part one Helyer discusses the central problem of the unity of the Bible and the various options that have been proposed He then argues for a vital connection between the testaments forming one grand story of redemptive

history and one central theme the coming kingdom of God Part two takes up the theology of three major witnesses Jesus Paul and John In these three witnesses Helyer finds the center of New Testament thought He emphasizes the importance of Jesus teaching as foundational for all the other the New Testament witnesses Without overlooking the diversity and individuality of the major witnesses he clearly demonstrates the theological unity that binds them together and provides the key to the enduring message of Scripture

Islam and War John Kelsay,1993-01-01 This book explores questions regarding the justice of war and addresses the lack of comparative perspectives on the ethics of war particularly with respect to Islam Focusing on the role of Islamic symbols in the rhetoric of Saddam Hussein Kelsay provides an overview of the Islamic tradition regarding war and peace and investigates the notion of religion as a just cause for war

Caesar and the Lamb, Second Edition George Kalantzis,2025-05-30 Through the available patristic writings Caesar and the Lamb focuses on the attitudes of the earliest Christians on war and military service Kalantzis provides the reader with many new translations of pre Constantinian texts and tells the story of the struggle of the earliest church to bear witness to the nations that enveloped them as they transformed the dominant narratives of citizenship loyalty freedom power and control Kalantzis examines writings on war and military service in the first three centuries of the Christian church in an organized manner but the ways the communities of Christ at the margins of power and society thought of themselves and the state are not presented here through the lens of antiquarian curiosity At the heart of Caesar and the Lamb is a desire to understand the world in which Christianity arose and to ask questions of the past that may help us understand the early character of the Christian faith with the hope that such an enterprise will also help us evaluate its expression in our own time

Be a Perfect Man Andrew J. Romig,2017-08-28 The life of an aristocratic Carolingian man involved an array of behaviors and duties associated with his gender and rank an education in arms and letters training in horsemanship soldiery and hunting betrothal marriage and the virile production of heirs and the masterful command of a prominent household In Be a Perfect Man Andrew J Romig argues that Carolingian masculinity was constituted just as centrally by the performance of caritas defined by the early medieval scholar Alcuin of York as a complete and all inclusive love for God and for fellow human beings flowing from the whole heart mind and soul The authority of the Carolingian man depended not only on his skills in warfare and landholding but also on his performances of empathy devotion and asceticism Romig maps caritas as a concept rooted in a vast body of inherited Judeo Christian and pagan philosophies shifting in meaning and association from the patristic era to the central Middle Ages Carolingian discussions and representations of caritas served as a discourse of power a means by which early medieval writers made claims both explicit and implicit about the hierarchies of power that they believed ought to exist within their world During the late eighth ninth and early tenth centuries they creatively invoked caritas to link aristocratic men with divine authority Romig gathers conduct handbooks theological tracts poetry classical philosophy church legislation and exegetical texts to outline an associative process of gender ideology in the Carolingian Middle Ages one that framed

