## **Beyond Bogota Diary Of A Drug War Journalist In Colombia:**

*Beyond Bogotá* Garry M. Leech, 2009 A firsthand account of Colombia's turmoil by a journalist who was held captive by rebel guerrillas Independent journalist Garry Leech has spent the last eight years working in the most remote and dangerous regions of Colombia uncovering the unofficial stories of people living in conflict zones Unlike other Western journalists most of whom rarely leave Bogotá Leech learns the truth about conflicts and the U S war on drugs directly from the source farmers male and female guerrillas union organizers indigenous communities and many others *Beyond Bogotá* is built around the eleven hours that Leech was held captive by the FARC Colombia's largest leftist guerrilla group in August of 2006 Drawing on unprecedented access to soldiers guerrillas paramilitaries and peasants in conflict zones and cocaine producing areas Leech's documentary memoir is an epic tale of a journalist's search for meaning in the midst of violence and poverty This compelling account provides fresh insights into U S foreign policy the role of the media and the plight of everyday Colombians caught in the middle of a brutal war In this remarkable saga Garry Leech conveys brilliantly and with vivid insight the magical qualities of this rich and tortured land and the struggles and torment of its people Noam Chomsky An extraordinary portrait of grace under pressure not only of the author himself but of ordinary Colombians fighting for social justice Forrest Hylton author of *Evil Hour in Colombia*

**Colombia's Forgotten Frontier** Lesley Wylie, 2013 The first literary geography of the Putumayo exploring its history and enduring significance through literature of and on this Colombian region by Latin American US and European writers

*Warmonger* Jeremy Kuzmarov, 2023-12-01 During the 2016 presidential election many younger voters repudiated Hillary Clinton because of her husband's support for mass incarceration banking deregulation and free trade agreements that led many U S jobs to be shipped overseas *Warmonger* How Clinton's Malign Foreign Policy Launched the Trajectory from Bush II to Biden shows that Clinton's foreign policy was just as bad as his domestic policy Cultivating an image as a former anti Vietnam War activist to win over the aging hippie set in his early years as president Clinton bombed six countries and by the end of his first term had committed U S troops to 25 separate military operations compared to 17 in Ronald Reagan's two terms Clinton further expanded America's covert empire of overseas surveillance outposts and spying and increased the budget for intelligence spending and the National Endowment for Democracy NED a CIA offshoot which promoted regime change in foreign nations The latter was not surprising because according to CIA operative Cord Meyer Jr Clinton had been recruited into the CIA while a Rhodes Scholar at Oxford and as Governor of Arkansas in the 1980s he had allowed clandestine arms and drug flights to Nicaraguan counter revolutionaries Contras backed by the CIA to be taken from Mena Airport in the western part of the state Rather than being a time of tranquility when the U S failed to pay attention to the gathering storm of terrorism as New York Times columnist David Brooks frames it the Clinton presidency saw rising tensions among the U S China and Russia because of Clinton's malign foreign policies and U S complicity in terrorist acts In so many ways Clinton's presidency set the groundwork for the

disasters that were to follow under Bush II Obama Trump and Biden It was Clinton building off of Reagan who first waged a War on Terror ridden with double standards one that adopted terror tactics including extraordinary rendition bombing and the use of drones It was Clinton who cried wolf about human rights abuses and the need to protect beleaguered peoples from genocide to justify military intervention in a post Cold War age And it was Clinton s administration that pressed for regime change in Iraq and raised public alarm about the mythic WMDs all while relying on fancy new military technologies and private military contractors to distance US shady military interventions from the public to limit dissent

**Colombia** Sarah Woods, Richard McColl, 2015-09-01 This guide to Colombia reflects the resurgence of the country among travellers following years of lawlessness With a strong focus on the country s cultural attractions it will appeal to visitors seeking to discover Colombia s renowned flora and fauna as well as its historic colonial cities and its range of eco tourism initiatives

Ghosts Within Garry Leech, 2019-04-29T00:00:00Z What are the long term psychological costs of violence and war Journalist Garry Leech draws from his experiences as a war correspondent his ongoing personal struggle with PTSD and the latest research on this mental illness to provide a powerful and vivid answer to this question For thirteen years Leech worked in Colombia s rural conflict zones where he experienced combat witnessed massacre sites and was held captive by armed groups This raw account of his journey from war on the battlefield to an internal psychological war at home illustrates how those who work with traumatized populations can themselves be impacted by trauma Leech removes some of the stigmas fears and ignorance related to PTSD in particular and mental illness in general by shedding light on a largely invisible illness that mostly manifests itself behind the closed doors of our homes Ultimately the book uses a journalist s journey through PTSD to provide a message of hope for all those who suffer from this illness

**Card-Carrying Christians** Rebecca C. Bartel, 2021-05-24 In the waning years of Latin America s longest and bloodiest civil war the rise of an unlikely duo is transforming Colombia Christianity and access to credit In her exciting new book Rebecca C Bartel details how surging evangelical conversions and widespread access to credit cards microfinance programs and mortgages are changing how millions of Colombians envision a more prosperous future Yet programs of financialization propel new modes of violence As prosperity becomes conflated with peace and debt with devotion survival only becomes possible through credit and its accompanying forms of indebtedness A new future is on the horizon but it will come at a price

