Beyond Empires Global Self Organizing Cross Imperial Networks 1500 1800 European Expansion And Indigenous Response:

Beyond Empires: Global, Self-Organizing, Cross-Imperial Networks, 1500-1800, 2016-06-10 Beyond Empires explores the complexity of empire building from the point of view of self organized networks rather than from the point of view of the central state This focus takes readers into a world of cooperative strategies worldwide that emphasises the role played by individuals rather than institutions in the overseas expansion and consequent development of European empires While unveiling the practices and mechanisms of cooperation between individuals this volume show cases the role played by individuals for the creation development and maintenance of self organized networks in the Early Modern period Applying new conceptual and theoretical inputs this book values the contributions of different worlds bringing to the fore the interactions of Europeans and non Europeans Christians and non Christians people living within on or just outside the border of empire

Religion and the Medieval and Early Modern Global Marketplace Scott Oldenburg, Kristin M. S. Bezio, 2021-10-28 Religion and the Medieval and Early Modern Global Marketplace brings together scholars from a variety of disciplines to examine the intersection conflict and confluence of religion and the market before 1700 Each chapter analyzes the unique interplay of faith and economy in a different locale Syria Ethiopia France Iceland India Peru and beyond In ten case studies specialists of archaeology art history social and economic history religious studies and critical theory address issues of secularization tolerance colonialism and race with a fresh focus They chart the tensions between religious and economic thought in specific locales or texts the complex ways that religion and economy interacted with one another and the way in which matters of faith economy and race converge in religious images of the pre and early modern periods Considering the intersection of faith and economy the volume questions the legacy of early modern economic and spiritual exceptionalism and the ways in which prosperity still entangles itself with righteousness The interdisciplinary nature means that this volume is the perfect resource for advanced undergraduates postgraduates and scholars working across multiple areas including history literature politics art history global studies philosophy and gender studies in the medieval and early modern periods

The Namban Trade Mihoko Oka, 2021-07-05 Winner of the prize Funda o Oriente Embaixador Jo o de Deus Ramos of the Academia de Marinha 2021 This book attempts to depict certain aspects of the Portuguese trade in East Asia in the 16th and 17th centuries by analyzing the activities of the merchants and Christian missionaries involved It also discusses the response of the Japanese regime in handling the systemic changes that took place in the Asian seas Consequently it explains how Jesuit missionaries forged close ties with local merchants from the start of their activities in East Asian waters and there is no doubt that the propagation of Christianity in Japan was a result of their cooperation The author of this book attempted to combine the essence of previous studies by Japanese and western scholars and added several new findings from analyses of original Japanese and European language documents

The Oxford Handbook of

the Seven Years' War Trevor Burnard, Emma Hart, Marie Houlemmare, 2024 This handbook contains 38 essays that provide up to date scholarship on all aspects of the globally important Seven Years War 1756 1763 The volume carefully examines the three major areas of conflict in the war Europe South Asia and the Americas treating each theater as distinct from each other but often linked in ways that helped create a new geopolitics from the 1760s onward Chapters trace the causes of the war in the interior of America outline the triumphs of Britain and Prussia in fierce fighting across Europe and explain how the British under the East India Company came to play an important role in South Asian politics and commerce The handbook pays due attention to military conflict but does much more than this It investigates social cultural and intellectual developments in a crucial period of reorientation during the mid eighteenth century The handbook is notably diverse in its authorship with leading scholars on the Seven Years War from Europe and South Asia as well as Britain and North America providing perspectives from many areas outside an Anglo American frame It treats the Seven Years War as a world transformative event important not only in its own right in shaping commerce politics science art demography religion and gender during the conflict but also central to the evolving history of South Asia Europe and the Americas in the second half of the eighteenth century