masculinity asceticism and authority as intimately interdependent The association of power and empathy remains with us to this day Romig argues as a justification for existing hierarchies of authority privilege and prestige **Dissent from War** Robert L. Ivie,2007 The rhetorical presumption of war s necessity makes violence regrettable but seemingly sane and functions to shame anyone who opposes military action Ivie proposes that the presence of dissent is actually a healthy sign of democratic citizenship and a responsible and productive act which has been dangerously miscast as a threat to national security Ivie a former US Navy petty officer puts a microscope to the language of war supporters throughout history and follows the lives and memories of soldiers and anti war activists who have dealt with degrees of confusion and guilt about their opposition to war Arguing that informed dissent plays out largely in the realm of rhetoric he equips readers with strategies for resisting the dehumanizing language used in war propaganda Through his careful study of language strategies he makes it possible to foster a community where dissenting voices are valued and vital Modern Just War Theory Michael P. Farrell,2013-06-20 Contributions to Illuminations A Scarecrow Press Series of Guides to Research in Religion provide students and scholars lay readers and clergy with a road map to research in key areas of religious study All commonly constructed with introductions to the topic and reviews of key thinkers concepts and events each volume includes surveys of the primary and secondary sources with critical evaluations of their places in the canon of thought and research on the topic Focusing primarily on the knowledge required by today s students and scholars each guide is a must have for any student of religion The twentieth century saw an explosion of wars and an accompanying explosion of literature on the morality of war Thinking among Christian clerics and scholars on the idea of just war shifted with developments on the battlefield Alternatives to just war theory such as pacifism and realism found new proponents in the published work of the neo Anabaptists and Niebhurians Meanwhile proponents of Christian just war theory had to address challenges from competing ideologies as well as ththose presented by the changing nature of warfare Modern Just War Theory A Guide to Research by scholar and librarian Michael Farrell serves as a manual for students and scholars studying Christian just war theory helping them navigate the wealth of just war literature produced in the twentieth and twenty first centuries Farrell s guide provides an introduction to the major developments of just war theory in the twentieth century including sections on how to research just war theory an overview of some of the most important theorists and developments of the twentieth century and discussions of key search terms and related topics Farrell then surveys and evaluates key primary and secondary sources for researchers on just war theory as well as related sources on Christian realism and the responses of just war theorists to proponents of pacifism and secular just war theories Modern Just War Theory will appeal to students and scholars of theology military history international law and Christian ethics Christian Responses to Terrorism Gordon L. Heath,David Kirwa Tarus,2017-11-01 How should Christians respond to terrorism and terrorists in their midst Terrorism is a global problem and no society on earth faces it alone The mainly Christian society of Kenya has suffered more than most as it attempts to counter

the threat of al Shabaab Some pastors have asked for permission to carry guns Many Christians support government military action while others recommend pacifist stances and strive for dialogue and reconciliation with the Muslim community In this book ten Kenyan Christian thinkers and practitioners share their experiences and insights A response section from seven others including a Kenyan Muslim scholar enrich the discussion

America and the Just War Tradition Mark David Hall, J. Daryl Charles, 2019-03-30 America and the Just War Tradition examines and evaluates each of America's major wars from a just war perspective Using moral analysis that is anchored in the just war tradition the contributors provide careful historical analysis evaluating individual conflicts Each chapter explores the causes of a particular war the degree to which the justice of the conflict was a subject of debate at the time and the extent to which the war measured up to traditional *ad bellum* and *in bello* criteria Where appropriate contributors offer post bellum considerations insofar as justice is concerned with helping to offer a better peace and end result than what had existed prior to the conflict This fascinating exploration offers policy guidance for the use of force in the world today and will be of keen interest to historians political scientists philosophers and theologians as well as policy makers and the general reading public Contributors J Daryl Charles Darrell Cole Timothy J Demy Jonathan H Ebel Laura Jane Gifford Mark David Hall Jonathan Den Hartog Daniel Walker Howe Kerry E Irish James Turner Johnson Gregory R Jones Mackubin Thomas Owens John D Roche and Rouven Steeves

In Defense of Civility James Calvin Davis, 2010-01-01 James Davis provides helpful insight into controversial issues facing twenty first century Americans Even those who disagree with his conclusions will find this a splendid contribution to a more civil public conversation Rev J Philip Wogaman Professor Emeritus of Christian Ethics Wesley Theological Seminary Washington DC and author of Moral Dilemmas An Introduction to Christian Ethics A gentle and penetrating reminder of the role that religion can play in helping us think through deep problems Bill McKibben author of *Eaarth Making a Life on a Tough New Planet* This broad minded and intelligent book is a must read for all who are interested in finding common ground amidst our nation's divisive political cultural and religious conflicts Dr David P Gushee Distinguished University Professor of Christian Ethics Mercer University Atlanta Georgia Davis combines just the right amount of accessibility historical knowledge and depth to make this book an excellent and significant contribution to the cavernous collection of literature on religion and public debate Elizabeth Hinson Hasty Associate Professor of Theology Bellarmine University Louisville Kentucky and coeditor with Rebecca Todd Peters of *To Do Justice A Guide for Progressive Christians* From abortion homosexuality euthanasia and stem cell research to war poverty and the environment this timely book considers religion's impact on moral debates in America's past and present James Calvin Davis argues for religion's potential to enrich both the content and the civility of public conversation This book will interest all concerned citizens yearning for more careful thinking about the role of religion in public debate