The FARC Garry Leech, 2011-05-12 Garry Leech has written the definitive introduction to the FARC examining the group s origins aims and ideology and looking at its organizational and operational structures The book also investigates the FARC s impact on local regional and global politics and explores its future direction Rebels is an exciting and innovative new series looking at contemporary rebel groups and their place in global politics Written by leading experts the books serve as definitive introductions to the individual organizations whilst seeking to place them within a broader geographical and political framework They examine the origins ideology and future direction of each group whilst posing such questions as When does a rebel political movement become a terrorist

organization and What are the social economic drivers behind political violence Provocative and original the series is essential reading for anyone interested in how rebel groups operate today *The United States and Latin America* Jeffrey Taffet,Dustin Walcher,2017-04-21 The United States and Latin America presents a complex and dynamic view of the relationship between the United States and Latin America Through a combination of targeted thematic chapters and a range of freshly translated documents Jeffrey F Taffet and Dustin Walcher illuminate the historical continuities and conflicts that have defined the vital relationship Giving equal weight to Latin American and United States voices this text provides an essential collection of primary sources for students and scholars and is an indispensable touchstone for anyone interested in the histories of the United States and Latin America **Capitalism** Garry Leech,2012-04-26 In the wake of the global financial crisis and ongoing savage government cuts across the world Garry Leech addresses a pressing and necessary topic the nature of contemporary capitalism and how it inherently generates inequality and structural violence Drawing on a number of fascinating case studies from across the world including the forced displacement of farmers in Mexico farmer suicides in India and deaths from preventable and treatable diseases in Sub Saharan Africa as well as the unsustainable exploitation of the planet s natural resources Leech provocatively argues that global capitalism constitutes a form of genocide against the poor particularly in the global South Essential and eye opening the book questions the legitimacy of a system that inevitably results in such large scale human suffering while going beyond mere critique to offer a more egalitarian democratic and sustainable global alternative [Avoiding The Terrorist Trap: Why Respect For Human Rights Is The Key To Defeating Terrorism](#) Thomas David Parker,2019-06-17 This book makes uncomfortable reading both in its detailed analysis of terrorism and its causes and in the critique of state responses particularly in modern times It is unusual to have such a defence of a human rights framework from a counter terrorism practitioner rather than from within the legal fraternity It is this that makes the case even more persuasive All who are involved in counter terrorism strategy should consider carefully the arguments put forward Global Policy JournalFor more than 150 years nationalist populist Marxist and religious terrorists have all been remarkably consistent and explicit about their aims provoke states into over reacting to the threat they pose then take advantage of the divisions in society that result Yet state after state falls into the trap that terrorists have set for them Faced with a major terrorist threat governments seem to reach instinctively for the most coercive tools at their disposal and in doing so risk exacerbating the situation This policy response seems to be driven in equal parts by a lack of understanding in the true nature of the threat an exaggerated faith in the use of force and a lack of faith that democratic values are sufficiently flexible to allow for an effective counter terrorism response Drawing on a wealth of data from both historical and contemporary sources Avoiding the Terrorist Trap addresses common misconceptions underpinning flawed counter terrorist policies identifies the core strategies that guide terrorist operations consolidates the latest research on the underlying drivers of terrorist violence and then demonstrates why a counter terrorism strategy grounded in respect

for human rights and the rule of law is the most effective approach to defeating terrorism **Colombia** Michael J. LaRosa, Germán R. Mejía, 2023-09-08 Michael J LaRosa and Germ n R Mej a offer a comprehensive approach to Colombian history in the post independence era from about 1810 to the present This third edition includes vital updates that dive into the historic 2022 presidential election and signing of the Peace Accords with FARC in 2016 This deeply informed and accessible book thematically traces the history of Colombia moving beyond the common perception of a failed state to explore the rich heritage and dynamism that have characterized Colombia past and present The book focuses on the factors that have contributed to Colombia s unification and development and looks at political projects economic activity and cultural development that have pushed Colombia forward Also included are a photo essay detailed chronology for further study and research and a chapter dealing with Colombians abroad **Commodifying Violence in Literature and on Screen** Alejandro Herrero-Olaizola, 2021-10-18 This book traverses the cultural landscape of Colombia through in depth analyses of displacement local and global cultures human rights abuses and literary and media production Through an exploration of the cultural processes that perpetuate the darker side of Latin America for global consumption it investigates the condition that has led writers filmmakers and artists to embrace purposefully or not the incessant violence in Colombian society as the object of their own creative endeavors In this examination of mass marketed cultural products such as narco stories captivity memoirs gritty travel narratives and films Herrero Olaizola seeks to offer a hemispheric approach to the role played by Colombia in cultural production across the continent where the illicit drug trade has made significant inroads To this end he identifies the Colombian condition within the parameters of the global economy while concentrating on the commodification of Latin America s violence for cultural consumption The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license **Moon Cartagena & Colombia's Caribbean Coast** Andrew Dier, 2016-11-15 Moon Travel Guides Make Your Escape Colonial architecture and ancient ruins romantic plazas and golden beaches Colombia s Caribbean coastline offers relaxation and adventure in equal measure Dive right in with Moon Cartagena Colombia s Caribbean Coast Easy to use itineraries with week long trip suggestions tailored for adventurers nature lovers beach bums history buffs and more Honest advice from local expat Andrew Dier on his adopted home country Activities and unique ideas for every traveler Take a tour of Cartagena s historic central district and admire the vivid bougainvillea cascading from the balconies of colonial mansions Dance to the sounds of salsa and champeta or walk along the Old City s fortifications at sunset Hike lush forested mountains and watch for flashes of colorful feathers Climb over a thousand stone steps through the cloud forest to an ancient lost city Visit organic coffee and cocoa farms or relax in a beachside caba a at an ecofriendly hotel Recommendations on outdoor recreation including the best beaches for diving snorkeling and kitesurfing Suggestions for social impact tourism from staying in a community guesthouse to visiting wildlife preserves Strategic tips for making the multiday trek to Ciudad Perdida the ruins