Missionaries in Persia Christian Windler, 2024-01-25 This open access title explores how in the seventeenth and eighteenth centuries Isfahan the capital of the Safavid Empire hosted Catholic missionaries of more diverse affiliations than most other cities in Asia Attracted by the hope of converting the Shah the missionaries acted as diplomatic agents for Catholic rulers hosts to Protestant merchants and healers of Armenians and Muslims Through such niche activities they gained social acceptance locally This book examines the activities of Discalced Carmelites and other missionaries revealing the flexibility they demonstrated in dealing with cultural diversity a common feature of missionary activity throughout emerging global Catholicism While missions all over the world were central to the self fashioning of the Counter Reformation Church clerics who set out to win over souls for the true religion turned into local actors who built reputations by defining their social roles in accordance with the expectations of their host society Such practices fed controversies that were fought out in newly emerging public spaces Responding to the threat this posed to its authority the Roman Curia initiated a process of doctrinal disambiguation and centralization which culminated in the nineteenth century Using the missions to Safavid Iran as a case study for a global history on a small scale the book creates a new paradigm for the study of global Catholicism The ebook editions of this book are available open access under a CC BY NC ND 4.0 licence on bloomsburycollections.com Open access was funded by The Department of Early Modern History of the Institute of History Universitaet Bern

European Expansion and Representations of Indigenous and African Peoples Ignacio Gallup-Díaz, 2020-03-31 This book presents a bold multifaceted interpretation of early English imperial actions by examining the ways in which English empire builders and travelers interacted with Indigenous and African peoples during the long process of colonization in the Americas Ignacio Gallup Díaz argues that early English imperial actors were primarily motivated by practical concerns rather than abstract ideologies from reacting to learning from and avoiding the ongoing Spanish and Portuguese imperial projects to the dynamic collision of English imaginings of empire with the practical realities of governing non European peoples The text includes an appendix of primary sources that allows students and instructors to engage with English imperial thinking directly Readers are encouraged to critically examine English accounts of this period in an attempt to see the Indigenous and African peoples who are embedded in them European Expansion and Representations of Indigenous and African Peoples provides an invaluable new framework for undergraduate students and instructors of early American history Atlantic history and the history of race and imperialism more broadly

Empires and Colonies Jonathan Hart, 2014-02-06 Empires and Colonies provides a thoroughgoing and lively exploration of the expansion of the seaborne empires of western Europe from the fifteenth century and how that process of expansion affected the world including its successor the United States Whilst providing special attention to Europe the book is careful to highlight the ambivalence and contradiction of that expansion

The book also illuminates connections between empires and colonies as a theme in history concentrating on culture while also discussing the rich social economic and political dimensions of the story Furthermore Empires and Colonies recognizes that whilst a study of the expansion of Europe is an important part of world history it is not a history of the world per se The focus on culture is used to assert that areas and peoples that lack great economic power at any given time also deserve attention These alternative voices of slaves indigenous peoples and critics of empire and colonization are an important and compelling element of the book Empires and Colonies will be essential reading not only for students of imperial history but also for anyone interested in the makings of our modern world

Empires and Indigenes Wayne E. Lee, 2011-06-27 The early modern period c 1500 1800 of world history is characterized by the establishment and aggressive expansion of European empires and warfare between imperial powers and indigenous peoples was a central component of the quest for global dominance From the Portuguese in Africa to the Russians and Ottomans in Central Asia empire builders could not avoid military interactions with native populations and many discovered that imperial expansion was impossible without the cooperation and in some cases alliances with the natives they encountered in the new worlds they sought to rule Empires and Indigenes is a sweeping examination of how intercultural interactions between Europeans and indigenous people influenced military choices and strategic action Ranging from the Muscovites on the western steppe to the French and English in North America it analyzes how diplomatic and military systems were designed to accommodate the demands and expectations of local peoples who aided the imperial powers even as they often became subordinated to them Contributors take on the analytical problem from a variety of levels from the detailed case studies of the different ways indigenous peoples could be employed to more comprehensive syntheses and theoretical examinations of diplomatic processes ethnic soldier mobilization and the interaction of culture and military technology Contributors Virginia Aksan David R Jones Marjoleine Kars Wayne E Lee Mark Meuwese Douglas M Peers Geoffrey Plank Jenny Hale Pulsipher and John K Thornton
