## **Beyond Belief Two Thousand Years Of Bad Faith In The Christian Church:**

*Beyond Belief* James McDonald, 2011 Starting from a neutral position this book looks at claims made by Christian leaders over the centuries and analyses them in the light of modern scholarship Erudite yet mischievous the book's scope is wide from early history to the present day from America to China and spanning many different disciplines Many of the conclusions reached will shock devout believers though all of them can be verified with reference to sympathetic works by biblical scholars and theologians A recurring theme is that of open secrets facts well known to historians and other academics in the Church but kept from the faithful masses These open secrets are not actively denied just avoided so as not to cause offence to those who are familiar only with the Sunday School version of events Many Christians see their system of belief as dating from the earliest times but this idea becomes difficult to sustain in the light of when and how key doctrines were established Many ordinary Christians would be shocked to discover for example the prominent role played by violence and forgery in developing and promoting Christian doctrine Whatever one's own religious beliefs the Christian Churches provide huge amounts of material for the enquiring mind Repercussions from crusades that happened over 900 years ago are still in evidence today The division of the Roman Empire in early Christian times also reverberates to the present day To a large extent the history of the Western World over the last 2 000 years is the history of the Christian Church Without a proper understanding of the role of the Church it is not possible to truly understand the history of Europe the Middle East or indeed the Americas

**24 Reasons to Abandon Christianity** Charles Bufe, 2022-05-01 Taking up where Christopher Hitchens *God Is Not Great* left off *24 Reasons to Abandon Christianity* reveals Christianity's cruelty dishonesty fear mongering hypocrisy misogyny homophobia dogmatism and authoritarianism and all of the misery destruction and death caused by these things *24 Reasons to Abandon Christianity* also reveals the roots of these characteristics and why Christianity leads to all of these evils While the book treats serious topics its tone much like Hitchens book is analytical but also breezy and biting

No Sacred Place Ivan Hugh Walters, 2011-09-12 *No Sacred Place* offers a critical study of social injustice done at the behest of law and religion in the context of cultural politics in Christianized societies Author Ivan Walters theorizes the causes of social injustice and oppression of marginalized peoples as found in the law and Christian theology in both modern and post modern cultural politics He advances a theory of redemption through a transgressive discourse that challenges most of the traditional assumptions of Eurocentric Christianity and jurisprudence Walters sees law and religion as two powerful politico cultural institutions that must be kept in check in order to protect the rights of those who are marginalized by the society History reveals a litany of horrors that have been perpetrated on marginalized peoples by both religious bigotry and the law Through theological and jurisprudential theoretical inquiries Walters advocates a thesis of at one ment through the historical Christus instead of the Christianity's bastardized version of the Christus His thesis then is grounded in a theory of challenge and resistance to oppression and the advocacy of the possibilities for redemption from oppression *No Sacred Place*
