Beyond Portraiture Bryan Peterson, 2011-03-16 Great portraits go beyond a mere record of a face. They reveal one of the millions of intimate human moments that make up a life. In *Beyond Portraiture*, renowned photographer Bryan Peterson shows how to spot those ah ha moments and capture them forever. A teary child, old people laughing together, a smiling girl with big hair. Everyone remembers pictures like these, usually taken by a mother, a father, a friend holding a camera forever, preserving small yet revealing vignettes of our personal histories. But we always relied on pure luck and chance to catch those moments. Peterson's approach explains what makes a photo memorable: how to spot the universal themes that everyone can identify with and how to use lighting, setting, and exposure to reveal the wonder and the joy of everyday moments. *Beyond Portraiture* makes it easy to create indelible memories with light and shadow.
